

2019-19

**AMENDMENT TO  
CENTURYLINK MASTER SERVICE AGREEMENT**

This Amendment is between **CenturyLink Communications, LLC** ("CenturyLink") and **KEITH COUNTY - NE** ("Customer"). It amends the applicable Master Service Agreement, as determined by CenturyLink records and as may have been previously amended (the "Agreement"). It is effective on the date the last party signs it (the "Amendment Effective Date"). This Amendment provides the terms and conditions applicable to Customer's purchase of products and services identified in this Amendment ("Services") from CenturyLink. Except as set forth in this Amendment, capitalized terms will have the definitions assigned to them in the Agreement. CenturyLink may withdraw this offer if Customer does not execute and deliver the Agreement to CenturyLink on or before May 3, 2019. ("Cutoff Date").

**1. Addition of Service Attachments.** Section 2 of the Agreement is revised to add the following Service Attachment(s) to the Agreement:

- Domestic CenturyLink IQ® Networking Service Exhibit
- CenturyLink IQ® Data Bundle Offer Attachment
- Local Access Service Exhibit
- Rental CPE Service Exhibit

**2. Billing Change Date.** Except for Services provided by CenturyLink affiliate Level 3 Communications, LLC ("Level 3"), any changes to pricing of Customer's existing Services will be effective on the second full billing cycle following the Amendment Effective Date ("Billing Change Date.") See the Level 3 Order for pricing and price changes for Level 3 Services.

**3. Additional Modifications.** As of the Effective Date, this Amendment shall replace and supersede the CenturyLink Total Advantage Express Agreement (Contract ID: 1194122) entered into on December 31, 2018, by and between CenturyLink Sales Solutions, Inc. and Keith County- NE (the "Prior Agreement"). Any Orders and Amendments to the Prior Agreement, including Order #:Q-00541104 (Contract ID: 1194042) and the Pricing Change Order (Contract ID: 1203982) entered into on March 6, 2019 are also replaced and superceded by this Amendment.

**4. Miscellaneous.** All other terms and conditions in the Agreement will remain in full force and effect and be binding upon the parties. This Amendment and the Agreement set forth the entire understanding between the parties as to the subject matter, and if there are any inconsistencies between the two documents, the terms of this Amendment will control. This Amendment may be executed in one or more counterparts, all of which taken together will constitute one instrument. Digital signatures and electronically exchanged copies of signed documents will be sufficient to bind the parties to this Agreement.

**CENTURYLINK MASTER SERVICE AGREEMENT  
DOMESTIC CENTURYLINK IQ® NETWORKING SERVICE EXHIBIT**

CenturyLink IQ Networking is subject to the Local Access Service Exhibit, and the CenturyLink Master Service Agreement between Customer and CenturyLink. Port types that require Rental CPE are also subject to the Rental CPE Service Exhibit. All capitalized terms that are used but not defined in this Attachment are defined in the Agreement or Service Exhibit.

**1. General.** Domestic CenturyLink IQ® Networking Service ("Service") is provided by CenturyLink QCC under the terms of the Agreement, this Service Exhibit, and any signed quotes or Order Forms between CenturyLink QCC and Customer.

**2. Service.**

**2.1 Description.** Service is a data, IP, and a network management solution that is designed for connectivity between Customer's sites or public Internet connectivity.

**2.2 Ports.** CenturyLink offers Service in the following port ("Port") types:

**(a) Internet Port.** Internet Ports provide public Internet connectivity.

**(b) Private Port.** Private Ports provide WAN connectivity between Customer sites. Customer may allocate Private Port traffic up to 10 different closed user groups. Customer may request more than 10 point-to-point closed user groups for an additional charge. Quality of service ("QoS") traffic prioritization can be used with Private Ports. Ethernet Private Ports with real-time traffic that require QoS are subject to local access limitations.

**(c) CenturyLink IQ+® Port.** A CenturyLink IQ+ Port is a bundled solution that includes the following: (i) the functionality of a Private Port, (ii) Local Access, (iii) Monitor and Notification for a CenturyLink provided or approved router, (iv) End-to-End Performance Reporting, and (v) optional CenturyLink provided router as Rental CPE and Priority Queuing. The Local Access and CenturyLink provided router for domestic Service are subject to the Local Access Service Exhibit and CenturyLink Rental CPE Service Exhibit (including the applicable Detailed Description), respectively. Customer may provide a router approved by CenturyLink. Domestic Service with a CenturyLink provided router includes 8x5 NBD maintenance using ProMET® Remote Standard Service or 24x7 on-site maintenance using ProMET® On-Site Premium Service at Customer qualified sites. CenturyLink may use repackaged Rental CPE or substitute the Rental CPE with other CPE. Customer is responsible for any trouble shooting and repair of equipment on Customer's side of the router. Domestically, a CenturyLink IQ+ Port is only available in a CenturyLink determined data center.

**(d) CenturyLink IQ+® Cloud Port.** A CenturyLink IQ+ Cloud Port is a bundled solution that provides: (i) private connectivity between Customer's Private Port sites and Customer resources in CenturyLink determined data centers and/or cloud service provider environments, (ii) Local Access (Data Center Access), (iii) Monitor and Notification and (iv) End-to-End Performance Reporting. Customer can use all Private Port features defined in the Private Port section above. Access within data centers and cloud service provider environments may include shared or virtualized services where available. Customer understands that cloud-related services are contracted separately.

**2.3 Network Management Service.** CenturyLink Network Management Service ("NMS") is a feature available for all Ports. For CenturyLink IQ+ Cloud Ports, the only available type of NMS is Monitor and Notification. Select Management or Comprehensive Management is available with domestic Ports. The feature provides performance reporting, change management, configuration management, fault monitoring, management and notification of CPE and network related issues. Customer may also request NMS management features for devices not associated with a CenturyLink IQ Networking Port in domestic locations with CenturyLink's prior approval. The NMS management types are set forth in more detail below.

**(a) Monitor and Notification.** Monitor and Notification can be included with CenturyLink IQ+ Ports and CenturyLink IQ+ Cloud Ports and is an optional NMS feature for the other Port types. CenturyLink will monitor the Customer devices 24x7x365 for up/down status using ICMP ping. CenturyLink will notify Customer if no response is received for a designated period. NMS will not provide any troubleshooting and incident resolution for device or network faults. "Monitor & Notification" is the only NMS option available for devices that do not support SNMP and/or are not certified for NMS.

**(b) Select Management.** Select Management can be included with any eligible domestic Port, except for CenturyLink IQ+ Cloud Ports. CenturyLink will monitor Customer devices 24x7x365 for up/down status as well as provide 24x7x365 remote performance monitoring, reporting, and ticketing via an NMS online portal for devices supported by CenturyLink, fault monitoring, management, and notification (detection, isolation, diagnosis, escalation and remote repair when possible), change management supported by CenturyLink (up to 12 changes per year), asset management (device inventory), and configuration management (inventory of customer physical and logical configuration). Customer must make change management requests via Control Center at <https://controlcenter.centurylink.com>. Select Management only supports basic routing functions. NMS does not include new CPE initial configuration, lab testing, lab modeling, or on-site work of CPE. The NMS supported device list and a standard change management list are available on request and are subject to change without notice.

**(c) Comprehensive Management.** Comprehensive Management can be included on any eligible Port, except for CenturyLink IQ+ Cloud Ports. Comprehensive Management includes all of the Select Management features as well as total customer agency and change management (up to 24 configuration changes per year) of complex routing functions within routers, switches, and firewall modules. This includes configuration and management of complex routing, switching, device NIC cards, firewall module configurations, and basic router internal firewall functions. CenturyLink acts as the Customer's single point of contact in managing the resolution of all service, device, and

**CENTURYLINK MASTER SERVICE AGREEMENT  
DOMESTIC CENTURYLINK IQ® NETWORKING SERVICE EXHIBIT**

transport faults covered by Comprehensive Management and will work with any third party hardware and/or transport providers the Customer has under contract until all network issues are successfully resolved. With Internet security protocol ("IPSec"), CenturyLink can configure full mesh, partial mesh, or hub-and-spoke topologies with secure tunnels for remote communication between Customer locations. IPSec is only available on approved Cisco and Adtran devices. IPSec opportunities greater than 25 devices or with other manufacturer's devices require CenturyLink approval before submitting an order.

**(d) CenturyLink Responsibilities.** For NMS, CenturyLink will provide Customer with a nonexclusive service engineer team, which will maintain a Customer profile for the portion of the Customer's network where the devices covered by NMS reside. CenturyLink will work with Customer to facilitate resolution of service affecting issues with Select Management or Comprehensive Management.

**(e) Customer Responsibilities.**

**(i)** Customer must provide all information and perform all actions reasonably requested by CenturyLink in order to facilitate installation of NMS. If Customer limits or restricts CenturyLink's read/write access to a device, CenturyLink cannot support configuration backups. Customer is responsible for supporting CenturyLink in access, troubleshooting, and configuration requests made in accordance with normal troubleshooting and repair support activities. For Out-of-Band management related to fault isolation/resolution, Customer will provide and maintain a POTS line for each managed device. "Out-of-Band" means a connection between two devices that relies on a non-standard network connection, such as an analog dial modem, which must be a CenturyLink certified 56k external modem. Additionally, Customer will provide a dedicated modem for each managed device. It is not mandatory that Customer have a POTS line but Customer must understand that CenturyLink will not be able to troubleshoot issues if the device covered by NMS cannot be reached. Service related outages requiring access to the device for troubleshooting and repair purposes will impact the eligibility of any associated SLA credits.

**(ii)** For Comprehensive Management, Customer must execute the attached Letter of Agency (Attachment 1) to authorize CenturyLink to act as Customer's agent solely for the purpose of accessing Customer's transport services.

**(iii)** Depending on transport type, Customer's managed devices must comply with the following set of access requirements: (A) for NMS delivered via IP connectivity with an Internet Port or other public Internet service, devices must contain an appropriate version of OS capable of establishing IPsec VPNs; and (B) for NMS delivered with a Private Port, CenturyLink will configure a virtual circuit to access Customer's device at no additional charge. CenturyLink will add the NMS network operations center to the Customer closed user group to manage the devices within Customer's network.

**(iv)** Customer must provide a routable valid IP address to establish the NMS connection. Customer's primary technical interface person must be available during the remote installation process to facilitate installation of NMS. All Customer devices managed under NMS must be maintained under a contract from a CenturyLink approved onsite CPE maintenance provider. The response times for which Customer contracts with its CPE maintenance provider will affect CenturyLink's timing for resolution of problems involving Customer provided devices. The performance of the CPE maintenance provider is Customer's responsibility.

**(v)** Customer may not reverse engineer, decompile, disassemble or apply any other process or procedure to alter any CPE, software, or other component of this Service for any purpose.

**2.4 End-to-End Performance Reporting.** End-to-End Performance Reporting is a feature included all Ports, except for Ports with VPLS. Customer must include CenturyLink as a member of each closed user group. The feature includes a report based on data collected from Customer's traffic within its closed user groups and measures availability, jitter, latency, and packet delivery between Customer's edge routers, between CenturyLink's routers, and between Customer's edge routers and CenturyLink's routers. The data contained in the report is measured differently than the goals contained in the SLA applicable to the Service and is for informational purposes only. Customer is not entitled to SLA credits based on the data in the report. Customer may access the report in the Control Center portal. Some quote forms or other associated documents may use "End-to-End Performance Monitoring" to mean "End-to-End Performance Reporting".

**2.5 Multicast.** Multicast is an optional feature for Private Ports. The feature enables IP multicast on the CenturyLink IP network. Customer must configure its edge devices with CenturyLink designated multicast protocol specifications and use the CenturyLink designated IP address range for Customer's multicast applications. The standard feature allows up to ten sources of multicast traffic per Customer, but CenturyLink may permit a limited number of additional sources.

