## SOLID WASTE DISPOSAL AGREEMENT

This Agreement is made and entered into by and between the County of Roseau (herein "Roseau County"), a political subdivision of the State of Minnesota, and MAR-KIT Landfill Joint Powers Board (herein "Mar-Kit") a joint powers organization of the Counties of Marshall and Kittson, two political subdivisions of the State of Minnesota.

### RECITALS

Roseau County has a statutory responsibility to provide disposal facilities for solid waste generated within its jurisdiction pursuant to Minn. Stat. Chapter 400.

Mar-Kit owns and operates a landfill located in Section 12, Thompson Township, Kittson County, Minnesota (the Mar-Kit Landfill) which is permitted to dispose of solid waste and has capacity to accommodate waste generated in Roseau County.

Mar-Kit and Roseau County agree that the Mar-Kit Facility shall be used for disposal of solid waste generated in Roseau County.

NOW THEREFORE, in consideration of the benefits that each party will derive from this Agreement and the mutual promises and covenants set forth herein, Mar-Kit and Roseau County hereby agree as follows:

### AGREEMENT

1. **Authority.** Mar-Kit and Roseau County represent to each other that this Agreement is a valid and legally binding obligation of their respective boards and is enforceable in accordance with the provisions contained herein. Specifically, Roseau County and Mar-Kit represent that they have the requisite authority to enter into this Agreement, that they have complied with the necessary legal requirements relating to its execution and that the persons executing this Agreement have the requisite power and authority to do so.
2. **Waste Disposal.** Beginning January 1, 2016 and continuing for thereafter until December 31, 2025, Roseau County agrees to arrange for delivery for disposal of not less than 8,500 tons (minimum tonnage) per year and not more than the minimum tonnage plus 50% (maximum tonnage) of mixed municipal solid waste generated in Roseau County to the Mar-Kit Facility. Mar-Kit agrees to reserve space sufficient to accommodate the amount of mixed municipal solid waste agreed herein to be delivered by Roseau County and to dispose the same in accordance with state and federal requirements at the current Mar-Kit Facility.
3. **Hauling.** Roseau County shall arrange for the hauling of the solid waste to the Facility either in trailers of its own or with other equipment. Roseau County agrees to deliver the waste at the Facility only between the hours of 7:30 A.M. and 3:30 P.M. on the days of Monday through Friday, excluding holidays as defined by the Mar-Kit Landfill Employment Handbook or as otherwise agreed to by the parties.

4. **Acceptable and Unacceptable Waste.** This Agreement relates exclusively to the disposal of solid waste as defined in Minn. Stat. Section 116.06. Wastes which are prohibited from disposal at a solid waste sanitary facility by state or federal law or regulation may not be disposed by Roseau County at the Facility. In summary, prohibited waste presently includes waste defined as hazardous, sewage sludge, septic tank pumpings, infectious waste, waste oil, radioactive waste, or wastes containing free liquids as specified in Minn. Rules Part 7035.2535.
5. **Disposal Requirements.** Roseau County shall comply with all state and federal laws and regulations applicable to the disposal of its waste and all reasonable requirements (which may include a pre-processing requirement or a handling surcharge to be negotiated for concentrations of unusually low density, non-compactable or otherwise difficult to handle materials) established by Mar-Kit with regard to the disposal of waste and the operation of the Facility. Mar-Kit shall advise Roseau County of its requirements and any changes thereto at least 60 days in advance of the implementation of the requirements or changes. Roseau County shall also advise Mar-Kit of any major changes in its waste hauling and disposal practices at least 60 days in advance of said changes.
6. **Unacceptable Waste Delivery.** Mar-Kit may reject the delivery of any unacceptable wastes brought to the Facility by Roseau County. Roseau County shall promptly make arrangements for the collection and alternative disposal of such waste. In the event that Roseau County fails to promptly make alternative disposal arrangements, Mar-Kit may arrange for the disposal of these materials at its discretion as authorized by law. Roseau County shall pay any additional costs incurred by Mar-Kit in the collection, transportation, and disposal of unacceptable wastes. Unless otherwise agreed in advance, a part of the cost of disposal of household hazardous wastes pulled from the waste stream at the Mar-Kit facility shall be charged to Roseau County in proportion to Roseau County's total contribution of waste.
7. **Reservation of Disposal Capacity.** Mar-Kit agrees to reserve enough air space and operational capacity at the Facility to enable it to comply with this agreement, including any adjustments, throughout its term.
8. **Disposal Fee.** Roseau County shall pay Mar-Kit \$50.00 per ton (includes closure fees) for the disposal of solid waste at the Facility during the time period of this agreement. Mar-Kit agrees that these disposal fees shall cover the entire cost of operating the Facility as well as closing it and for providing contingency or remedial action and performing post closure monitoring and maintenance and that it will not attempt subsequently to collect additional funds from Roseau County for the disposal of waste at the Facility pursuant to the terms of this Agreement.
9. **Governmental Charges.** In addition to the disposal fee, Roseau County shall pay all taxes, fees and charges lawfully required by the State of Minnesota or the federal Government. Roseau County shall not be required to pay any additional charges which Mar-Kit otherwise imposes

on the disposal of waste at its Facility. Mar-Kit shall provide a listing of the amount of Governmental Charges owed by Roseau County on each invoice for payment.

