Watts affirmed that he understood and agreed that parking provided by the City would be public parking and, as such, would be available on a first come first served basis for the public and would not be reserved for residents in these buildings.

PUBLIC HEARING AND ITEM FOR CONSIDERATION: Public hearing and consideration of proposed expenditure of FY 2017-18 (Year 10) HUD/CDBG funds. Emrick reported that HUD?CDBG funding for FY 2017-18 (Year 10) has not yet been set by the Federal Government, but it is anticipated that the City will receive approximately $290,000. Staff recommended that these funds be used for a community center to be located in a low-to-moderate income area (location to be determined). Public Hearing: There was no comment from the public. Motion: White made a motion, seconded by Anderson, to close the public hearing. Vote: Unanimous. Motion carried. Motion: Alford made a motion, seconded by Anderson, to approve the proposed expenditure of the FY 2017-18 HUD/CDBG Entitlement Grant as presented. Vote: Unanimous. Motion carried.
RESOLUTION: In support of the City’s participation in the Horry County HOME Consortium and execution of Intergovernmental Agreement. Emrick reported that for the past several years, the City has participated in the Waccamaw Home Consortium. The only City funding thus far was in FY 2015-16, in the amount of $187,500, and these funds are currently being used for the Housing Rehabilitation Program. Horry County has recently taken the lead for HOME funding by establishing the Horry County HOME Consortium for surrounding counties and municipalities. Emrick noted that the City’s participation in this consortium would allow the City to have greater input by allowing a designee from the City to sit on the Horry County HOME Consortium Board. He also noted the proposed agreement may differ in its final form according to which jurisdictions choose to participate. **Motion:** Alford made a motion, seconded by White, to adopt the resolution authorizing the City Administrator to sign the participation agreement for the Horry County HOME Consortium. **Vote:** Unanimous. Motion carried.

ITEMS FOR CONSIDERATION:

A. **Bid for CDBG/HUD sidewalk and drainage project construction at Brown and Whittemore Streets.** Emrick reported that this project was included in the Year 7 CDBG/HUD Action Plan with an anticipated budget of $95,000. At the conclusion of the engineering on the project in 2016, the projected cost had increased to $111,595. In February 2017, staff bid this project and only two bids were received, both of which greatly exceeded the engineer’s estimates. In March 2017, staff bid the project again and the following bids were received: Donald Richardson & Son - $135,802.71 and King Construction Services - $327,114.35. Staff recommended acceptance of the low bid. **Motion:** White made a motion, seconded by Goldfinch, to accept the low bid in the amount of $135,802.71 which was submitted by Donald Richardson & Son. **Vote:** Unanimous. Motion carried.

B. **Discussion on projected cost overruns and consideration of possible revision of the Safe Routes to School Sidewalk Project at Conway Elementary School.** In 2014, the City of Conway and Conway Elementary School were awarded a grant from SCDOT in the amount of $400,000, to fund the construction of sidewalks for one side of McGrath Street (from Snowhill to Lakeland) and one side of Snowhill and Sherwood Drive (from the school to the 5-way intersection). The total budget for the project was $516,000, with the City and the School District contributing $58,000 each. Emrick reported that project estimates have since increased to $600,051. SCDOT has requested that the City consider choosing one of the two sidewalk projects to avoid exceeding the budget. The City will be responsible for the full cost of any overage. The current estimated cost for each portion of the sidewalk project is: McGrath Street - $407,723 and Snowhill/Sherwood Drive - $392,683. Staff recommended the Snowhill/Sherwood sidewalk as the most needed portion of this project; however, Emrick noted that Horry County Schools would have input and would need to agree with the decision on how to move forward with this project. **Motion:** Goldfinch made a motion, seconded by Alford, to move forward with only the Snowhill/Sherwood Drive portion of the project. **Vote:** Unanimous. Motion carried. Staff will contact Horry County Schools to discuss the redirection of this sidewalk project.

The total cost of the landscaping project is $7,615, not including the mulch. Copies of the proposed landscaping plans and a spreadsheet of the cost for each cut-out was also presented. Williams noted that reflector object markers will be placed at each end of the cut-outs to heighten the awareness of motorists.