**2.6 VPLS.** Layer 2 virtual private LAN service ("VPLS") is optional feature for Private Ports only. VPLS is not available for CenturyLink IQ+ Ports or CenturyLink IQ+ Cloud Ports. Private Ports with VPLS are supported on CenturyLink-certified Cisco equipment and are limited to the following connection and encapsulation methods: Ethernet 10 Mbps, 100 Mbps, 1000 Mbps with Ethernet encapsulation; DS1 and DS3 with Frame Relay encapsulation, and OC3 with ATM encapsulation. The following features are not available with Private Ports with VPLS: (a) usage reports; (b) the Precise Burstable or Data Transfer pricing methodologies; (c) the SLA's Reporting Goal; (d) VPN Extensions and (e) End-to-End Performance Reporting.

**2.7 VPN Extensions.** A VPN Extension is an optional feature for layer 3 multi protocol label switching ("MPLS") Private Ports. The feature allows Customer to extend its Layer 3 MPLS closed user groups to Customer locations that are not served by CenturyLink's MPLS network ("Remote Location"). Customer can establish a tunnel through the Internet between the Customer's CPE at the Remote Location

**CENTURYLINK MASTER SERVICE AGREEMENT  
DOMESTIC CENTURYLINK IQ® NETWORKING SERVICE EXHIBIT**

(separately purchased and managed by Customer) and the CenturyLink network device. The Customer provided CPE must support the CenturyLink service configurations and be installed as designated by CenturyLink or as otherwise agreed upon by the parties. Customer is responsible for the installation, operation, maintenance, use and compatibility of the Remote Location CPE. Customer will cooperate with CenturyLink in setting the initial configuration for the Remote Location CPE interface with the VPN Extension Service. Customer must use IP connectivity at the Remote Location that includes a static public IP address.

(a) **Exclusions.** CenturyLink will not debug problems on, or configure any internal or external hosts or networks (e.g., routers, DNS servers, mail servers, www servers, and FTP servers). All communication regarding the VPN Extension must be between CenturyLink and a Customer approved site contact that has relevant experience and expertise in Customer's network operations. The following features are not available with VPN Extensions: (i) End-to-End Performance Reporting; (ii) QoS; (iii) VPLS; and (iv) Multicast. VPN Extensions are not subject to the SLA.

**2.8 Backbone Prioritization/Priority Queuing.** Backbone Prioritization and Priority Queuing is an optional feature available with individual domestic Private Ports, CenturyLink IQ+ Ports, and CenturyLink IQ+ Cloud Ports. When this feature is configured on such Port, traffic originating from that Port will be designated at a higher class of service to the CenturyLink IP network than traffic originating from such Ports without the feature or Internet Ports. If Customer desires the feature for traffic between two or more such Ports, the feature must be ordered for each such Port. The benefit from this feature is realized during periods of high network congestion. The feature may not be available at all locations or with Multicast in certain circumstances.

**3. Ordering.** For purposes of this Service Exhibit, "Order Form" means an electronic order confirmation process using an architecture confirmation document ("ACD") or other document that Customer and CenturyLink mutually agree to prior to submitting a Service order request. CenturyLink must approve each Order Form and Customer must send it via e-mail, fax, or other CenturyLink-approved electronic process to CenturyLink. Subject to availability, CenturyLink will assign /29 Internet address space for Customer during the use of a Port. Neither Customer nor any End Users will own or route these addresses. Upon termination of Service, Customer's access to the IP addresses will cease. If Customer requests special sequencing for Port installation, Customer must designate a Key Port. A "Key Port" is a Port that must be available on the network before adding additional domestic Port locations. The installation of the Key Port will determine the timelines for the installation of other domestic Ports. Customer may designate one Key Port within its CenturyLink IQ Networking network topology by notifying CenturyLink in writing of that request. Unless the parties otherwise agree in writing, Customer has sole responsibility for ordering, securing installation and ensuring proper operation of any and all equipment required to enable Customer to receive the Service.

**4. Charges.** Customer must pay all applicable MRCs and NRCs set forth in an attached pricing attachment, offer attachment, or a valid signed CenturyLink issued quote or Order Form. Charges will commence within five days after the date CenturyLink notifies Customer that Service is provisioned and ready for use ("Service Commencement Date"). Customer may order multiple Ports with multiple pricing methodologies in accordance with the pricing methodologies set forth below. Customer may change the pricing methodology (e.g., from Flat Rate to Precise Burstable) of a Port if: (a) the Port's new MRC remains the same or greater than the old MRC, and (b) the Port starts a new Service Term that is equal to or greater than the remaining number of months in the old Service Term, subject to a 12 month minimum. CenturyLink may change rates after the completion of a Port's Service Term with 60 days' notice. The net rate MRCs set forth in the pricing attachment, offer attachment or valid signed CenturyLink issued quote or Order Form will be used to calculate Contributory Charges. Net rate MRCs are lieu of all other rates, discounts, and promotions. The End-to-End Performance Reporting, VPN Extension, SIG and Multicast features are provided on a month-to-month basis and either party may cancel a feature with 30 days' prior written notice to the other party. CenturyLink may upon 30 days prior written notice to Customer modify those features, including without limitation, their rates. If a CenturyLink IQ+ Port uses Data Center Access as the access type, that Port will be understood to be a CenturyLink IQ+ Cloud Port.

**4.1 Pricing Methodologies.**

(a) **Flat Rate.** The Flat Rate pricing methodology bills Customer a specified MRC for a given Port speed regardless of Customer's actual bandwidth utilization.

(b) **Tiered.** The Tiered pricing methodology caps Customer's bandwidth at the tier specified on an Order Form and bills the Customer a fixed MRC based on that bandwidth tier regardless of Customer's actual bandwidth utilization. No more than once per month, Customer may change its specific bandwidth tier (e.g., 2 Mbps to 10 Mbps) within the applicable Port classification (e.g., Ethernet, Fast Ethernet). Customer may not change its bandwidth from one Port classification to another.

(c) **Precise Burstable.** Usage samples are taken every five minutes throughout the monthly billing cycle. Only one sample is captured for each five-minute period, even though there are actually two samples taken; one for inbound utilization and one for outbound utilization. The higher of these two figures is retained. At the end of the billing period, the samples are ordered from highest to lowest. The top 5% of the samples are discarded. The highest remaining sample is used to calculate the usage level, which is the 95th percentile of peak usage. For each Precise Burstable Port, Customer will pay an MRC calculated by multiplying Customer's 95th percentile of peak usage in a given month by the applicable MRC per Mbps. There is a minimum usage amount within each Precise Burstable Port classification ("Precise Burstable Minimum"). Customer will be billed the greater of the Precise Burstable Minimum or the actual charges based upon its 95th percentile of peak usage.

(d) **Data Transfer.** Usage samples are taken every five minutes throughout the Customer's monthly billing cycle. Samples are taken for both in-bound utilization and out-bound utilization. Customer will be billed for the sum total of both inbound and outbound utilization. Charges are applied using a stepped or "metered" methodology such that Customer's traffic will be billed incrementally at each

**CENTURYLINK MASTER SERVICE AGREEMENT  
DOMESTIC CENTURYLINK IQ® NETWORKING SERVICE EXHIBIT**

volume tier. For example, if Customer's total volume on a DS1 circuit is 10 GB, the first 7 GB of such total would be billed at the 0-7 GB tier, and the remaining 3 GB would be billed at the 7.01-17 GB tier. For each Data Transfer Port ordered hereunder, Customer will pay an MRC calculated by multiplying Customer's volume of data transferred in a given month (in GBs) by the applicable MRC per GB. Within each Data Transfer Port classification (e.g., DS1, DS3), Customer will be subject to the minimum usage amount set forth in the column heading of the applicable Data Transfer pricing table ("Data Transfer Minimum"). Customer will be billed the greater of the Data Transfer Minimum or the actual charges based upon its actual volume of data transferred. Data Transfer pricing is only available if Customer's premises-based router uses HDLC, PPP, or MLPPP line encapsulation.

**5. Term; Cancellation.**

**5.1 Term.** The term of an individual Port (and associated features/Services, if applicable) begins on the Service Commencement Date for that Port and continues for (a) the service term shown on the valid signed CenturyLink issued quote, Order Form, or the pricing attachment or (b), if a service term is not shown in a quote, Order Form, or a pricing attachment, one year. If Service is installed at multiple Customer locations or with multiple Ports at a Customer location, each separate Port (and associated features/Services) will have its own Service Commencement Date. Upon expiration of a Service Term, individual domestic Ports (and associated features/Services) will remain in effect on a month-to-month basis until canceled by either party with 60 days' notice.

**5.2 Cancellation.** Upon cancellation of a Service, Customer will remain liable for charges accrued but unpaid as of the cancellation date. If a Port and associated features/Services is canceled by Customer other than for Cause, or by CenturyLink for Cause, before the conclusion of its Service Term or Upgrade Service Term (as described in the "Upgrades" section), Customer will pay a "Cancellation Charge" equal to the amounts set forth below. "Cause" means the failure of a party to perform a material obligation under the Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default; or (b) for any other material breach, within 30 days after written notice (unless a shorter notice period is identified in a Service Attachment).

(a) Domestic Internet Port or Private Ports: (i) 100% of the Port and NMS MRCs multiplied by the number of months remaining in the first 12 months of the initial Service Term (or Upgrade Service Term), if any, plus (ii) 35% of the balance of those MRCs multiplied by the number of months remaining to complete the initial Service Term (or Upgrade Service Term) beyond the first 12 months, plus (iii) the amount of any NRCs discounted or waived if the Port has not remained installed for at least 12 months.

(b) CenturyLink IQ+ Ports and CenturyLink IQ+ Cloud Ports: (i) 100% of the CenturyLink IQ+ Port or CenturyLink IQ+ Cloud Port MRC (and associated features/Service MRCs if applicable) multiplied by the number of months remaining in the first 12 months of the initial Service Term, if any; plus (ii) 75% of the those MRCs multiplied by the number of months remaining to complete 24 months of the initial Service Term, if any; plus, if applicable, (iii) 50% of those MRCs multiplied by the number of months remaining to complete the remainder of the Service Term.

**5.3 Waiver of Cancellation Charges.**

(a) **Upgrades.** CenturyLink will waive the Cancellation Charges for a domestic Port if Customer: (i) upgrades a Port to another Port with a higher bandwidth (e.g., from a DS1 to a DS3) within the same pricing methodology and the new Port's MRC (with Local Access) is equal to or greater than the combined MRCs of the Port and the associated Local Access Service being terminated; or (ii) upgrades the Port type to a higher Port type (e.g., from an Internet Port to a Private Port or CenturyLink IQ+ Port) within the same pricing methodology. All upgraded Ports must start a new Service Term equal to or greater than the replaced Port's remaining Service Term, subject to a 12 month minimum ("Upgrade Service Term"). If Customer cancels the upgraded Port before the completion of the Upgrade Service Term, Customer will pay the Cancellation Charges set forth in the Cancellation section above. In some cases an upgrade to a Port may trigger a Local Access charge under the Local Access Service Exhibit. Customer can upgrade a CenturyLink IQ+ Port from 8x5 NBD Remote to 24x7 On-Site maintenance or upgrade a CenturyLink IQ+ Port's NMS feature to Select Management or Comprehensive Management without restarting the Service Term.

(b) **Migration to Other CenturyLink Services.** CenturyLink will waive the Cancellation Charges for a domestic Port if Customer migrates the Port to a new Data Bundle solution (a "New Service") as long as: (i) the New Service's MRC is equal to or greater than the combined MRCs of the Port and the associated Local Access Service being terminated; (ii) the New Service's minimum service term is at least as long as the then remaining Service Term of the Port being terminated; and (iii) the New Service is available.

**6. Additional Disclaimer of Warranty.** In addition to any other disclaimers of warranty stated in the Agreement, CenturyLink makes no warranty, guarantee, or representation, express or implied, that all security threats and vulnerabilities will be detected or that the performance of the Services will render Customer's systems invulnerable to security breaches. Customer is responsible for Customer's own network security policy (including applicable firewall and NAT policies) and security response procedures.

