

Paratransit Service

Paratransit Service is transportation offered to those in the community who are unable to ride the fixed route service. This is an origin-to-destination service with all of our vehicles being handicap accessible. Clients schedule ride times in advance and one of our courteous drivers will safely transport you to your destination. This may include medical appointments, shopping, the hair salon, visiting friends and family, etc.

Service Area

The Paratransit Service covers Ashland, Catlettsburg, Russell Shopping Center, and Westwood. The service area covers no more than 3/4 of a mile on either side of any ABS route.

Paratransit ID Card

A paratransit identification card must be shown to the driver every time the service is used. The ID card verifies the individual is eligible for the service. Application for a paratransit ID card is available at the Transportation Center. One can also be mailed or e-mailed to you, simply request from the transportation receptionist.

Paratransit clients may have a personal care attendant ride with them at no additional cost.

Ashland Bus System (ABS)

The City of Ashland's Bus System provides friendly, convenient, and affordable services to all our passengers. All of our vehicles are handicap accessible.

We offer 5 routes throughout Ashland and adjacent areas, including Summit and Catlettsburg. Our buses depart every hour from our historic Transportation Center and make rounds to all the major areas of interest.

We are also pleased to offer our Paratransit service for those in the community unable to ride the fixed routes and require further assistance with local transportation needs.
