**ITEMS FOR CONSIDERATION:**

A. **Acceptance of proposal to conduct a Downtown Market Analysis.** Funds are available for this study from the Council Contingency allocation in the FY 2012-13 Hospitality Fee Fund. Staff recommended acceptance of the low bid. **Motion:** Anderson made a motion, seconded by Koon, to accept the low bid of Arnett Muldrow to conduct the Downtown Market Analysis for $8,500 plus travel expenses billed at cost, not to exceed $1,200, as recommended by staff. **Discussion:** In response to an inquiry from Blain-Olds, Graham advised this study would determine retail marketing opportunities in the downtown area as well as develop strategies to recruit and retain new businesses. It would coordinate with the hotel feasibility study and involve other stakeholders such as the Chamber of Commerce, Conway Downtown Alive, Coastal Carolina University, downtown property owners, etc. **Vote:** Unanimous. Motion carried.

B. **Acceptance of proposal to conduct a Downtown Hotel Study.** Funds are also available for this study from the Council Contingency allocation in the FY 2012-13 Hospitality Fee Fund. Staff recommended acceptance of the low bid. **Motion:** Goldfinch made a motion, seconded by Koon, to accept the low bid of KPF Consulting to conduct a Downtown Hotel Study for $14,000 plus travel expenses billed at cost, not to exceed $1,400, as recommended by staff. **Vote:** Unanimous. Motion carried.

C. **Acceptance of low bid to relocate gravity sewer at Cherry Hill Missionary Baptist Church.** The City currently has a gravity sewer line that extends across the property of Cherry Hill Missionary Baptist Church that was installed in 1976 after the original sanctuary was built. The line was put in a location to avoid the old Church building. The original sanctuary has now been torn down and the church plans to move ahead soon with construction of its new sanctuary. The location of the new structure will be in conflict with the existing gravity sewer line. The existing sewer needs to be moved and relocated between the existing sidewalk and in the setbacks of the new Sanctuary. When this issue was first brought to the City’s attention in 1994, the City agreed to relocate the gravity line at the City’s expense and to fill the old line with flowable fill cement. Dr. James Cokley, Pastor of Cherry Hill Missionary Baptist Church, recently advised that the City needs to move forward with this work and the Church has agreed to provide the necessary easement and hold harmless agreement. Staff recommended that Council accept the low bid of $21,110 received from Lawrimore Construction for relocation of the gravity sewer line. When relocation construction is complete, City crews will handle the filling of the old line at an estimated cost of $1,000 for material and pumping cost. **Motion:** Blain-Olds made a motion, seconded by Anderson, to approve staff’s recommendation. **Vote:** Unanimous. Motion carried.
D. Request from Coastal Carolina Fire Safety Division to lease office space in Fire Station #3. Staff recommended that Council authorize the City Administrator to execute an annual lease agreement with CCU for the use of two office spaces in Fire Station #3 by the CCU Fire Safety Division on the basis of $1.00 per year. Staff further recommended that the lease agreement allow automatic annual renewal with the provision of 90 days written notice of termination by either party. **Motion:** Koon made a motion, seconded by White, to authorize the City Administrator to execute a lease agreement with CCU for office space in Fire Station #3 as recommended by staff. **Vote:** Unanimous. Motion carried.

**ITEM FOR INFORMATION:** Report from Police Department on recent homicides and planned community activities. Chief Gosnell gave a progress report on police investigations of recent homicides in the City. He also reported on police actions taken in response to these events including a Candlelight Vigil planned for January 24th, and other community outreach activities.

The Council meeting recessed after this item of business and reconvened in the Conference Room for the remainder of the meeting.

**WORKSHOP ITEMS:**

A. **Update on RiverRead.** Blain-Olds gave a progress report on plans for this event which is scheduled for April 20th, 10:00 am to 1:00 pm, Riverfront Park. There was discussion on partnerships and a possible memento of the event for the City of Conway. Opportunities for Council’s participation in the event were also discussed. **Outcome:** Blain-Olds will share more information as plans are finalized.

B. **Discussion on process for Downtown Market Analysis and Downtown Hotel Study.** Graham reviewed the process for these studies which will be conducted simultaneously and will be coordinated as much as possible. The project will begin with a 2½ day work session and a ten week time frame is estimated for completion. Graham suggested that a steering committee be appointed to oversee the project and shared a list of ten groups for possible representation on the committee. **Outcome:** Council agreed to discuss appointments to the steering committee in executive session.

C. **Discussion regarding the possibility of making Lewis Street between 2nd and 3rd Avenues a two-way street.** Graham reported that Chief Gosnell and Jerry Barnhill evaluated this proposal and found it would be feasible with certain parking adjustments: Street parking on the south side of Lewis Street would be prohibited and one parking space on the northeast corner of the intersection of Lewis Street and 3rd Avenue would be eliminated. The property owners along Lewis Street between 2nd and 3rd Avenues support the change to two-way traffic. **Outcome:** It was the consensus of Council to place this item on the agenda for the next meeting.

**EXECUTIVE SESSION:** **Motion:** Anderson made a motion, seconded by Koon, to enter into executive session to consider appointments to City boards, committees and commissions. **Vote:** Unanimous. Motion carried.