**7. E-mail Notification.** Customer acknowledges and agrees that CenturyLink may contact Customer via e-mail at the e-mail address provided to CenturyLink when Customer ordered the Service for any reason relating to the Service, including for purposes of providing Customer any notices required under the Agreement. Customer agrees to provide CenturyLink with any change to its e-mail address.

**8. AUP.** All use of the Services must comply with the AUP located at <http://www.centurylink.com/legal/>, which is subject to change. CenturyLink may reasonably change the AUP to ensure compliance with applicable laws and regulations and to protect CenturyLink's

**CENTURYLINK MASTER SERVICE AGREEMENT  
DOMESTIC CENTURYLINK IQ® NETWORKING SERVICE EXHIBIT**

network and customers. Any changes to the AUP will be consistent with the purpose of the AUP to encourage responsible use of CenturyLink's networks, systems, services, Web sites, and products.

**9. SLA.** Ports other than CenturyLink IQ+ Ports or CenturyLink IQ+ Cloud Ports are subject to the CenturyLink IQ Networking Service Level Agreement ("SLA"), CenturyLink IQ+ Ports and CenturyLink IQ+ Cloud Ports are subject to the CenturyLink IQ+ Port SLA and the NMS feature is subject to the NMS SLA. Each SLA is located at <http://www.centurylink.com/legal/> and subject to change. For Customer's claims related to Service or NMS feature deficiencies, interruptions or failures, Customer's exclusive remedies are limited to those remedies set forth in the applicable SLA. References to CenturyLink IQ+ Ports in the CenturyLink IQ= SLA will also refer to CenturyLink IQ+ Cloud Ports.

**10. Other Terms.**

**10.1 General.** Any references to a Revenue Commitment or Contributory Charges will not apply to this Service Exhibit.

**10.2 Cancellation and Termination Charges.** This section replaces the Cancellation and Termination Charges set forth in the Agreement:

**Termination.** Either party may terminate a specified Service: (a) as set forth above with 60 days' prior written notice to the other party, or (b) for Cause. Customer may cancel an Order (or portion thereof) for Service prior to the delivery of a Connection Notice upon written notice to CenturyLink identifying the affected Order and Service. If Customer does so, Customer will pay CenturyLink the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. If the Agreement is terminated by Customer for any reason other than for Cause, or by CenturyLink for Cause prior to the conclusion of the Term, all Services are deemed terminated, and Customer will pay the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date.

**10.3 Installation, Maintenance and Repair.** The following are supplemental terms to the Scheduled Maintenance and Local Access section of the Agreement: (a) Provision of Services is subject to availability of adequate capacity and CenturyLink's acceptance of a complete Order Form and (b) Customer is responsible for any facility or equipment repairs on Customer's side of the demarcation point. Customer may request a technician dispatch for Service problems. Before dispatching a technician, CenturyLink will notify Customer of the dispatch fee. CenturyLink will assess a dispatch fee if it determines the problem is on Customer's side of the demarcation point or was not caused by CenturyLink's facilities or equipment on CenturyLink's side of the demarcation point. "Order Form" includes both order request forms and quotes issued by CenturyLink. If a CenturyLink service requires a quote to validate the Order Form pricing, the quote will take precedence over the order request form, but not over the Service Exhibit.

**10.4 Service Notices.** Notices for disconnection of Service must be submitted to CenturyLink via Email at: [BusinessDisconnects@Centurylink.com](mailto:BusinessDisconnects@Centurylink.com). Notices of non-renewal for Services must be sent via e-mail to: CenturyLink, Attn.: CenturyLink NoRenew, e-mail: [Norenew@centurylink.com](mailto:Norenew@centurylink.com). Notices for billing inquiries/disputes or requests for Service Level credits must be submitted to CenturyLink via Customer's portal at <https://www.centurylink.com/business/login/> or via Email at: [Care.Inquiry@Centurylink.com](mailto:Care.Inquiry@Centurylink.com). All other routine operational notices will be provided by Customer to its CenturyLink sales representative.

**10.5 CPNI.** CenturyLink is required by law to treat CPNI confidentially. Customer agrees that CenturyLink may share CPNI within its business operations (e.g., wireless, local, long distance, and broadband services divisions), and with businesses acting on CenturyLink's behalf, to determine if Customer could benefit from the wide variety of CenturyLink products and services, and in its marketing and sales activities. Customer may withdraw its authorization at any time by informing CenturyLink in writing. Customer's decision regarding CenturyLink's use of CPNI will not affect the quality of service CenturyLink provides Customer. "CPNI" means Customer Proprietary Network Information, which includes confidential account, usage, and billing-related information about the quantity, technical configuration, type, destination, location, and amount of use of a customer's telecommunications services. CPNI reflects the telecommunications products, services, and features that a customer subscribes to and the usage of such services, including call detail information appearing in a bill. CPNI does not include a customer's name, address, or telephone number.

**10.6 Conflicts.** If a conflict exists among the provisions of the Service Attachments, the order of priority will be as follows: the Service Exhibit and then the Agreement.

**10.7 Fees.** Charges for certain Services are subject to (a) a property tax surcharge and (b) a cost recovery fee of per month to reimburse CenturyLink for various governmental taxes and surcharges. Such charges are subject to change by CenturyLink and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit <http://www.centurylink.com/taxes>. Additional rates, charges and fees for Service elements not identified in the Agreement are located in the applicable Tariff. "Tariff" includes as applicable: CenturyLink state tariffs, price lists, price schedules, administrative guidelines, catalogs, and rate and term schedules incorporated by this reference and posted at <http://www.centurylink.com/tariffs>.

DOMESTIC CENTURYLINK IQ® NETWORKING SERVICE EXHIBIT**

**ATTACHMENT 1**

**COMPREHENSIVE MANAGEMENT**

**LIMITED LETTER OF AGENCY**

**between**

**KEITH COUNTY - NE ("Customer")**

**and**

**CenturyLink Communications, LLC f/k/a Qwest Communications Company, LLC ("CenturyLink")**

This limited letter of agency ("LOA") hereby authorizes CenturyLink to act as the Customer's agent for the limited purpose of contacting Customer's designated Local Exchange Carrier ("LEC"), Interexchange Carrier ("IXC"), Internet Service Provider ("ISP"), or customer premises equipment ("CPE") maintenance provider in conjunction with CenturyLink Network Management Service. Network Management Service activities will consist of working with Customer's LEC, IXC, ISP, and/or CPE maintenance provider for the purpose of: (a) extracting information concerning transmission data elements carried over Customer's network connection; (b) identifying Customer's links or data link connection identifiers ("DLCIs"); (c) opening, tracking, and closing trouble tickets with the LEC, IXC, ISP, or CPE maintenance provider on Customer's transport links or CPE when an alarm or fault has been detected; (d) dispatching CPE repair personnel on behalf of Customer to CPE for which a fault has been detected; and (e) discussing fault information with the LEC, IXC or CPE maintenance provider on behalf of Customer to facilitate resolution of the problem.

CenturyLink does not assume any of Customer's liabilities associated with any of the services the Customer may use.

The term of this LOA will commence on the date of execution below and will continue in full force and effect until terminated with 30 days written notice by one party to the other or until the expiration or termination of the Network Management Service.

A copy of this LOA will, upon presentation to LEC, IXC, ISP, and/or CPE maintenance provider, as applicable, be deemed authorization for CenturyLink to proceed on Customer's behalf.

**KEITH COUNTY - NE**

**CENTURYLINK MASTER SERVICE AGREEMENT  
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION  
CENTURYLINK® IQ NETWORKING PRICING ATTACHMENT**

**1. Pricing.**

**Network Management Service MRCs.**

**NMS for devices associated with a CenturyLink IQ Networking Port.** The following MRC is in addition to the Port MRC.

Description	Promo Code	MRC	NRC
NMS for devices associated with a CenturyLink IQ Networking Port.			
Select Management	IQ MANAGED	\$45.00 per device	N/A
Comprehensive Management	IQ MANAGED	\$75.00 per device	N/A

**NMS for devices not associated with a CenturyLink IQ Networking Port.** The following MRC is in addition to the Port MRC.

Description	MRC	NRC
NMS for devices not associated with a CenturyLink IQ Networking Port (including VPN Extensions).		
Select Management	\$60.00 per device	N/A
Comprehensive Management	\$100.00 per device	N/A
Monitor and Notify	\$35.00 per device	N/A

**CenturyLink IQ Networking Features**

**VPN Extensions.**

Description	MRC	NRC
VPN Extensions	\$25.00 per IPsec tunnel	\$50.00 per IPsec tunnel

**Backbone Prioritization.** Backbone Prioritization charges are in addition to the applicable Private Port MRCs.

Description	Increased MRC
Backbone Prioritization	CenturyLink will apply a 20% uplift charge to the MRC of each Private Port configured with Backbone Prioritization.

**Port Pricing Tables.** Some Port types or Port speeds may not be available in all areas or with certain types of access. If Customer wishes to order domestic CenturyLink IQ Networking Service with a different bandwidth or pricing methodology than those contained in the below pricing tables, Customer must enter into a separate written amendment to this Agreement.

**NRC Waiver.** So long as Customer is not in default of any obligations under the Agreement, CenturyLink will waive the Install NRCs for Internet Ports and Private Ports. The Internet Ports and Private Ports must remain installed for at least 12 months.

**CENTURYLINK MASTER SERVICE AGREEMENT  
CENTURYLINK IQ® DATA BUNDLE OFFER ATTACHMENT**

This CenturyLink IQ® Data Bundle offer attachment ("Attachment") is subject in all respects to the domestic CenturyLink IQ® Networking Service Exhibit, the Local Access Service Exhibit, the Rental CPE Service Exhibit, and the CenturyLink® Total Advantage®, CenturyLink® Loyal Advantage®, or CenturyLink® Master Service Agreement ("Agreement") between Customer and CenturyLink QCC, all of which must be executed between the parties for the offer in this Attachment to apply. All capitalized terms that are used but not defined in this Attachment are defined in the Agreement or Service Exhibit.

**1. Scope.** Customer may purchase a Data Bundle Standard or Data Bundle Pro solution (each a "Data Bundle") under this Attachment. "Data Bundle Standard" is a combination of a CenturyLink IQ Networking Internet or Private Port, Local Access Service, and eligible pre-configured Rental CPE with 8x5 or 24x7 maintenance. Data Bundle Standard includes 10 Rental CPE configuration changes per year. "Data Bundle Pro" includes all Service elements and features of the Data Bundle Standard plus VPN Tunnel configuration, complex routing protocol configuration, NAT, PAT and DMZ configuration, and Ethernet switch options on the Ethernet-based bundles. VoIP configuration options are available with both Data Bundle Standard and Data Bundle Pro. VoIP configuration options may vary depending on the platform.

**2. Eligibility and Restrictions.** Customer must order all the applicable Service elements in the Data Bundle at the same time under an Agreement with either a 24, 36, or 60 month Term.

**2.1 Data Bundle Ports and Local Access.** Data Bundle Standard and Data Bundle Pro are available with the CenturyLink IQ Networking Port bandwidths shown in the Eligible Rental CPE table below (each a "Data Bundle Port"). Ethernet Data Bundle Ports must use Ethernet Local Access ("ELA"). If Customer uses CPA or Cross Connect Access, Customer must ensure that Local Access is compatible with CenturyLink's existing networking infrastructure and equipment, including the Rental CPE. CenturyLink will provide End-to-End Performance Reporting for Private Port Data Bundles. The Internet Port or Private Port Data Bundle Port MRC will be used to calculate Contributory Charges.

**2.2 Rental CPE.** The following table shows the eligible Rental CPE that may be used with each Port speed and Data Bundle.

