Consent Agenda
- Approval of Minutes of February 13, 2018
Selectman Opalinski noted several corrections; Selectman Talbot and Selectman Carroll clarified homeowners/farmers should not be affected by new Storage of Flammables fees.
Selectman Opalinski made the motion to approve the Minutes of February 13, 2018, with changes; Selectman Whitney seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Fountain).

Old Business
- GPS listing – Active Units
Mr. Beckley submitted a report of the current status of the GPS units. Units will be installed in Fire Chief and Deputy Fire Chief’s vehicles on March 21, 2018. No action of the Board is necessary.

Scheduled Appearances
- 7:05 p.m. Dangerous/Nuisance Dog Hearing

Chairman Talbot read notice of the hearing. All parties were notified by certified and regular mail. Ms. Lynn Liquornik stated that they do not want to be afraid in their backyard. Wilma was the only dog, of their four, that was attacked by Cotton, with pain and vet bills.

Mr. Wansick noted that Cotton was interactive with his and his sister’s children, neighbors, and other neighbors’ dogs, with no problems prior. He stated that his new puppy ran up to Wilma, Wilma growled and snapped, and Cotton defended the new puppy. Mr. Wansick noted that he believed this incident was cause and action, not a vendetta, that dogs often scuffle, and he loves animals, offered to care for the dog and pay the vet bills, but that Mr. Maslanka yelled “that dog is gone!” without being willing to discuss the situation. Mr. Wansick stated that no one wants Cotton labeled as a “vicious dog” and Cotton is a family dog, one of three in the family. Mr. Wansick stated he is willing to put up a fence when the ground thaws.
Animal Control Officer Sydney Plante stated that a six-foot high fence is a good plan, and she does not recommend that Cotton be euthanized, as this accident happened and all parties want to prevent this from happening again. The dog Wilma had wounds on the neck and superficial wounds; these were full bites from a dog at least 100 pounds. Wilma was attacked on her own property, so the owners of Cotton need to make efforts and restrain Cotton from running at large.

Chairman Talbot noted documentation received from the ACO this afternoon include the vet bill. Mr. Wansick stated he has requested the vet bill to try to take care of this and resolve. Chairman Talbot noted the leash laws and "dogs running loose" law.

Mr. Wansick’s sister explained that Cotton was a rescue dog, and Cotton chose Mr. Wansick as a favorite. She did not give Cotton to Mr. Wansick because of problems with the dog; the dog has always been a wonderful family pet.

Chairman Talbot noted the recommendations by the ACO to build a fence and keep Cotton restrained at all times, on and off the property.

The Board of Selectmen postponed a determination of this dog and did not declare Cotton as a nuisance or dangerous.

Selectman Opalinski made the motion to not declare Cotton as a nuisance or dangerous dog, contingent upon Mr. Wansick taking the following actions:

- You shall install a 6-foot high fence with locking gate.
- Cotton must be on leash in your yard, until the fence and locking gate have been installed.
- Cotton must be restrained at all times on a leash of 6 feet whenever out of your yard.

Selectman Whitney seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Fountain).

- 7:15 p.m. East Quabbin Land Trust – Parking Area on Church Street

Cynthia Henshaw spoke of the upgrade to the railroad bed into the rail trail. The plan is to formalize as parking area, with crossing safety features such as raised dividers, rumble strips, blinking lights. Selectman Carroll questioned safety issues regarding plowing, stating he was not in favor of rumble strips. Selectman Opalinski asked what other communities are doing, citing that a life is more valuable than a plow. Selectman Whitney asked Mr. Kilhart’s opinion. Mr. Kilhart noted that 14 inch rumble strips allows pedestrians to cross, with room for plows, and is worth saving one person. Selectman Talbot noted communities such as Amherst and Northampton also have warning lights before the crosswalk. Resident Bill Jackson questioned the concern for the plows. Denis Quimette, from Open Space Committee, noted this has been developing for 20 years and is a fantastic move forward. Selectman Carroll stated his opposition to the plan for rumble strips as cause for liability.

Selectman Whitney made the motion to accept the parking request as presented, and to work with EQLT; Selectman Opalinski seconded the motion. The motion passed on a vote of 3 Yes, 1 No (Selectman Carroll), 1 Absent (Selectman Fountain).

