1. Refer to the Cedar Rapids Zoning Code (Section 32.04.06) for general requirements on landscaping, buffering and screening.

2. Refer to the Iowa Statewide Urban Design and Specifications (SUDAS) and City Supplement for planting specifications and details.

3. Select the correct tree for the location. For example, specify shade trees rather than ornamental trees where there are no overhead power lines or in a parking lot.

4. Refer to the Tree Planting list for acceptable and prohibited species.

5. No more than 5% of any one genus onsite is preferable. No more than 10% of any species, 20% of any genus and 30% of any family is acceptable.