Bundle Types	Eligible Rental CPE available with all Data Bundle Port Types (Internet and Private)						
	CenturyLink IQ Networking Port Bandwidths						
	DS1	2xDS1	3xDS1 4xDS1	5xDS1 6xDS1 7xDS1 8xDS1	With ELA: 5 Mbps and 10 – 100 Mbps <sup>1</sup>	With ELA 100 Mbps – 1Gbps <sup>3</sup>	DS3
Data Bundle Standard (ADTRAN)	ADTRAN 3430	ADTRAN 3430	ADTRAN 908e w/ SBC <sup>4</sup>	ADTRAN 4430	N/A	N/A*	ADTRAN NV5305
Data Bundle Pro (ADTRAN)	ADTRAN 908e w/ SBC <sup>4</sup>	ADTRAN 908e w/ SBC <sup>4</sup>	ADTRAN 908e w/ SBC <sup>4</sup>	ADTRAN 4430	ADTRAN 908e w/ SBC <sup>4</sup> or 1335P <sup>2</sup>	ADTRAN 5660 w/ SBC <sup>4</sup>	ADTRAN NV5305
Data Bundle Standard (Cisco)	Cisco 1941	Cisco 1941	Cisco 1941	N/A	N/A	N/A	N/A
Data Bundle Pro (Cisco)	N/A	N/A	N/A	N/A	N/A	Cisco 4431-SEC	N/A
Data Bundle Pro (Juniper)	N/A	N/A	N/A	N/A	Juniper NFX250- S2	N/A	N/A
Data Bundle Standard (Juniper)	N/A	N/A	N/A	N/A	N/A	Juniper EX3300 <sup>5</sup>	N/A

<sup>1</sup>Bandwidths increase in 10 Mbps increments.

<sup>2</sup>The 1335P only supports Ethernet speeds up to 10 Mbps.

<sup>3</sup>Bandwidths increase in 100 Mbps increments.

<sup>4</sup>Session Border Controller.

<sup>5</sup>VPN tunnels are not supported.

The Rental CPE must be configured and installed for use with a Data Bundle Port. CenturyLink may use repackaged Rental CPE or substitute the Rental CPE with other CPE. Rental CPE maintenance is provided under the applicable Detailed Description. 8x5 Next Business Day ("NBD") maintenance uses ProMET® Remote Standard Service and 24x7 on-site maintenance uses ProMET® On-Site Premium Service. Customer may request password access for Rental CPE. If CenturyLink grants password access to Customer: (a) Customer waives any claim against CenturyLink or the manufacturer for maintenance, configuration support, repair, loss, or damage to the Rental CPE if a problem is caused by Customer's use of the password, (b) Customer is not entitled to any SLA credits, (c) CenturyLink is not obligated to provide any CPE configuration assistance, and (d) any CenturyLink provided CPE configuration assistance will be at its then-current time and material rates.

**2.3 Upgrade.** During a Service Term, Customer may upgrade a Data Bundle with a Bandwidth Upgrade, Pro Upgrade, Maintenance Upgrade, or Port Upgrade (collectively an "Upgrade"). All Upgrades are subject to the Upgrade NRC. Customer may need to amend the Agreement to include a revised Term with an Upgrade. Bandwidth and Pro Upgrades must (a) keep the same CPE Rental brand, and (b) begin a new Service Term that is the same or longer than the existing Service Term except that Customer is not required to begin a

**CENTURYLINK MASTER SERVICE AGREEMENT  
CENTURYLINK IQ® DATA BUNDLE OFFER ATTACHMENT**

new Service Term if both the Local Access circuit and the Rental CPE device do not change as part of the upgrade. CenturyLink may replace Customer's existing Rental CPE to support the higher bandwidth or a different bundle and Customer must return the existing Rental CPE to CenturyLink within 15 calendar days after the new Rental CPE is installed.

a. **Bandwidth Upgrade.** Customer may upgrade to a higher bandwidth or to a Managed Data Bundle, which is purchased separately, (each a "Bandwidth Upgrade") if the Data Bundle has been installed at least three months; provided, however, Customer may not upgrade an ELA speed to NxDS1 or DS3.

b. **Pro Upgrade.** Customer may upgrade from a Data Bundle Standard to a Data Bundle Pro at the same bandwidth level ("Pro Upgrade") at any time during the Service Term.

c. **Maintenance and Port Upgrade.** Customer may upgrade a Data Bundle with 8x5 NBD maintenance to 24x7 on-site maintenance ("Maintenance Upgrade") or from an Internet Port to a Private Port ("Port Upgrade") without restarting a new Service Term if Customer: (i.) has a location and Rental CPE that qualifies, (ii.) keeps the same bundle type and bandwidth and (iii.) pays the Upgrade NRC.

**2.4 Moves.** Customer may move a Data Bundle to a different Service Address within the same wire center ("Move"). Such Move will not restart the Service Term. Customer must submit notice to CenturyLink at least 30 days before the requested Move date. Local Access ancillary charges may apply.

**2.5 Relocation.** Customer may relocate a Data Bundle to a domestic Service Address outside of the wire center ("Relocation") if Customer: (a) is relocating a Data Bundle that was installed at the old Service Address for at least 12 months, (b) submits the order for the new Service Address and the disconnect order for old Service Address at the same time, (c) submits a new order for a Bandwidth Upgrade, a Pro Upgrade or the same Data Bundle, (d) pays the Upgrade NRC and (e) follows the standard Upgrade process, if applicable. The Service Term will restart for a Relocation and must be the same or longer than the existing Service Term. If Customer had 24x7 on-site maintenance at the old Service Address and 24x7 on-site maintenance is not available at the new Service Address as a part of a Relocation, Customer may order a Data Bundle with standard 8x5 NBD maintenance. Customer may be required to use the original Rental CPE at Customer's new Service Address if CenturyLink determines that new or different Rental CPE is not necessary. If Customer requires on-site assistance from CenturyLink to install the Rental CPE at the new Service Address, an additional dispatch fee will apply.

**3. Pricing.** Customer will pay the rates set forth in a quote, Order Form, or, if applicable, as set forth in Addendum A. A Data Bundle quote or Order Form is a service order request submitted on a form issued by CenturyLink and signed by Customer that includes the type and details of the specific Data Bundle ordered by Customer. CenturyLink will waive CenturyLink IQ Networking Port install NRCs and Local Access install NRCs. CenturyLink will not waive any Local Access ancillary charges, including Construction charges. Quotes will be governed by the terms and conditions set forth in the Agreement, the applicable Service Exhibits and this Offer Attachment.

**3.1** If Customer wishes to order a new Data Bundle or modify an existing Data Bundle as an Upgrade, Move, or Relocation, Customer must (i) sign a new quote or Order Form that includes the type and details of the updated Data Bundle or, (ii) if Addendum A applies and the new Data Bundle type is not shown in Addendum A, enter into a separate written amendment. If there is a conflict between a signed quote or Order Form and Addendum A, the quote or Order Form will apply to the Upgrade or the new Data Bundle that is specified on the quote or Order Form.

**3.2 Data Bundle Pricing.** The Data Bundle Port MRC includes the MRCs for the Data Bundle Port and Rental CPE. CenturyLink will waive End-to-End Performance Reporting MRCs. The Data Bundle pricing is exclusive of, and may not be combined any current offers, promotions, or discounts and will only be applied in lieu of any such discounts except the offer in this Attachment may be combined with certain CenturyLink Long Distance and Toll Free offers and the CenturyLink IQ Networking Transition Offer. After the Service Term for a Data Bundle expires, CenturyLink may modify pricing for the Data Bundle. Upgrades and additional Data Bundle orders after an initial order may be subject to then-current Data Bundle pricing.

**3.3 Local Access Pricing.** Local Access rates are in the quote, Order Form, or in Addendum A.

**3.4 Upgrade NRC.** Customer must pay the NRC in the table in this section for any Upgrade.

Description	Promo code	NRC
Upgrade NRC	iQBundleUPGR	\$275.00

**4. Term; Cancellation.**

**4.1 Term.** The term of an individual Data Bundle begins on the date CenturyLink notifies Customer that a Data Bundle is provisioned and ready for use ("Service Commencement Date") and will continue for the number of months as specified in Customer's order for a Data Bundle ("Service Term"). The Service Term is indicated in the quote, Order Form, or the pricing table in Addendum A. If the CenturyLink IQ Networking Transition Offer and this Data Bundle offer both apply to a Port, the Eligible Service Minimum Term set forth in the Transition Offer will be the "Service Term" if it is greater than the Data Bundle Service Term. Upon expiration of a Service Term, the Data Bundle will remain in effect on a month-to-month basis until canceled by either party with 60 days' prior notice.

**4.2 Cancellation.** Upon cancellation of a Data Bundle, Customer will remain liable for charges accrued but unpaid as of the cancellation date. If a Data Bundle is canceled by Customer other than for Cause, or by CenturyLink for Cause, before the conclusion of its Service Term, Customer will pay: (a) a Data Bundle Port Cancellation Charge equal to: (i) 100% of the Data Bundle Port's MRC multiplied by the number of months remaining in the first 12 months of the Service Term, if any; plus (ii) 75% of the Data Bundle Ports MRCs multiplied by the number of months remaining to complete 24 months of the Service Term, if any; plus, if applicable, plus (iii) 50% of the Data Bundle Port's MRC multiplied by the number of months remaining to complete the remainder of the Service Term and (b) the Local Access Cancellation Charges set forth in the Local Access Service Exhibit. "Cause" means the failure of a party to perform a

**CENTURYLINK MASTER SERVICE AGREEMENT  
CENTURYLINK IQ® DATA BUNDLE OFFER ATTACHMENT**

material obligation under the Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default; or (b) for any other material breach, within 30 days after written notice (unless a shorter notice period is identified in a Service Attachment). If a Cancellation Charge requires Customer to pay the amount of any waived or discounted NRC, the Cancellation Charge will be (a) the difference between \$500 and the NRC amount shown in the Data Bundle quote or Order Form or (b) an amount equal to the NRC shown on the Product Pricer quote.

**4.3 Waiver of Cancellation Charges.**

**(a) Upgrade.** When Customer Upgrades at the same Service Address, CenturyLink will waive (i) the Data Bundle Port Cancellation Charge, (ii) Local Access Cancellation Charge for ELA Data Bundles installed for at least 12 months, and (iii) Local Access Cancellation Charges for all other Data Bundles.

**(b) Moves.** When Customer's bundle type and bandwidth remain the same in a Move, CenturyLink will waive both the Data Bundle Port Cancellation Charge and Local Access Cancellation Charge.

**(c) Relocation.** When Customer has a Relocation, CenturyLink will waive (i) the Data Bundle Port Cancellation Charge and (ii) the Local Access Cancellation Charges for DS1 through 8xDS1 Data Bundles installed for at least 12 months. CenturyLink will not waive Local Access Cancellation Charges for Relocations of DS3 or Ethernet Data Bundles.

**4.4 Rental CPE Purchase.** Upon completion of a Service Term, Customer may purchase Rental CPE at its fair market value. If Customer intends to purchase Rental CPE, Customer must notify CenturyLink of such intention at least 60 days before the end of the Service Term. Customer will purchase Rental CPE on an "as-is" basis, with no representations or warranties of any kind, including no warranties of merchantability or fitness for a particular purpose or representation that any software license associated with the CenturyLink provided CPE is transferrable to Customer. Title and responsibility of the applicable Rental CPE will immediately transfer to Customer upon CenturyLink's receipt of payment. Once Customer assumes title of Rental CPE, CenturyLink will no longer provide maintenance support or any configuration changes. Customer will be responsible for purchasing or providing any separate maintenance and any software licenses for all purchased Rental CPE. Customer is also responsible for proper disposal of all purchased Rental CPE, and hereby releases CenturyLink from all and any liability relating in any way to the purchased Rental CPE.

