Keith Krukas inquired why the tax information was tabled; Selectmen noted this would be discussed at a September meeting. Cathy Cascio inquired why a Public Hearing was not held regarding the ambulance services, and the public had no chance to ask questions or voice concerns. Mr. Beckley noted the request for residents’ questions was on the Town website and in the newspaper. Chairman Talbot noted that Ms. Cascio could ask her questions now. Ms. Cascio questioned the cost of expanding the ambulance services to another town, would there be a need for a substation, was is the compensation to the town and will that cover benefits, salaries, workers’ compensation, training. Ms. Cascio questioned if there is a quick-out clause, and noted the town should take care of Ware first. Chairman Talbot noted all these concerns are covered in the agreement.

Selectman Opalinski moved approval of the application; Selectman Whitney seconded. The motion passed on a vote of 4 Yes, 0 No, 1 Abstention (Selectman Fountain).

• **7:15 p.m. Board of Selectmen Joint Meeting with Hardwick Selectmen RE: Ambulance Contract**
The Hardwick Board of Selectmen and Town Administrator joined the Ware Board of Selectmen to discuss the ambulance agreement. Mr. Beckley noted the agreement reflects the work of both Boards, Chief Coulombe, Mr. Beckley, and the ambulance subcommittee. The Ware Fire Department has been providing the service since April 1, 2017. The amount of $60,000 will be paid by Hardwick to Ware for FY2018, plus $15,000 retroactive will be paid by Hardwick to Ware for FY2017. The agreement will be for three years, with annual review. Approximately $100-150,000 will go to ambulance reserve fund from receipts.
Selectman Carroll stated that #4 should be changed to deposit annual payment of funds to the General Fund. Selectman Carroll noted that an annual review is important, while a contract of three years will give a complete picture of how the agreement is working. Selectman Carroll noted he is a proponent of regionalization, and this agreement is a start in that direction with a savings and benefit to both towns.
Ms. Cascio questioned #1 which gives the Fire Chief discretion, and further suggested use of private ambulance services for Hardwick without increase and stress to resources of the Town of Ware. Chairman Talbot noted that the data analysis showed greater costs with private ambulance services.
Ms. Cascio stated that taxes are too high, and questioned whether ambulance bills are being paid; Mr. Beckley noted that perception is incorrect and approximately 3% in current data show as not paid.
Resident John Desmond objected to the agreement, noting the Fire Chief’s statement in the 2016 Town Report regarding the strain on resources, closing of the hospital, and time involved in this service. Mr. Desmond argued that this agreement should have been presented at Town Meeting or as a ballot vote.
Chairman Talbot noted that the Board of Selectmen are elected to make such decisions for the community, and Hardwick included the appropriation for this in their town meeting budget.
Resident Kim Ring questioned what happens when people do not pay for the ambulance service; Mr. Beckley noted that the town bills several times for the insurance payment and resident payment portions.
Resident Jennifer McMartin questioned the numbers on paper versus these are people’s lives, and it is dangerous to say there is only a 2.5 call increase, as this changes day to day because of life events. Ms. McMartin stated it took her over 25 minutes to drive from Hardwick to Ware.
Selectman Opalinski noted that the system is dual based with the ambulance and fire plus mutual aid. Chairman Talbot noted all these considerations were examined in the subcommittee.
Resident Bill Jackson compared this agreement to the deal with Kanzaki Papers several years ago, and stated that the agreement looked good in writing, but did not work in reality. Mr. Jackson cautioned the Board to think this over carefully.
Resident Brandy Bruso questioned the use of the annual payments; it has been proposed that the annual funds be deposited to the General Fund.
Selectman Opalinski moved to accept the ambulance agreement, with changes to #4 (Add “The annual payment of funds shall be deposited to the General Fund”), #7 (Remove “At the end of this initial term, this Agreement shall automatically renew for successive one (1) year terms.”), and #10 (Revise to read “A member of the Board of Selectmen from each town, the Town Manager/Administrator for each town, the Ware Fire Chief, and one resident from each town shall comprise the Committee.”); Selectman Carroll seconded. The motion passed on a vote of 4 Yes, 1 No (Selectman Fountain).

Hardwick Selectman Allen moved to accept the ambulance agreement, with changes to #4 (Add “The annual payment of funds shall be deposited to the General Fund”), #7 (Remove “At the end of this initial term, this Agreement shall automatically renew for successive one (1) year terms.”), and #10 (Revise to read “A member of the Board of Selectmen from each town, the Town Manager/Administrator for each town, the Ware Fire Chief, and one resident from each town shall comprise the Committee.”); Hardwick Selectman Quink seconded. The motion passed on a vote of 3 Yes, 0 No.