10. **Minimum Payment Requirement.** Roseau County agrees that if in any year of this agreement ("agreement year" measured with reference to the starting date in Paragraph 2) Roseau County does not deliver the minimum tonnage of acceptable waste to Mar-Kit agreed to herein; Roseau County will pay a shortage-fee of \$40.00 per ton for each ton it is short of the agreed minimum tonnage. The shortage-fee will be payable at the same time as and in addition to the normal tipping fees for the last month of the agreement year.
11. **Records and Payments.** Roseau County and Mar-Kit shall both keep records of the amount of Roseau County solid waste disposed at the Facility. Mar-Kit shall maintain a certified truck weighing scale at or near the Facility and all Roseau County waste shall be weighed prior to disposal. Mar-Kit shall maintain a record of each delivery of Roseau County waste which includes the gross weight, tare weight, date, truck identification number, and total tonnage of acceptable waste determined to have been delivered to the Facility. On or before the 10th day of each month, Mar-Kit shall submit an invoice to Roseau County identifying the total tonnage of Roseau County waste disposed at the Facility and the required disposal fee as well as any Governmental Charges. Roseau County shall pay this sum within one month following the receipt of the invoice. In the event of disagreements with regard to waste tonnage or payment requirements, Roseau County shall promptly notify Mar-Kit upon receipt of the invoice, make payment with regard to any undisputed amount and work cooperatively to resolve any discrepancies.
12. **Severability.** If any term or condition of this agreement is illegal, invalid, or unenforceable under present or future laws effective during the term of this agreement, it is the intention of both parties that the remainder of this agreement shall continue in effect if reasonably possible and that in lieu of any such term or condition, there be added as part of this agreement a term or condition as similar as possible and also legal, valid and enforceable. In the event Mar-Kit is not able to obtain permitting or is otherwise prevented by legislative or court action from lawfully receiving mixed municipal solid waste for disposal, this agreement shall terminate.
13. **Indemnification.** Mar-Kit agrees that it shall indemnify and defend Roseau County from any liability or claim of liability rising out of the disposal of waste in accordance with this Agreement unless such liability or claim of liability arises as a direct and expected result of activity by Roseau County which is negligent or unlawful at the time it occurs. This provision is not a waiver or modification of the parties rights to limit environmental liabilities as provided in Minn. Stat. § 466.04.
14. **Agreement Administrator.** The Mar-Kit Landfill Manager and Roseau

County's Environmental Officer shall be the individuals responsible for the day to day interpretation and administration of this Agreement. All questions, requests and concerns relating to this Agreement shall initially be addressed to these administrators or their designees.

15. **Assignment.** Neither Mar-Kit nor Roseau County shall assign this Agreement or transfer any interest in the same without the prior written consent of the other party. Consent to a transfer of a part of Roseau County's tonnage allotment to another waste provider shall not be unreasonably withheld by Mar-Kit where doing so would have no direct adverse economic consequences to Mar-Kit.

16. **Notices.** All notices and consents required or permitted by this Agreement must be in writing and, if mailed, shall be deemed to have been given when mailed by registered or certified mail, return receipt requested, postage prepaid and addressed as follows:

If to Roseau County: Environmental Officer  
606 5<sup>th</sup> Ave., SW Room 150  
Roseau, MN 56751

If to MAR-KIT: MAR-KIT Landfill Manager  
2650 290<sup>th</sup> Ave  
Hallock, MN 56728

17. **Prior Agreements.** This Agreement, in all respects, supersedes and replaces the previous agreement between the parties hereto.

18. **Amendment.** This Agreement may be amended or modified or its provisions waived only by a written amendment executed by and on behalf of the parties hereto, or in the case of a waiver, by the party waiving compliance. The failure of any party at any time to require performance of any provision in this Agreement shall in no manner affect the right to enforce that provision or any other provision at any time thereafter.

**Attachments:** Joint Funding Agreement for example use only.pdf

Jeff,

In my meeting with the Roseau River Watershed District today the Watershed District agrees that installing a new gage on the Roseau River Diversion is needed to maintain the integrity of the flood forecasting system on the Roseau River. Additionally, the Watershed uses the Center Street gage for its operation of various other Watershed flood mitigation projects requiring the need to an additional flow gage on the diversion project. The RRWD has agreed to participate in the cost of installation and maintenance of the new gage on the Diversion channel and has requested County participation as well due to the need for this gage in flood forecasting and emergency management. The proposal is to cost share the local portion of the installation and maintenance of this gage three ways between the City, County and Watershed District. If you could present this proposal to the Roseau County Board for consideration it would be appreciated. The costs are itemized in the e-mail below.

Thanks,  
Todd.

Todd and Jeff,

Below is a table of the proposed funding for a Joint Funding Agreement (JFA) between the USGS and City of Roseau. The costs are those Eric cited on Monday's call. These are based on our plans to do the simpler radar gage installation on the bridge this summer, but if all of us decide that we aren't getting satisfactory data, we can change the installation to a more traditional non-submersible pressure transducer later, at our cost.

I also included a PDF example of a blank JFA, in case you want to look it over first. It's a standard form from our headquarters, so we can't change any of the wording not in the text boxes. The text boxes will be populated with the particulars of the site, work, etc. Item #6 cites what I referenced about either party being able to back out of the agreement with advanced notice. Let me know if you have any questions about it.

If the funding looks agreeable, let us know and we will send you 3 copies of the JFA for your signatures. You'll keep one copy and return the other two. Then you would be billed annually by the USGS (or if you would rather be billed quarterly I think we can make that adjustment).

This is what I have for your fiscal information that will be used for the JFA and billing. Let me know if anything is incorrect.

Also we (Lisa) will need your Federal Tax ID#