**5. Add-On Connection.** Customer may add optional, CenturyLink-approved CPE cards as shown below ("Add-On Connection Cards") to certain Rental CPE if the following conditions are met: (a) the Rental CPE is associated with Data Bundle Pro, (b) there is an available slot in the Rental CPE, (c) Customer purchases the Add-On Connection Card through CenturyLink, and (d) the Add-On Connection Card is from the same manufacturer as the Rental CPE. Add-On Connection Cards are not covered under Rental CPE maintenance SLAs. CenturyLink will drop-ship Add-On Connection Cards to Customer. Customer may purchase on-site installation through CenturyLink or Customer may install the Add-On Connection Cards. If Customer installs any Add-On Connection Cards, Customer must follow CenturyLink provided directions and Customer waives any claim against CenturyLink or the Add-On Connection Card's manufacturer for maintenance, repair, loss, or damage to the Rental CPE. CenturyLink will support additional configurations for Add-On Connection Cards as part of the 10 configuration changes per year associated with the Rental CPE. Customer must remove the Add-On Connection Card from the original Rental CPE device before shipping the Rental CPE back to CenturyLink or CenturyLink associated vendor. CenturyLink is not responsible for the loss of any Add-On Connection Cards. The Add-On Connection Cards and CenturyLink on-site installation are provided under a separate CenturyLink Service Exhibit with separate charges.

<b>CenturyLink IQ Data Bundle Pro Rental CPE Routers that Support Add-On Connection Cards</b>

**CENTURYLINK MASTER SERVICE AGREEMENT  
CENTURYLINK IQ® DATA BUNDLE OFFER ATTACHMENT**

**(a) Replacement Program.** CenturyLink will replace a defective Add-On Connection Card within 15 business days after CenturyLink and Customer mutually determine that the Add-On Connection Card should be replaced. The replacement program will no longer apply if Customer purchases the Rental CPE device. The NRC for the replacement program is in the table in this section.

Description	NRC
Add-On Connection Card Replacement Program	\$50.00 per Add-On Connection Card

**6. Miscellaneous.** All other terms not specifically set forth in this Attachment, including without limitation, any other rate elements, are as stated in the Agreement and Service Exhibits and will remain in effect. The Data Bundle Pricing will become effective as soon as practicable, but in no event later than the second full billing cycle following the Agreement or Amendment Service Commencement Date. If there is a conflict between any of the following documents, the order of control is: this Attachment, the Service Exhibits, and the Agreement, This Attachment, the CenturyLink IQ Networking Service Exhibit, the Local Access Service Exhibit, the Rental CPE Service Exhibit, and the Agreement set forth the entire understanding between the parties as to the subject matter herein and supersede any prior written or verbal statements, representations, and agreements concerning the subject matter hereof.

**7. Other Terms.**

**7.1 General.** Any references to a Revenue Commitment or Contributory Charges will not apply to this Service Exhibit.

**7.2 Cancellation and Termination Charges.** This section replaces Section 4.6, the Cancellation and Termination Charges set forth in the Agreement:

**Termination.** Either party may terminate a specified Service: (a) as set forth above with 60 days' prior written notice to the other party, or (b) for Cause. Customer may cancel an Order (or portion thereof) for Service prior to the delivery of a Connection Notice upon written notice to CenturyLink identifying the affected Order and Service. If Customer does so, Customer will pay CenturyLink the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. If the Agreement is terminated by Customer for any reason other than for Cause, or by CenturyLink for Cause prior to the conclusion of the Term, all Services are deemed terminated, and Customer will pay the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date.

**7.3 Installation, Maintenance and Repair.** The following are supplemental terms to the Scheduled Maintenance and Local Access section of the Agreement: (a) Provision of Services is subject to availability of adequate capacity and CenturyLink's acceptance of a complete Order Form and (b) Customer is responsible for any facility or equipment repairs on Customer's side of the demarcation point. Customer may request a technician dispatch for Service problems. Before dispatching a technician, CenturyLink will notify Customer of the dispatch fee. CenturyLink will assess a dispatch fee if it determines the problem is on Customer's side of the demarcation point or was not caused by CenturyLink's facilities or equipment on CenturyLink's side of the demarcation point. "Order Form" includes both order request forms and quotes issued by CenturyLink. If a CenturyLink service requires a quote to validate the Order Form pricing, the quote will take precedence over the order request form, but not over the Service Exhibit.

**7.4 Service Notices.** Notices for disconnection of Service must be submitted to CenturyLink via Email at: [BusinessDisconnects@Centurylink.com](mailto:BusinessDisconnects@Centurylink.com). Notices of non-renewal for Services must be sent via e-mail to: CenturyLink, Attn.: CenturyLink NoRenew, e-mail: [Norenew@centurylink.com](mailto:Norenew@centurylink.com). Notices for billing inquiries/disputes or requests for Service Level credits must be submitted to CenturyLink via Customer's portal at <https://www.centurylink.com/business/login/> or via Email at: [Care.Inquiry@Centurylink.com](mailto:Care.Inquiry@Centurylink.com). All other routine operational notices will be provided by Customer to its CenturyLink sales representative.

**7.5 CPNI.** CenturyLink is required by law to treat CPNI confidentially. Customer agrees that CenturyLink may share CPNI within its business operations (e.g., wireless, local, long distance, and broadband services divisions), and with businesses acting on CenturyLink's behalf, to determine if Customer could benefit from the wide variety of CenturyLink products and services, and in its marketing and sales activities. Customer may withdraw its authorization at any time by informing CenturyLink in writing. Customer's decision regarding CenturyLink's use of CPNI will not affect the quality of service CenturyLink provides Customer. "CPNI" means Customer Proprietary Network Information, which includes confidential account, usage, and billing-related information about the quantity, technical configuration, type, destination, location, and amount of use of a customer's telecommunications services. CPNI reflects the telecommunications products, services, and features that a customer subscribes to and the usage of such services, including call detail information appearing in a bill. CPNI does not include a customer's name, address, or telephone number.

**7.6 Conflicts.** If a conflict exists among the provisions of the Service Attachments, the order of priority will be as follows: this Offer Attachment, the Service Exhibit, the general terms of the Agreement, SLA, SOW (if any) and Order Form, as applicable, and then any other documents attached or expressly incorporated into the Agreement. If a conflict exists among the provisions of the Service Attachments, the order of priority will be as follows: the Service Exhibit and then the Agreement.

**7.7 Fees.** Charges for certain Services are subject to (a) a property tax surcharge of 4.75% and (b) a cost recovery fee of 5.1% per month to reimburse CenturyLink for various governmental taxes and surcharges. Such charges are subject to change by CenturyLink and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit <https://www.centurylink.com/taxes>.

**CENTURYLINK MASTER SERVICE AGREEMENT  
CENTURYLINK IQ® DATA BUNDLE OFFER ATTACHMENT**

**ADDENDUM A**

**CENTURYLINK IQ® DATA BUNDLE PRICING**

The CPE Rental term and each Data Bundle Port and Local Access circuit receiving Data Bundle pricing will be subject to the Service Term set forth in the applicable pricing table. If Customer wishes to order a Data Bundle that is not shown in the pricing tables below, Customer must enter into a separate written amendment that includes the applicable Data Bundle.

Key to the symbols used in the following tables:

\* The Internet Port or Private Port Data Bundle Port MRC will be used to calculate Contributory Charges.

\*\* The Customer's location must qualify for on-site maintenance.

The Customer's ELA price will be determined by the Product Pricer quote.

**CENTURYLINK MASTER SERVICE AGREEMENT  
LOCAL ACCESS SERVICE EXHIBIT**

**1. General.** CenturyLink will provide Local Access Service ("Service") under the terms of this Service Exhibit, the Agreement and the RSS.

**2. Service Description and Availability.**

**2.1 Description.** Service provides the physical connection between the Service Address and the CenturyLink Domestic Network. Service includes any entrance cable or drop wire to, and equipment maintained by CenturyLink at the Demarcation Point, but does not include CPE, Extended Wiring unless CenturyLink notifies Customer that Extended Wiring is included with a service offering, inside wiring, or other equipment not maintained by CenturyLink. Customer is responsible for any additional terminations beyond the Demarcation Point. All equipment owned by CenturyLink remains property of CenturyLink. Customer disclaims any interest in any equipment, property or licenses used by CenturyLink to provide Service. CenturyLink will not provide Service to a residential location, even if business is conducted at that location. Service is not a standalone service and Customer must purchase the Service in connection with another CenturyLink service for which a local loop is required.

**2.2 Types of Service Technologies.** CenturyLink uses the following different technologies to provide Service. Some technologies or speeds may not be available in all areas or with certain types of Service.

**(a) Special Access.** "Special Access" means Service using digital signal bandwidths DS0, DS1 and DS3 or Optical Carrier signal bandwidths OC3, OC12, OC48 and OC192.

**(b) Ethernet Local Access ("ELA").** ELA is available at bandwidths varying from 1 Mbps to 1,000 Mbps (1G) and 10G (Cross-Connect Access only). ELA is available in the following options: Native Single-Class-of-Service (CoS) Low, Native Single-CoS Medium, Native Single-CoS High, Native Multi-CoS, ELA over SONET, or Ethernet Virtual Access ("EVA"). "Native Single-CoS Low" is a layer 2, switched, native service using a standard Ethernet offering from the local access provider. Native Single-CoS Low is not recommended for use with critical applications (i.e. voice), but is ideal for non-critical applications (i.e. Internet and email traffic.) "Native Single-CoS Medium" is a layer 2, switched, native service using a better-than-standard Ethernet offering from the local access provider. Native Single-CoS Medium is ideal for a combination of non-critical and/or critical applications; typically, varying voice, video, and data. "Native Single-CoS High" is a layer 2, switched, native service using the best Ethernet offering from the local access provider. Native Single-CoS High is ideal for critical applications; typically, predictable and reliable voice and data. Native Single-CoS Medium and Native Single-CoS High are only available with the following CenturyLink services: CenturyLink IQ<sup>®</sup> Networking Internet Port, Private Port or Enhanced Port with Secure Internet Gateway, E-Line, or Ethernet Private Line ("EPL"). Native Single-CoS Medium or Native Single-CoS High circuit speed must match the maximum CenturyLink IQ Networking port, E-Line, or EPL bandwidth. "Native Multi-CoS" is a layer 2, switched, native service closely aligning the CenturyLink IQ Networking QoS and the local access provider's Ethernet class of service offering and is only available with CenturyLink IQ Networking Private Port or Enhanced Port with Secure Internet Gateway. At Customer's discretion, Native Single-CoS Low, Native Single-CoS Medium, Native Single-CoS High, or Native Multi-CoS may be used to support CoS for critical applications (i.e. voice). "ELA over SONET" is a layer 1, SONET-based service. EVA is a layer 2, Ethernet-based service that provides customers with a premium non-oversubscribed connection with Fast E and Gig E connection types. Customer may experience delayed installation intervals due to construction requirements and available bandwidths may be limited due to distance and available Ethernet-supported facilities from the local access provider.

**(c) Wavelength Local Access.** "Wavelength Local Access" means Service using wave division multiplexing technology. Wavelength Local Access is available at bandwidths of 1 GbE, 10 GbE LAN PHY, 2.5 G (OC48), 10 GbE WAN PHY (OC192), 40G, OTU1, OTU2, OTU3, 1G, 2G, 4G and 10G.

**(d) DSL Local Access.** "DSL Local Access" means Leased Access using digital subscriber line ("DSL") technology. DSL Local Access is available at bandwidths varying from 128 kbps/64 kbps to 15000 Mbps/1000 Mbps. Customer may experience delayed installation intervals due to Construction requirements and available bandwidths may be limited due to distance and available DSL-supported facilities from the local access provider.

**2.2.1 Use of IP Connection.** In some locations, CenturyLink will enable the Service using "IP Connection" which is a Layer 3, symmetrical functionality that utilizes established IP and MPLS transport technologies. In such cases, Customer agrees that it will use IP Connection functionality only for the provision of either: (i) wireline broadband Internet access (as defined in applicable Federal Communications Commission orders and regulations), or (ii) wireline broadband Internet access plus additional information services, with wireline broadband Internet access constituting a principal use. CenturyLink can provision IP Connection functionality over multiple designs with MPLS transport supporting speeds up to 1G/1G.