- Request to Speak: Patrick McAvoy

Mr. McAvoy presented the request, on behalf of his wife, Bobbi McAvoy, to be placed on the Town insurance. Mr. McAvoy stated that Mrs. McAvoy is a retired, disabled, employee of the Town.

Mr. Beckley noted that Mrs. McAvoy was a call firefighter, and was not eligible for town insurance per MGL 32B. Mr. McAvoy contended that Mrs. McAvoy retired under the disability. Previously, Mr.
McAvoy held the insurance for himself and Mrs. McAvoy. Mr. McAvoy explained that Mrs. McAvoy was two years on injured, paid as retired, disability. Mr. McAvoy noted that the Fire Department still has part-time employees not covered or eligible for Town insurance. Mr. McAvoy stated it was disgusting how the call firefighters are not eligible for benefits but put their lives on the line. Selectman Carroll requested the whole file be reviewed and present in-depth facts and information be provided at April 3, 2018 meeting. Selectman Carroll made the motion to postpone a decision to April 3, 2018, pending facts and information be presented; Selectman Whitney seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Fountain).
Resident Jen McMartin noted that the Town is a business and should not be responsible if the policy stated the employee was not eligible for Town insurance.

- Proposal Shared Public Health Nurse Belchertown/Ware; Approval of Inter-municipal Agreement
Judy Metcalf, Board of Health Director, explained both public health nurses of Ware and Belchertown retired, and the proposal is to share a public health nurse. The pay will be $26/hour, 20 hours/week, and the person will be employed through Town of Belchertown. Ware will pay employer share after one year. Work will be a 50/50 split, but emergencies do occur, and some activities will be shared such as BMLH opioid meetings. There will be no overtime pay, but comp time can be earned. Belchertown has a personnel by-law regarding strict use of comp time. The document will be finalized and presented to Selectmen soon to be signed.

Comments and Concerns of Citizens
Bill Jackson noted Open Meeting Law and stated that the people are losing their say, hopefully change after election.
Keith Krukas stated the mailing to residents for the $50 ambulance fund was a waste to mail out.
John Desmond stated special mailings should go out with tax bills, and questioned the road override, town vehicles and mileage logs. Mr. Beckley noted that Mr. Desmond should submit a Public Records Request. Mr. Desmond stated that no one checks the mileage; Mr. Beckley noted his higher trust level for department heads. Mr. Desmond stated that almost $4million leaves the town in employee salaries, and more employees should live in town. Mr. Desmond stated the Town should have residency requirements, and Mr. Beckley should move into town, and live in the Slum and Blight area. Mr. Desmond stated that a critical review should be done of all departments.
Cathy Cascio stated she is frustrated with the GPS issue, and questioned why these are not installed and turned on.
Jack Cascio questioned if the GPS issue was a union issue; Mr. Beckley noted that most will be installed and turned on by April 21, 2018.
Jen McMartin noted that union personnel drive the vehicles.
Selectman Opalinski noted the budget gap and suggested a subcommittee be formed to study this. Mr. Beckley stated this is a discussion every year at budget meetings, and at this time the gap is approximately $300-$400,000. Selectman Whitney noted that Finance Committee addresses this gap. Selectman Opalinski noted that a group to strategize would provide fresh outside eyes to the issue. Selectman Whitney suggested this issue be an agenda item. Chairman Talbot noted the Budget Gap would be placed on the April 3, 2018 agenda.

- Roads – Ballot Question Forum
Mr. Beckley provided handouts to explain the $1million ballot question that provides for stabilization funds
for road repairs. Chapter 90 is approximately $440,000 annually.
Dick Kilhart, DPW Director noted that the Town gave him a list of roads in need of repair. The first proposal is a $5 million bond. The second proposal lists same streets in priority, class and ranking. First proposal lists Babeck Tavern Road as the worst road in need of subsurface, drainage and water and sewer infrastructure. The Town might spend all funds on one road or work to improve entire roadway network. The Town needs to begin the process. Chapter 90 funds can be used for sidewalks, compressor, design.
Mr. Krukas stated that taxpayers cannot take on any more tax increases.
George Satti questioned if the increase is continuous. Mr. Beckley noted that Stabilization Funds can only be changed by ballot; the Board of Selectmen can raise by 2 1/2 percent or lower.
Cathy Cascio noted that, if we say yes, then we are relinquishing to the Board of Selectmen in perpetuity, it will never go down.
Mr. Beckley noted that he hoped the Board would listen to the DPW recommendations. The Capital Planning Commission has noted an alternative is to borrow on a bond, but that adds interest. The ballot question cannot be changed.
Mr. Jackson noted that 26% of the town are senior citizens and taxes are too high already.

