DEED – Unemployment Insurance Information for Employers

On March 16, Governor Walz issued an executive order ensuring workers affected by COVID-19 have full access to unemployment benefits. The order also relieves taxpaying employers of benefit charges associated with COVID-19. This means a company's unemployment tax rate will not increase if your workers collect unemployment benefits due to COVID-19. If your workers apply for unemployment benefits, DEED will let you know.

This program allows employers to seek an alternative to layoffs - retaining their trained employees by reducing their hours and wages that can be partially offset with UI benefits. Workers of employers who are approved to participate in the Shared Work Program receive the percentage of their weekly UI benefit amount based on the percentage of hours and wages reduced, not to exceed 60 percent.