**2.3 Types of Service.** CenturyLink offers the following three types of Service: CenturyLink Provided Access, Customer Provided Access or Cross-Connect Access.

**2.3.1 CenturyLink Provided Access.** "CenturyLink Provided Access" or "CLPA" means either On-Net Access or Leased Access.

**(a) On-Net Access.** For On-Net Access, Customer must be located in a CenturyLink designated building in which On-Net Access is generally available. On-Net Access is generally available as Special Access (except at the DS0 bandwidth), ELA, and Wavelength Local Access. Depending on the Service Address, On-Net Access may be provided through an existing CPOP, newly built CPOP, existing intra-building local loop facilities, or connections to a third-party provider where CenturyLink coordinates the connectivity between CenturyLink facilities and facilities of a service provider with whom CenturyLink is interconnected. On-Net Access is subject to the Service Level Agreement located at <http://www.centurylink.com/legal/docs/Local-Access-SLA.pdf>, which is subject to change.

**CENTURYLINK MASTER SERVICE AGREEMENT  
LOCAL ACCESS SERVICE EXHIBIT**

**(b) Leased Access.** Leased Access is generally available as Special Access, ELA, Wavelength Local Access, and DSL Local Access at the bandwidths described in this Service Exhibit for those access types. Customer may request a Preferred Provider for Leased Access from a list of available providers with whom CenturyLink has interconnect agreements. CenturyLink will attempt to use Customer's Preferred Provider, but both final routing and the provider actually used will be chosen by CenturyLink. If CenturyLink is unable to use Customer's Preferred Provider for a specific Service Address as designated in the quote, then the rate for Service at that Service Address may be subject to change. Where available for Special Access, ELA and Wavelength Local Access, Customer may request CenturyLink to provide a separate fiber facility path for a protection system between the local access provider's serving wire center and the Service Address ("Protect Route"). Protect Route uses backup electronics and two physically separate facility paths in the provisioning of Service. If the working facility or electronics fail, or the Service performance becomes impaired, the facility is designed to automatically switch to the Service protect path in order to maintain a near-continuous flow of information between locations. Special Access and ELA are also generally available as a central office meet point at a local access provider central office to which Customer has a dedicated connection.

**2.3.2 Customer Provided Access.** "Customer Provided Access" or "CPA" means a local loop that Customer orders from a local access provider to connect Customer's premises to the CenturyLink Domestic Network at a connection point specified by CenturyLink. CenturyLink will provide Customer with a limited letter of agency ("LOA"), which is incorporated by this reference, authorizing Customer to act as CenturyLink's agent so that Customer's local access provider will connect Customer's premises to the CenturyLink Domestic Network. Customer will also need to execute a CPA-DAR Addendum for CPA POP with ELA or Wavelength Local Access. Customer will pay a CPA charge to CenturyLink when Customer uses the following: (a) Special Access CPA dedicated facilities or ELA CPA virtual local area network ("VLAN"), both of which are dedicated entrance facilities CenturyLink leases from a local access provider and that carry traffic only from CenturyLink; or (b) ELA CPA POP, which requires CenturyLink to provide space and power for the local access provider to install Ethernet equipment; or (c) Wavelength Local Access. Customer will pay a CPA charge to CenturyLink when Customer uses Special Access CPA non-dedicated facilities owned by local access providers and that carry traffic from multiple carriers, including CenturyLink, if the provider charges CenturyLink for those facilities. CPA ELA VLAN is an access type where CenturyLink will provision and assign an Ethernet virtual circuit from a CenturyLink POP to a Customer designated Ethernet facility leased from a common Ethernet service provider. This access will be used to connect to a CenturyLink VLAN assignment on a CenturyLink IQ Networking Internet or Private Port or E-Line. CenturyLink will not bill customer a CPA charge for an IP layer 3 expansion site because Customer, not CenturyLink, is responsible for ordering a cross-connect from the IP layer 3 expansion site manager to meet CenturyLink in the IP layer 3 expansion site's meet-me-room. CPA is the responsibility of Customer and CenturyLink will not pay for or troubleshoot components of CPA.

**2.3.3 Cross-Connect Access.** "Cross-Connect Access" or "XCA" means: (a) an intra-POP connection between certain Customer facilities with direct access to the CenturyLink Domestic Network and the CenturyLink backbone access point (either (i) located within CenturyLink's transport area where CenturyLink allows Customer to bring its own fiber directly to the CenturyLink fiber under an executed Direct Connect Agreement ("Direct Connect") or (ii) in an area where Customer has leased space in a CPOP, a remote collocation site, or a collocation hotel under a Telecommunications Collocation License Agreement or (b) a connection between a CenturyLink-determined data center and a CenturyLink IQ Networking Port, Optical Wavelength Service ("OWS"), or E-Line ("Data Center Access") under an executed CenturyLink TS Service Exhibit with a CenturyLink IQ Networking, OWS or E-Line Service Exhibit. Data Center Access is available in bandwidths of 100 Mbps, 1G, and 10G (CenturyLink IQ Networking and OWS only). Direct Connect requires splicing of Customer and CenturyLink fibers and cross-connection of individual circuits.

**2.4 RSS.** Customer understands that Service is an interstate telecommunications service, as defined by Federal Communications Commission regulations and represents while using the Service, more than 10% of its usage will be interstate usage.

**3. Ordering.** Upon acceptance of an order for a Service, CenturyLink will notify Customer of CenturyLink's target date for the delivery of that Service ("Estimated Availability Date"). Once CenturyLink notifies Customer of the Estimated Availability Date for a Service, cancellation fees or Cancellation Charges set forth in the Cancellation section below will apply to any cancellation of that order. If Customer fails to respond to CenturyLink's requests to arrange for the installation of a Service when CenturyLink is ready, CenturyLink may consider the affected Service order canceled. CenturyLink will use commercially reasonable efforts to install each such Service on or before the Estimated Availability Date, but the inability of CenturyLink to deliver Service by such date is not a default under the Agreement or this Service Exhibit.

**4. Charges.** Customer will pay the rates set forth in a quote for Service issued by CenturyLink or set forth in the RSS, including all applicable ancillary service charges. CenturyLink invoices MRCs in advance and NRCs in arrears. If the delivery of a Connection Notice for any Service falls on any day other than the first day of the month, the first invoice to Customer will consist of: (a) the pro-rata portion of the applicable MRC covering the period from the delivery of the Connection Notice to the first day of the subsequent month; and (b) the MRC for the following month. Charges for Service will not be used to calculate Contributory Charges.

**4.1 Ancillary Charges.** Ancillary charges applicable to Service include but are not limited to those ancillary services set forth in this section. If an ancillary charge applies in connection with provisioning a particular Service, CenturyLink will notify Customer of the ancillary charge to be billed to Customer. Customer may either approve or disapprove CenturyLink providing the ancillary service.

**(a) Expedite.** A local loop expedite charge applies to orders where Customer requests the delivery of Service one or more days before the Estimated Availability Date. Customer may only request to expedite CenturyLink Provided Access of Special Access and ELA orders (where underlying local access provider allows CenturyLink to order an expedited service.)

**(b) Extended Wiring.** "Extended Wiring" means additional wiring from the Demarcation Point to Customer's network interface equipment. Customer may only request Extended Wiring for (i) Special Access ordered as Leased Access, (ii) DSL Local Access, and (iii) Ethernet Local Access (where available). Extended Wiring could entail electrical or optical cabling into 1) existing or new conduit or

**CENTURYLINK MASTER SERVICE AGREEMENT  
LOCAL ACCESS SERVICE EXHIBIT**

2) bare placement in drop down ceilings, raised floors, or mounted to walls/ceilings. Once Service is accepted by Customer, the Extended Wiring then becomes property of and maintained by Customer. CenturyLink will maintain Service to the Demarcation Point only.

(c) **Construction.** Construction charges apply if; (i) special construction is required to extend Service to the Demarcation Point; or (ii) other activities not covered by Extended Wiring are required beyond the Demarcation Point, that cause CenturyLink to incur additional expenses for provisioning the Service ("Construction"). If Customer does not approve of the Construction charges after CenturyLink notifies Customer of the charges, the Service ordered will be deemed cancelled.

(d) **Multiplexing.** Customer may request multiplexing for Special Access where available. CenturyLink will multiplex lower level local loop into a higher local loop, or vice-versa, for an additional charge. CenturyLink offers multiplexing at a CPOP, at an On-Net Access building or at an ILEC/CLEC facility providing the Leased Access. For multiplexing at a CenturyLink On-Net Access building, CenturyLink provides multiplexed circuit handoffs to Customer at the same On-Net Access Service Address. For multiplexing at ILEC/CLEC facility, CenturyLink facilitates the delivery of multiplexed circuit handoffs to Customer at a single Service Address or at multiple Service Addresses per Customer's request. Multiplexing is generally available at DS1 and OCn circuit levels. Pricing for multiplexing at an ILEC/CLEC facility is on an individual case basis.

(e) **Changes.** Ancillary change charge applies where Customer requests CenturyLink to change a local loop to a different Service Address that is within the same Customer serving wire center as the existing local loop, but a Cancellation Charge does not apply.

**5. Term; Cancellation.**

**5.1 Term.** The term of an individual Service continues for the number of months specified in the quote for Service issued by CenturyLink ("Initial Service Term"). Excluding voice loops and Data Center Access with a month-to-month Initial Service Term, the Initial Service Term will not be less than 12 months. Upon expiration of the Initial Service Term, Service will automatically renew for consecutive periods equal to the Initial Service Term length (a "Renewal Service Term"). CenturyLink may change rates at any time after the Initial Service Term but will not change rates more than once during a Renewal Service Term.

**5.2 Cancellation.** Upon cancellation of a Service, Customer will remain liable for (a) charges accrued but unpaid as of the cancellation date (including MRCs, NRCs and Construction charges and other ancillary charges), (b) the amount of any NRCs that CenturyLink discounted or waived, if canceled during the first 12 months of the Initial Service Term and (c) any applicable cancellation fees and Cancellation Charges as set forth below.

(a) **Leased Access and On-Net Access—Cancellation Before Delivery of a Connection Notice.** Customer will pay the cancellation fee identified in the below table if cancellation of a Service order occurs before the delivery of a Connection Notice. If Customer accepted a Construction charge, Customer will also pay any unpaid Construction charges incurred by CenturyLink. If CenturyLink notifies Customer that Construction is required to provision a Service order and Customer cancels that order before the delivery of a Connection Notice because Customer disapproves of the Construction charge, the cancellation fee does not apply.

<b>Leased Access and On-Net Access Service Bandwidth†</b>	<b>Before Delivery of a Connection Notice Cancellation Fee</b>
DS0 (Leased Access only), DS1, DSL Local Access speeds up to 1536 Kbps/1.024 Mbps	\$150 NRC
DS3, OCn, DSL Local Access speeds greater than 1536 Kbps/1.024 Mbps, all ELA speeds, all Wavelength Local Access speeds, all IP Connection speeds	\$500 NRC

†Includes all types of Service Technology unless otherwise noted.

(b) **All Service Types—Cancellation After the Delivery of a Connection Notice.** If a Service is canceled by Customer other than for Cause, or by CenturyLink for Cause, before the conclusion of its Initial Service Term, Customer will pay a "Cancellation Charge" equal to: (i) 100% of the balance of the MRCs that otherwise would have become due for the unexpired portion of the first 12 months of the Initial Service Term, if any, plus (ii) 35% of the balance of the MRCs that otherwise would have become due for the unexpired portion, if any, of the Initial Service Term beyond the first 12 months.

(c) **Moves.** When Customer requests that CenturyLink move a local loop to a different Service Address that is not within the same Customer serving wire center as the existing local loop such move will be deemed a disconnect of the current local loop to which a Cancellation Charge applies and a new install of a new local loop.