- Marijuana Ballot Question Language
Mr. Beckley thanks Mrs. Talbot, town counsel and the Attorney General for helping formulate the language of the ballot question. It is an uncommon bylaw by ballot. If the ballot question passes, the next step is to pass at town meeting. This does not undo state law question 4 that allows people to grow and use legalized, but this would prohibit retail recreational stores in Ware.
Selectman Whitney questioned that the town can charge a town tax; Mr. Beckley noted 6% revenue generating. If the ballot fails, there can be no town meeting action.

Old Business
- Audit Methods
Mr. Beckley presented five suggested methods for an audit. Board members agreed on use of Method #5: Review by a municipal management independent reviewer. There are several firms or individuals who do this work and would focus on the operations as well as fiscal budget of a department. This is what would come closest to a department “critical review.” Cost $5,000-$10,000 depending on the department.
Selectman Whitney made the motion to use Method #5, on a 4-year rotation, starting with the Fire Department, with this first audit to be completed by the end of the calendar year 2018; Selectman Opalinski seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Fountain).

Selectman Carroll noted that the Fire Department Petty Cash account should be suspended until completion of the audit.
Selectman Whitney made the motion to Suspend Fire Department Petty Cash Account, until completion of the audit; Selectman Carroll seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Fountain).

New Business
- Consideration of Opioid Lawsuit
Mr. Beckley explained that the lawsuit is the Commonwealth and States suing the distributors of opioids. There is no cost to join. Selectman Opalinski noted Ware’s reputation. Selectman Talbot agreed that the Town should join this. Mr. Beckley noted that distributors are controlled by Federal law with over $1 billion
profits annually. Mr. Beckley will meet with Kopelman and Paige and will obtain town counsel opinion.

The community has generously made donations for this event, and the organizers hope to fill a truck with needed items for two animal shelters. The 501(c)3 status approval is still pending. Selectman Opalinski made the motion to approve the Special Event Permit; Selectman Whitney seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Fountain).
Budget. The Budget was distributed to Board boxes along with a budget cover message. The Finance Committee’s last scheduled review meeting is March 27. The Capital Planning committee is meeting with departments and will make recommendations during the first week of April. The available funds are approximately $300,000. The Historical Commission is working to submit a grant for an architectural envelope study of the Town Hall. This would be a 50% grant and likely cost $15,000 to $20,000.

Reminder: April 10 – Town Meeting Warrant closes for submittal of articles.

Announce MassBar Association Offers Western MA Dial-A-Lawyer (413-782-1659) to residents on Thursday, April 12, 2018, 4pm – 7pm.
Chairman Talbot announced the Dial-A-Lawyer information.

Chairman Talbot also read the following Important Notice from the Board of Health regarding the Needle Drop off Box (Sharps Kiosk): Please follow ALL the safety rules when using this service. The Town is at risk of losing the vendor that services our kiosk boxes because hazardous situations exist that make it risky for their workers. No loose needles EVER. Very dangerous. No needles in plastic bags. Also very dangerous. Use correct containers. Containers are provided free as long as supplies last. Do not over stuff the kiosk. If the box is full, come back another time after it has been emptied. It is very risky for a customer to push containers into the box when it is full. You risk getting a needle stick from an unknown needle. It is also dangerous for the worker emptying the box. No pills or drugs in the box. Use medication drop box at police station. Also, this service was made available free of charge by the taxpayers of Ware to help keep needles out of our parks and road sides. Also to help our seniors and other residents who take medication by injection. Commercial generators of syringes-acupuncturists, tattoo artists, dentists, and doctors should arrange their own service pick-up at their place of business.

