The event organizer also requested that dogs be prohibited in the park during the event. Staff recommended approval of the request with the cost of City support services to be absorbed by the City’s operating funds. Bridgette Johnson of the Chamber of Commerce reviewed plans for this event and advised that permission may be requested to allow attendees to bring coolers to the event. **Motion:** Goldfinch made a motion, seconded by Chestnut to approve the request. **Discussion:** Mayor Lawson reminded Johnson that alcohol could not be allowed at this event unless approved by Council as a part of the special event request. Johnson noted that this event is still in the planning stage and asked to amend her request to include alcohol. **Amended Motion:** Goldfinch amended his motion to approve the special event request as revised to permit alcohol in the park during this event. Chestnut withdrew her second and the amended motion was seconded by Koon. **Vote:** Chestnut and Timbes voted in the negative; all others voted in the affirmative. Motion carried.

ORDINANCE FOR FIRST READING: Ordinance #2011-08-08 (A), An ordinance to amend Title 3, Chapter 1, Article D, Special Events, by revising Sections 3-1-33 and 3-1-36.

The City’s Code of Ordinances currently allows dogs to be in public places provided they are on a leash. Coolers are also currently allowed in City parks and other open spaces. The City has recently received requests from special event organizers that dogs and/or coolers not be allowed at their events. The addition of Sec. 3-1-33 (3) would give City Council the discretion to prohibit dogs and/or coolers at special events as it deems appropriate if requested by the special event sponsor. Graham advised Council that the event sponsors would be responsible for giving public notice if dogs and/or coolers are prohibited at their event and would be required to post appropriate signage at the event area. Changes in Section 3-1-6 removes the requirement that applications must be submitted no later than the 90 days prior to the event and designates the Planning Department to receive completed applications. Staff recommends first reading approval. **Motion:** Koon made a motion, seconded by Goldfinch, to approve first reading of Ordinance #2011-08-08 (A). **Vote:** Unanimous. Motion carried.

ITEMS FOR CONSIDERATION:

A. **Bids for street surfacing, street resurfacing, and asphalt repairs.** In the present budget, $430,600 was allotted for street resurfacing, $11,000 for the surfacing of Currie Street and 7th Avenue, and $66,000 for asphalt repairs. These projects were in the CTC request of April 12, 2011, and were approved for 50% matching funds. The City’s share of these projects is $253,500. In addition, the Recreation Department has $58,000 budgeted for the surfacing of the Recreation Center parking lots and entrance road. These costs are within the budget allocations. Council was provided with a summary sheet of bids recently received for asphalt work as well as a list of streets to be resurfaced, the two dirt streets to be surfaced and asphalt repairs at various locations within the City. The low bid, based on unit prices, was submitted by Palmetto Paving. Based on the bid prices from Palmetto Paving, staff anticipates that sufficient budgeted funds are available to cover the cost of the above referenced projects. Staff recommended that Council accept the low bid and award the asphalt paving contract to Palmetto Paving. **Motion:** Koon made a motion, seconded by White, to approve staff’s recommendation. **Vote:** Unanimous. Motion carried.

B. **Posting of maximum speed limit signage in Wild Rose Subdivision.** In response to a citizen’s complaint, the Police Department’s traffic speed trailer was deployed to the Wild Rose Subdivision from June 14 – June 22, 2011, to record traffic volume and speed data. Other factors considered in the traffic study included the density of residents, presence of children, and the narrow width of the roads. Based on this information, staff recommended that 20 mph speed signage be erected in the Wild Rose Subdivision. **Motion:** Koon made a motion, seconded by Goldfinch, to approve the staff’s recommendation. **Vote:** Unanimous. Motion carried.

C. **Transfer of surplus police equipment.** The Horry County Sheriff’s Department has asked the City of Conway Police Department to transfer its Cross Match 2500 electronic fingerprint machine, which is in need of approximately $3,000 in software updates and repairs, to the Sheriff’s Department. In addition to software updates and repairs, this machine requires a T-1 data connection, which would be approximately a $200 monthly expenditure. If this request
is approved, the machine will be located at the Horry County Sheriff’s Offices in the Horry County Judicial Center on 2nd Avenue and it would be available for the City’s use upon request. The Police Department will continue to provide manual fingerprinting services to the public each Tuesday. If Council approves the transfer of this equipment, the execution of a “Waiver of Liability Agreement” will be required prior to the transfer. Staff recommends that Council approve this request. **Motion:** Goldfinch made a motion, seconded by Koon, to approve the transfer of the Police Department’s Cross Match 2500 electronic fingerprint machine, as is, to the Horry County Sheriff’s Department. **Vote:** Unanimous. Motion carried.

- After discussion, Council agreed to meet in a workshop on the proposed Unified Development Ordinance on Monday, August 15th, at 5:00 p.m. in the conference room at City Hall.