(d) **Waiver of Cancellation Charges.** CenturyLink will waive the Cancellation Charge for a cancelled Service:

2. When Customer cancels a Special Access ordered as Leased Access if it is (A) DS3 or less, (B) is not part of a bundle or package offering that required Customer to order the local loop with other service components and (C) the local loop has been in service for at least 12 months prior to the requested date of cancellation.
3. When Customer upgrades existing Special Access, Native Single-CoS Low/Medium/High, Native Multi-CoS, ELA over SONET, or Wavelength Local Access ("Existing CLPA Service") with new Service within the same specific type of Service technology at a higher Service speed (e.g., Special Access DS1 to Special Access DS3 or Native Single-CoS Low Fast E to Native Single-CoS Low Gig E) and with the same local access provider ("Upgraded CLPA Service"). The Upgraded CLPA Service will have a new Service Term beginning upon delivery of the Connection Notice. If the type of Service technology changes when Customer upgrades Existing CLPA Service, Customer must pay Cancellation Charges.

**CENTURYLINK MASTER SERVICE AGREEMENT  
LOCAL ACCESS SERVICE EXHIBIT**

(e) **Customer Provided Access—Cancellation of Connectivity after Delivery of a Connection Notice.** To cancel CPA, Customer must provide CenturyLink with a written disconnect firm order confirmation ("DFOC") notice from Customer's CPA provider along with notice to cancel the CPA. If Customer fails to provide CenturyLink with the DFOC notice within 30 calendar days after CenturyLink's receipt of the notice to cancel the CPA, or if CenturyLink disconnects CPA for Cause, then CenturyLink may disconnect the CPA or require the CPA provider to do so. Customer will remain liable for charges for the connectivity to CPA (even if Customer cannot use the CPA) until: (i) Customer furnishes the required DFOC to CenturyLink; or (ii) either party cancels the associated CPA with the CPA provider.

**6. Grooming.** If CenturyLink plans to groom a circuit on which Service is provided, CenturyLink will provide a grooming notice to Customer. For CPA dedicated facilities grooming, Customer will provide a signed LOA to CenturyLink so that CenturyLink can order the necessary changes. Within 20 calendar days after receipt of that notice, Customer will: (a) notify CenturyLink of its approval, which may not be unreasonably withheld; (b) state its reason for refusing; or (c) request that CenturyLink provide Customer with an LOA so Customer can order the necessary changes. Customer's failure to respond within the 20-day period will constitute approval of the groom. If the groom results in Customer incurring additional NRCs from its local access provider and Customer provides sufficient proof of the local access provider charge, CenturyLink will issue a credit to Customer equal to the local access provider NRC for each groomed circuit. If Customer refuses the groom for On-Net Access, CenturyLink will, upon 20 calendar days' prior written notice, cancel the Service on that circuit and assess a Cancellation Charge. When Customer does not respond to a CPA dedicated facilities grooming notice or refuses a CPA dedicated facilities groom, Customer must either: (a) provide CenturyLink with a LOA/CFA so that CenturyLink can have the local access provider cancel the circuit; or (b) work directly with the local access provider to cancel the circuit. If Customer does neither of these things, CenturyLink will pass through to Customer any costs incurred by CenturyLink from the local access provider as a result of the circuit remaining in place. "CFA" means circuit facility assignment of the CenturyLink facility, as identified by CenturyLink, to which Customer must order a local loop for connection to the CenturyLink Domestic Network.

**7. Other Terms.**

**7.1 General.** Any references to a Revenue Commitment or Contributory Charges will not apply to this Service Exhibit.

**7.2 Cancellation and Termination Charges.** This Section replaces Section 4.6, the Cancellation and Termination Charges set forth in in the Agreement:

**Termination.** Either party may terminate a specified Service: (a) as set forth above with 60 days' prior written notice to the other party, or (b) for Cause. Customer may cancel an Order (or portion thereof) for Service prior to the delivery of a Connection Notice upon written notice to CenturyLink identifying the affected Order and Service. If Customer does so, Customer will pay CenturyLink the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. If the Agreement is terminated by Customer for any reason other than for Cause, or by CenturyLink for Cause prior to the conclusion of the Term, all Services are deemed terminated, and Customer will pay the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. "Cause" means the failure of a party to perform a material obligation under the Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default; or (b) for any other material breach, within 30 days after written notice (unless a shorter notice period is identified in a Service Attachment).

**7.3 Out-of-Service Credit.** For Services without a Service Level or applicable out-of-service credit for service interruption in a Tariff, this Out-of-Service Credit is the Service Level provision for purposes of the Agreement. Customer must request the Out-of-Service Credit and open a trouble ticket to report to CenturyLink the interruption of Service to CenturyLink. If CenturyLink causes Downtime, CenturyLink will give Customer a credit; such credit will be paid as a percentage of the Customer's MRC based on the ratio of the number of minutes of Downtime relative to the total number of minutes in the month when the Downtime occurred. No credits will be given where the Downtime is caused by: (a) the acts or omissions of Customer, its employees, contractors or agents or its End Users; (b) the failure or malfunction of equipment, applications or systems not owned or controlled by CenturyLink or its international service providers; (c) Force Majeure Events; (d) scheduled service maintenance, alteration or implementation; (e) the unavailability of required Customer personnel, including as a result of failure to provide CenturyLink with accurate, current contact information; (f) CenturyLink's lack of access to the Customer premises where reasonably required to restore the Service; (g) Customer's failure to release the Service for testing or repair and continuing to use the Service on an impaired basis; (h) CenturyLink's termination of Service for Cause or Customer's violation of the Use of Service provisions in this Appendix or in the applicable Service Exhibit; or (i) improper or inaccurate network specifications provided by Customer. "Downtime" is an interruption of Service confirmed by CenturyLink that is measured from the time Customer opens a trouble ticket with CenturyLink to the time Service has been restored. "Cause" means the failure of a party to perform a material obligation under the Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default; or (b) for any other material breach, within 30 days after written notice.

**7.4 Installation, Maintenance and Repair.** The following are supplemental terms to the Scheduled Maintenance and Local Access section of the Agreement: (a) Provision of Services is subject to availability of adequate capacity and CenturyLink's acceptance of a complete Order Form and (b) Customer is responsible for any facility or equipment repairs on Customer's side of the demarcation point. Customer may request a technician dispatch for Service problems. Before dispatching a technician, CenturyLink will notify Customer of the dispatch fee. CenturyLink will assess a dispatch fee if it determines the problem is on Customer's side of the demarcation point or was not caused by CenturyLink's facilities or equipment on CenturyLink's side of the demarcation point. "Order Form" includes both order request forms and quotes issued by CenturyLink. If a CenturyLink service requires a quote to validate the Order Form pricing, the quote will take precedence over the order request form, but not over the Service Exhibit.

**CENTURYLINK MASTER SERVICE AGREEMENT  
LOCAL ACCESS SERVICE EXHIBIT**

**7.5 Service Notices.** Notices for disconnection of Service must be submitted to CenturyLink via Email at: [BusinessDisconnects@Centurylink.com](mailto:BusinessDisconnects@Centurylink.com). Notices of non-renewal for Services must be sent via e-mail to: CenturyLink, Attn.: CenturyLink NoRenew, e-mail: [Norenew@centurylink.com](mailto:Norenew@centurylink.com). Notices for billing inquiries/disputes or requests for Service Level credits must be submitted to CenturyLink via Customer's portal at <https://www.centurylink.com/business/login/> or via Email at: [Care.Inquiry@Centurylink.com](mailto:Care.Inquiry@Centurylink.com). All other routine operational notices will be provided by Customer to its CenturyLink sales representative.

**7.6 Acceptable Use Policy and Use of Service.** CenturyLink may also terminate Service for Cause under this Section where Customer's use of the Service: (a) is contrary to the Acceptable Use Policy incorporated by this reference and posted at <http://www.centurylink.com/legal/>, (b) constitutes an impermissible traffic aggregation or Access Arbitrage, (c) avoids Customer's obligation to pay for communication services, and (d) violates the Use of Service terms or compliance terms. Customer may have obligations under 47 CFR 9.5 relating to 911 if Customer combines the Service with other products creating a VoIP or VoIP-like service that facilitates the transmission of voice services.

**7.7 CPNI.** CenturyLink is required by law to treat CPNI confidentially. Customer agrees that CenturyLink may share CPNI within its business operations (e.g., wireless, local, long distance, and broadband services divisions), and with businesses acting on CenturyLink's behalf, to determine if Customer could benefit from the wide variety of CenturyLink products and services, and in its marketing and sales activities. Customer may withdraw its authorization at any time by informing CenturyLink in writing. Customer's decision regarding CenturyLink's use of CPNI will not affect the quality of service CenturyLink provides Customer. "CPNI" means Customer Proprietary Network Information, which includes confidential account, usage, and billing-related information about the quantity, technical configuration, type, destination, location, and amount of use of a customer's telecommunications services. CPNI reflects the telecommunications products, services, and features that a customer subscribes to and the usage of such services, including call detail information appearing in a bill. CPNI does not include a customer's name, address, or telephone number.

**7.8 Conflicts.** If a conflict exists among the provisions of the Service Attachments, the order of priority will be as follows: the Service Exhibit and then the Agreement.

**7.9 Fees.** Charges for certain Services are subject to (a) a property tax surcharge of 4.75% and (b) a cost recovery fee of 5.1% per month to reimburse CenturyLink for various governmental taxes and surcharges. Such charges are subject to change by CenturyLink and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit <http://www.centurylink.com/taxes>. Additional rates, charges and fees for Service elements not identified in the Agreement are located in the applicable Tariff. "Tariff" includes as applicable: CenturyLink state tariffs, price lists, price schedules, administrative guidelines, catalogs, and rate and term schedules incorporated by this reference and posted at <http://www.centurylink.com/tariffs>.

**8. Definitions.** Capitalized terms not defined in this Service Exhibit are defined in the Agreement.

"CenturyLink Domestic Network" means the CenturyLink network located within the contiguous U.S., Alaska and Hawaii, which is comprised only of physical media, including switches, circuits, and ports that are operated by CenturyLink.

"CPOP" means a CenturyLink-owned physical point of presence that lies directly on the CenturyLink Domestic Network where direct interconnection between the CenturyLink Domestic Network and a local access provider's network is possible.

"Demarcation Point" means the CenturyLink designated interface between the CenturyLink Domestic Network or the Leased Access provider network and Customer's telecommunications equipment. The Demarcation Point is typically located at a suitable location in the basement or on the first floor of a Service Address where provision is made for termination of the local access provider's outside distribution network facilities.

"Leased Access" means local backbone access circuits ordered and leased by CenturyLink from a local access provider chosen by CenturyLink.

"On-Net Access" means local backbone access circuits provided solely on CenturyLink owned and operated facilities.

"Preferred Provider" or "PP" means a specific local access provider requested by Customer for Leased Access.

"Service Address" means the building where Customer receives Service. Only a building that is classified by CenturyLink as a business address can be a Service address.

**CENTURYLINK MASTER SERVICE AGREEMENT  
LOCAL ACCESS SERVICE EXHIBIT  
PRICING ATTACHMENT**

Except as set forth in this pricing attachment, capitalized terms will have the definitions assigned to them in the Agreement or the Local Access Service Exhibit.

1. Customer will pay the MRCs and Install NRCs for the Service selected. In addition, Customer will pay all MRCs or NRCs for any ancillary services provided as described in the Local Access Service Exhibit, including without limitation Construction charges.
2. Customer will pay the MRCs and NRCs for Service at the particular Service Address; or NPA/NXX or CLLI if no Service Address is provided, set forth in the pricing table below. The MRCs and NRCs set forth below apply to new Service only and do not apply to Service ordered prior to the effective date of this pricing attachment. All MRCs and NRCs set forth in the below table apply per circuit and not per Service Address. Any modifications to any attribute of the particular Service in the pricing table below (i.e., the NPA/NXX or CLLI, Service Address, Type of Local Access, Service term or circuit speed) will render the pricing below void, and Customer will pay the revised rates agreed upon by the parties for the particular Service at the Service Address or NPA/NXX or CLLI, as applicable. If a DS1 is bonded with one or more DS1s to create a higher speed NxDS1 at the same Service Address, the MRC for the DS1 may be multiplied by the number of bonded DS1s to determine the MRC for the NxDS1.