Comments and Concerns of Citizens
Boy Scouts – Food Drive
The Boy Scouts were not present.

Selectman Opalinski noted that E2E has a hot jobs list which includes job description, location, and pay.

Scheduled Appearances
- Request to Speak: Keith Krukas

Keith Krukas noted his concerns of Mr. Kilhart leaving, there is no follow through at the DPW, and Mr. Kilhart has destroyed the DPW department, being concerned only with the water aspect. Mr. Krukas stated there should be a better process in hiring and licensing. Mr. Krukas questioned the status of the $6million water plant, and this project should be put on hold. Mr. Krukas stated that the Parks department now does all mowing and cemeteries, and this should be looked at. Mr. Krukas stated that roads have not been handled well, funds are not used appropriately, and the DPW and Water/Sewer should have separate supervisors. Selectman Opalinski noted that the director and all employees are licensed and highly skilled, and there are so few qualified with our small rural town that must compete with other towns. Chairman Talbot noted that the DPW Director position has been posted on MA Highways, MMA and Town website. Mr. Beckley noted that the $6million facility is the result of a year-long water & sewer master plan study, with design engineer on the project now at 60% design, and an update will be given in two weeks.

Old Business
- McAvoys Health Insurance Request
Mr. Beckley noted the memorandum which lists all points to why Mrs. McAvoys was not and is not eligible for Town health insurance. Mr. Beckley noted that MGL 111F and 32B applied to Injured on Duty are the determining laws. Mr. McAvoys stated he has contacted the Attorney General’s office. No vote was taken.

New Business
- Approval of Appointment of Building Inspector
Mr. Beckley noted Ms. Marques’ experience and education, with training and certification pending, and her commitment, knowledge and current position. Ms. Marques stated this opportunity is welcome, and she will continue to work with Chris Rice. Selectman Carroll asked what the period of commitment is: Mr. Beckley stated the period of commitment is two years. Selectman Whitney made the motion to approve the appointment of Anna Szmyd Marques as Building Inspector; Selectman Opalinski seconded the motion. The motion passed on a vote of 5 Yes, 0 No.
• Budget Gap Discussion
Mr. Beckley presented the five-year model prepared by Mrs. Meehan with gap between revenues and expenditures. Mr. Beckley noted there are several strategies for addressing the gap:
- Raise revenues: with new growth, higher property values, and increase in building permits, but may not cover the gap in the near future.
- Decrease expenditures: cut personnel, service departments, keep parks and senior center intact, small department cuts of personnel, or cut fire, police, schools. The Board of Selectmen, Finance Committee and Schools need to set priorities and look at leveling and/or cutting expenses. Another possible was to cut expenditures is to study regionalization of services – already using this for ACO, senior services, and ambulance.
Mr. Beckley noted that Chapter 90 funds were underfunded 6-7 years ago and are now leveling in 2018. Families look at the quality of schools and housing. The Finance Committee works on the budget, and must balance each year.
Selectman Opalinski stated that a new team or committee should look at finances. Mr. Beckley noted that the health insurance is at .9% this year, and is claims driven.
Selectman Whitney noted that health insurance costs should be a priority in negotiations. Mr. Beckley stated that if the Town is able to go to GIC, whatever is saved in the first year must be shared with employees.
Selectman Carroll stated it is time to look at regionalization and to study costs, school populations, transportation or other costs. The Board noted that discussion with School Committee should be done.
Selectman Whitney made the motion to Table the Budget Gap Discussion to meet with the School Committee; Selectman Opalinski seconded the motion. The motion passed on a vote of 5 Yes, 0 No.

• Toll Road Application – Aspen Street Rod & Gun Club, Saturday, April 21, 2018

• Town Manager Evaluation, Contract
Mr. Beckley noted his own evaluation, following the model of the survey, for the Board of Selectmen to give feedback. Selectman Opalinski stated that a composite survey should be completed, the Board of Selectmen’s survey should take priority, and a working session should be scheduled. As there may be new members of the Board of Selectmen after the April 9, 2018 election, the Board discussed scheduling two meetings before the election to create the composite survey and discuss whether to go forward with the Town Manager’s contract. In order to give the public 48 hours’ notice of the meetings, the Board instructed the clerk to post the meeting immediately (at 8:00 p.m.)

