New Business

- Chapter 32 Update: Sandwich Board Signs – Seth Gunnerson

Mr. Gunnerson stated the Sign Code within the Zoning Ordinance permits small portable A-frame signs, commonly called sandwich board signs, within the Downtown SSMID district. Staff has been made aware that several businesses in other core area neighborhoods, such as New Bohemia and Czech Village, have been placing these signs in front of their businesses.

Staff believes that these signs are appropriate in other core neighborhoods which are pedestrian in nature. When researching current permitting practices, staff has discovered that many signs located within the Downtown SSMID have not been issued a permit. Businesses are generally not aware of the requirements and place the signs outside their businesses believing it is permitted.

The following ordinance was recommended by the Development Committee on June 30th:
- **Eliminate permit requirement for Sandwich Board signs.** The City would no longer require an application and encroachment permit process for the placement of sandwich board signage.
- **Develop Placement Criteria.** The ordinance would be amended to establish criteria for the placement of sandwich board signs. Criteria would include maintaining a six foot clear space in the public sidewalk and not creating a traffic hazard. The City will work to
- **Expand area where allowed.** Staff recommends expanding the area where sandwich boards are allowed to the identified “core” of the community. Sandwich board signs would be within 10 feet of the entrance to the business.

Staff anticipates a Public Hearing on the proposed ordinance at City Council on August 26.

Commissioner Overland called for questions of Mr. Gunnerson. No questions were presented.

Commissioner Overland called for members of the public who wished to speak. No members of the public were present.

Commissioner Overland called for a motion. Commissioner Halverson made a motion to approve permitting of sandwich boards. Commissioner Wilts seconded the motion.