<b>NPA/NXX or CLLI</b>	<b>Loop Tracking ID</b>	<b>Service Address</b>	<b>Type of Local Access</b>	<b>Minimum Service Term in Months</b>	<b>Circuit Speed</b>	<b>Net MRC</b>	<b>Install NRC</b>
308/284		511 N SPRUCE ST OGALLALA, NE 69153	ELA Native Single	36 Months	5 Mbps	\$200.00	\$500.00

3. Prior to ordering additional Service that is not specified above, Customer and CenturyLink must execute a separate amendment to this Agreement.

**CENTURYLINK MASTER SERVICE AGREEMENT  
RENTAL CPE SERVICE EXHIBIT**

**1. General; Definitions.** CenturyLink will provide Customer with rental customer premises equipment and software license offerings (collectively, "CPE") and CPE installation and maintenance ("Service") under the terms set forth in the Agreement, this Service Exhibit and any Rental CPE Rate Attachment submitted hereunder. Capitalized terms not defined herein are defined in the Agreement. "Rental CPE Rate Attachment" means the CenturyLink order request form issued and executed by CenturyLink and Customer. CPE, as defined in this Service Exhibit, does not include CPE purchased by Customer. In order to qualify for CPE, Customer must also purchase either CenturyLink IQ® Networking, SIP Trunk, Analog VoIP, Hosted VoIP, Managed Office, Managed Enterprise, Integrated Access, Hosted Collaboration Solution, SD-WAN or any CenturyLink bundle, package or promotion that includes these services; or CenturyLink QC intrastate Metro Ethernet service under a separate agreement (collectively "Underlying Service").

**2. Delivery and Return.** CPE will be delivered to Customer's location as identified, in writing, by Customer. Delivery will be made either by F.O.B. origin, freight paid by Customer, or personal delivery by CenturyLink. CPE will be installed as designated herein, or as otherwise agreed upon by the parties. Except as otherwise provided in the Service Exhibit for the Underlying Service, upon termination of Service, or when Customer replaces CPE with upgraded models, Customer must return terminated or replaced CPE at its own expense within 15 calendar days of termination or replacement. CenturyLink will provide Customer with return instructions. Customer will deliver CPE to CenturyLink in the same condition it was on the Effective Date, normal wear and tear excepted, and give CenturyLink written notice of such return. If CPE is not returned within 15 calendar days of termination, Customer will become owner of and bear all responsibility for the terminated or replaced CPE and CenturyLink may invoice Customer the then-current value of the applicable CPE model ("Replacement Cost").

**3. Ownership and Use.** Except as provided in Paragraph 2, CPE is the personal property of CenturyLink, its designee or a third-party provider, notwithstanding that the CPE, or any part thereof, may be affixed or attached to Customer's real property or any improvements thereon. Customer has no right or interest to the CPE other than as provided herein and will hold the CPE subject and subordinate to the rights of CenturyLink. Customer will: (a) at its own expense, keep the CPE free and clear of any claims, liens, and encumbrances of any kind; and (b) make no alterations or affix any additions or attachments to the CPE, except as approved by CenturyLink in writing. Customer will not remove, alter or destroy any labels on the CPE and will allow CenturyLink the inspection of the CPE at any time. As between CenturyLink and Customer, Customer will bear the entire risk of loss, theft, casualty, destruction or damage to the CPE following delivery from any cause whatsoever (collectively, "Loss"), until returned to CenturyLink. Customer will indemnify, defend and hold harmless CenturyLink its affiliates, and contractors for any such Loss. Customer agrees to advise CenturyLink in writing within five business days of any such Loss. In no event will such Loss relieve Customer of the obligation to pay CenturyLink any amounts due hereunder.

**4. Software.** Software licensor has retained title to the software. To the extent possible, CenturyLink grants Customer a software license or sublicense in the software according to the licensing agreement accompanying such software, which extends only to Customer's own internal business use of such software and only on or with the designated CPE. Software must be held in confidence and may not be reproduced unless specifically authorized by the software licensor. Customer is prohibited from reverse engineering, decompiling or disassembling the CPE or otherwise attempting to derive the source code of the software. All CPE is subject to the terms and conditions set forth in the manufacturer's or publisher's warranty or end-user license.

**5. Insurance.** Without limiting the liabilities or indemnification obligations of Customer, Customer will, at its own cost and expense, maintain during the term of this Agreement, such insurance as required hereunder. The insurance coverage will be from a company, or companies, with an A.M. Best's rating of A-VII and authorized to do business in each state where CPE is located. Customer may obtain all insurance limits through any combination of primary and excess or umbrella liability insurance.

1. Commercial General Liability with limits not less than \$1,000,000 per occurrence and aggregate.
2. "All-Risk" property insurance on a replacement cost basis in an amount sufficient to cover the CPE, including CenturyLink or a third-party provider designated by CenturyLink, as loss payee as their interests may appear.

CenturyLink, its affiliates, subsidiaries, and parent, as well as the officers, directors, employees and agents of all such entities will be included as additional insureds on the Commercial General Liability policy. Policies will be primary and not contributory to insurance which may be maintained by CenturyLink, subject to the Indemnification provisions of this Agreement. Prior to commencement of work under this Agreement, Customer will make available to CenturyLink evidence of the insurance required herein.

**6. Charges.** The charges for CPE and Service are set forth in the Rental CPE Rate Attachment, and will be used to calculate Contributory Charges. Charges will commence within five days of CenturyLink's notification to Customer that the Underlying Service is provisioned and ready for use ("Start of Service Date"). CenturyLink may cease providing Service and demand return of CPE if payment is not made when due.

**7. CPE Replacement Recovery Charge.** Where CPE rented from CenturyLink is replaced due to loss or damage not covered by maintenance under the applicable Detailed Description (for example, damage from accident, misuse or abuse), Customer will pay: (a) the Replacement Cost for the damaged CPE, and (b) a one-time charge to cover CenturyLink's cost to ship the new CPE. If Customer requires on-site assistance from CenturyLink to install the replacement CPE, an additional dispatch charge will apply. CenturyLink will quote the charges in advance, obtain Customer's approval, and invoice the charges within 60 days. Customer is responsible for any claim for reimbursement from its insurance carrier. The terms and conditions in this Service Exhibit will continue to apply. Replacement CPE may or may not be the same model.

**8. Term.** This Service Exhibit will commence on the Effective Date of the Agreement (or, if applicable, an amendment to the Agreement if this Service Exhibit is added to the Agreement after its Effective Date), and will remain in effect until terminated. Either party may terminate this Service Exhibit with at least 60 days prior written notice to the other party. Termination will not affect obligations under Rental CPE Rate Attachments accepted prior to the effective date of termination, and this Service Exhibit will remain in effect as

**CENTURYLINK MASTER SERVICE AGREEMENT  
RENTAL CPE SERVICE EXHIBIT**

to such obligations if it would otherwise have terminated. CPE and Service ordered during the Term will commence on the Start of Service Date and will continue for a number of months as set forth on the Rental CPE Rate Attachment ("CPE Term"). Upon expiration of the CPE Term, CPE and Service will automatically renew on a month to month basis at the then current rates, unless either party elects to terminate the CPE and Service by providing 60 days prior written notice of such termination to the other party. If the Agreement or any CPE and Service provided hereunder are terminated prior to the expiration of the applicable CPE Term for reasons other than by Customer for Cause, then Customer will pay to CenturyLink: (a) all charges for CPE and Service provided through the effective date of such cancellation; and (b) an early cancellation charge of 100% of the balance of MRCs that otherwise would have become due for the unexpired portion of the CPE Term.

**9. Installation, Maintenance and Safety Compliance.** Installation, maintenance or other labor provided to Customer pursuant to this Agreement is subject to, and controlled by, Detailed Description(s) which are posted under CPE at <http://www.centurylink.com/legal/> and are incorporated by reference and made a part of this Service Exhibit. CenturyLink may change the Detailed Descriptions at any time and such change will be effective upon posting to the Web site. Customer is responsible for informing CenturyLink of the existence, location and condition of any Hazardous Substances that may be in or around the CenturyLink work area. "Hazardous Substance" means a substance regulated by any safety regulation and includes, without limitation, asbestos. Customer will indemnify and hold CenturyLink harmless from any fines or other liability of CenturyLink arising from Customer's failure to inform CenturyLink of hazardous substances.

**10. Additional Limitation of Liabilities.** If CPE contains a firewall or other security features, CenturyLink makes no warranty, guarantee, or representation, express or implied, that all security threats and vulnerabilities will be detected or that the performance of Service will render Customer's systems invulnerable to security breaches. Customer is responsible for Customer's own network security policy and security response procedures. If any equipment or software not provided by CenturyLink impairs Customer's use of CPE, Service or an Underlying Service: (a) Customer will nonetheless be liable for payment for all CPE, Service and Underlying Service provided by CenturyLink; and (b) any SLA generally applicable to the Service or Underlying Service will not apply.

**11. Miscellaneous.** With respect to the Agreement terms incorporated by reference, "Service" is replaced with "CPE" and "Service" as defined in this Service Exhibit.

**12. Other Terms.**

**12.1 General.** Any references to a Revenue Commitment or Contributory Charges will not apply to this Service Exhibit.

**12.2 Cancellation and Termination Charges.** This Section replaces Section 4.6, the Cancellation and Termination Charges set forth in the Agreement:

**Termination.** Either party may terminate an individual Service: (a) as set forth above with 60 days' prior written notice to the other party, or (b) for Cause. If an individual Service is terminated by Customer for any reason other than for Cause or by CenturyLink for Cause prior to conclusion of the applicable CPE Term, then Customer will pay the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. If the Agreement is terminated by Customer for any reason other than for Cause, or by CenturyLink for Cause prior to the conclusion of the Term, all Services are deemed terminated, and Customer will pay the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. "Cause" means the failure of a party to perform a material obligation under the Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default; or (b) for any other material breach, within 30 days after written notice (unless a shorter notice period is identified in a Service Attachment).

**12.3 Service Notices.** Notices for disconnection of Service must be submitted to CenturyLink via Email at: [BusinessDisconnects@Centurylink.com](mailto:BusinessDisconnects@Centurylink.com). Notices of non-renewal for Services must be sent via e-mail to: CenturyLink, Attn.: CenturyLink NoRenew, e-mail: [Norennew@centurylink.com](mailto:Norennew@centurylink.com). Notices for billing inquiries/disputes or requests for Service Level credits must be submitted to CenturyLink via Customer's portal at <https://www.centurylink.com/business/login/> or via Email at: [Care.Inquiry@Centurylink.com](mailto:Care.Inquiry@Centurylink.com). All other routine operational notices will be provided by Customer to its CenturyLink sales representative.

**12.4 CPNI.** CenturyLink is required by law to treat CPNI confidentially. Customer agrees that CenturyLink may share CPNI within its business operations (e.g., wireless, local, long distance, and broadband services divisions), and with businesses acting on CenturyLink's behalf, to determine if Customer could benefit from the wide variety of CenturyLink products and services, and in its marketing and sales activities. Customer may withdraw its authorization at any time by informing CenturyLink in writing. Customer's decision regarding CenturyLink's use of CPNI will not affect the quality of service CenturyLink provides Customer. "CPNI" means Customer Proprietary Network Information, which includes confidential account, usage, and billing-related information about the quantity, technical configuration, type, destination, location, and amount of use of a customer's telecommunications services. CPNI reflects the telecommunications products, services, and features that a customer subscribes to and the usage of such services, including call detail information appearing in a bill. CPNI does not include a customer's name, address, or telephone number.

**12.5 Conflicts.** If a conflict exists among the provisions of the Service Attachments, the order of priority will be as follows: the Service Exhibit, the general terms of the Agreement, SLA, SOW (if any) and Order Form, as applicable, and then any other documents attached or expressly incorporated into the Agreement.