Clerk Midura left the meeting at 8:05 p.m. to publish the agenda of April 5, 2018. Chairman Talbot handed the gavel to Vice Chairman Whitney, and left the meeting at 8:05 p.m. to timestamp and post (as Town Clerk) the April 5, 2018 agenda.

Town Manager Report
Upcoming dates:
April 9 – Town Election
April 10 at noon – Close of warrants for submission of articles to Town Meeting
April 21 – Clean up Ware
May 14 – Town Meeting

Main Street.  The Metropolitan Planning Organization for the Western Massachusetts met last week to set the 5-year Transportation Improvement Plan.  The Plan sets the funding schedule for the next five years.  With review by PVPC and the MA DOT district office, it was determined that Ware’s Main Street project will be ready for bid advertising in August, 2019.  This means that construction will likely be in 2020.

As part of the project, the Town will need to appraise and acquire easements for the project.  Town Meeting will include authorization for the Selectmen to acquire the easements, which are all parts of the adjoining sidewalks.

The 75% design of the project is complete and most comments from the State and region departments have been received.  These will be incorporated into the final design.  The project engineer is aware of the responsibility to meet with the Town to present the plans.

Beaver Brook Bridge.  The Massachusetts Dept. of Transportation is conducting engineering reviews of smaller bridges.  The review of the small bridge across Beaver Brook on Old Belchertown Road found that some of the beams supporting the bridge have deteriorated to the point where they are not providing support.  While the engineering study is being completed, DOT is waiting to hear if the Town would like to (1) shore up the bridge with timbers or (2) close the bridge until it can be repaired.

Mary Midura’s work with surplus equipment is paying off.  Here are the funds received to date for surplus DPW vehicles:
1974 Clark Super 301 Grader - $2,959
2001 Ford F350 Pickup - $1,100
2001 Ford Crew Cab - $1,325
Awaiting payment on 1997 Ford 6 Wheel Dump Truck - $4,200
Total: $9,584
Still on Municipibid, closing on April 9 – 2000 Ford F250 Pickup
Previously, three surplus police vehicles were sold.

Climate change impacts.  The Planning Department and a team from the University of Massachusetts led two well-attended sessions on the Town’s vulnerability during natural emergency situations.  With severe weather and its impacts becoming more frequent, preparations for a variety of situations from floods to drought are important.  The UMass team will prepare a final report for review and adoption.  Once finalized, the plan can be used to acquire grant funding to address the identified impacts.

Communications.  Finance Committee member Devin Peterson noted the many questions being raised during meetings and forums and suggested we look at methods for sharing information between
committees and interested members of the public. Rather than establish a new committee to undertake this, we considered calling a regular “all boards meeting” as a way of sharing and coordinating.

**Congratulations to Laura Jablonski on completing 25 years of service to the Town.**

Jim Russell, MassLive reporter, questioned the needed licensing for the new building inspector. Mr. Beckley noted that the State has determined Ms. Marques eligible, training and tests within 6 months, and completed in 18 months, for a 2 year commitment. Cost is $1,500 for the first year.

Mr. Russell questioned the evaluation composite and commitment to negotiate a new contract for the Town Manager. Selectman Opalinski stated that the goal was to complete the evaluation composite and vote to extend the Town Manager’s contract.

Mr. Russell questioned the progress of the Main Street design, and who will be on the mitigation committee mentioned at the MassDOT hearing. Mr. Beckley stated that the design is at 75%. No mitigation committee has been formed, but the goal is to invite all affected by the design to a meeting to participate in the discussion.

Jen McMartin questioned how the survey would be taken into account; Selectman Whitney noted the Board would glean out the scores and comments.

Nicole Sicard questioned the licenses of the DPW; Mr. Beckley noted that all water department employees have the correct licenses.

Selectman Carroll made the motion to Adjourn Regular Session at 8:21 p.m.; Selectman Fountain seconded the motion. The motion passed on a vote of 5 Yes, 0 No.