JOHN PAJAK

Vision & Analysis:
Candidates have been asked to provide a 2-3 minute presentation on a 5-year Strategic Plan with proposed changes that they believe are needed that benefit both members of the Police Department and the Taxpayers. This presentation will include analysis of Strengths, Weaknesses, Opportunities and Threats and proposed changes that you believe are needed as well as strategies for implementation.

Mr. Pajak noted he would do an assessment during the first 180 days to determine what the department needs, using IMC data to drive those decisions. Regarding perception v. reality, the first year would be to adjust and assess, during the second year to assess external needs for senior citizens, businesses, schools, neighborhoods. Mr. Pajak noted he would prioritize as a road map to implement changes by end of 2nd year. During the 3rd and 4th years in the operating budget, work with personnel in career paths with ongoing data analysis. In the 5th year to validate the agency, look back and adjust and begin cycle over, using climate surveys and ideas of what employees want.

1A. Noise Pollution Complaints – Palmer Racetrack – Exhaust from Trucks, Cars – How would you deal with these situations?
Mr. Pajak noted that for noise pollution, the DEP can lend equipment to the Board of Health, but chronic noise or vehicle traffic should be dealt with ongoing traffic enforcement on a day to day and incident basis.
QUESTIONS: (Leadership Skill Sets)
1. Describe how your professional development and your work experience has prepared you to be the best and most effective candidate for the Chief’s position.

Mr. Pajak was lead in operations for Sail Boston 2000, search and rescue, anti-gang activity Central MA, eventually overseeing 74 cities & towns, assigned to Attorney General, one of the ranking officers in Molly Bish investigation, often supervising up to 100.

2. Describe how you would track, assess and manage the department’s accountability and productivity of officers including discipline measures.
Mr. Pajak noted he would use IMC to track data and hours on activities, while discipline must be separated from regular operations. Had to suspend an officer for six months with psychological behavior, but also did complete investigation and report.

3. Describe how you would work to retain and recruit officers.
Mr. Pajak noted the organizational climate is important as the officers risk their lives daily. There must be a fair systems of awards and rewards, including recognition of the officers’ daily work.

4. Describe your experience and approach to labor/management relations in a union setting. Describe the Chief’s rights and responsibilities as well as the union’s rights and responsibilities?
Dealt with on both sides, neg. contracts – drive the train collective bargaining agreement – framework – selectboard – rules and regs. – Chief’s as fiduciary for town – people with equipment – workforces – operations in time & equipment.

5. Describe how you would accomplish ongoing professional development for yourself and your subordinates?
Law – MPTC – a) basic needs first responder b) specialized training c) training NE Chiefs – command training at Roger Williams University – believe in professional reading – topics deal with – language – thoughts – equipment – LE community

6. Conservative financial management of scarce municipal resources is a necessity in Ware as it is in many communities. Describe how you plan to maintain the department budget and include any relevant work experience and size of budget you oversaw and an example of why you may have gone over budget and how was it remedied.
Budget – mandates 1st, priorities – partner w/other agencies – Ware PD – basic funding staff & equipment – contractual obligations, use PT officers w/o worked for understaffed, 40 retired, budget cutbacks, essential, ware – be prepared for austere budget – could be layoffs, hope not, budgets in $millions

7. Please provide what you perceive to be the top 3-4 improvements that are needed in the Ware PD?
Morale, focus, shift has priorities – a tad myopic – drug problems, bigger picture – threats: budget, short staff – WPD has high caseloads, morale with WPS doing 1/3 more cases
Positive – direction, work, unanswered - unknown

8. Describe your initial 6 month plan to undertake and prioritize tasks as new Chief?

b) How will you effect a new culture of leadership from being peer (or outside) to being the leader?

9. Tactical efforts such as the use of dash and body cameras have been seen to both protect officers and citizens to identify instances of officer misconduct. Please explain your reasons to support or oppose such cameras for the Ware Police Department, and if you do support their usage, how would you seek to obtain them?

Linkedin – professional publish – Law & Order magazine – Mass Bar Association – weekly list of landmark cases – list from MPTC decisions – roster reading list – electronic distribution

12. Faced with 21st century challenges and limited resources, many communities like Ware face illegal drug crime, which stirs community’s fears. Do you have ideas or examples of innovative practices that address the Police Department’s role in the opioid crisis that you would look to adopt in Ware? What would be your goals in adopting these practices? Would you consider having officers, as first responders, carry Narcan with them?
Discuss Narcan w/Fire Chief & EMS requires agreement; innovative practices are often ineffective. Believe in deterrence w/schools regarding opioids, use of voluntary speakers, talk to senior citizens, encourage use of drug collection boxes. Like old school crimewatch “see it, say something” use of tiplines. Work with Hampshire County Task Force and other agencies, DA’s office. Regarding repeat offenders, involve medical & mental health field. Take the$ out, will solve some; seize assets, but situation is multi-faceted.

13. Describe your work experience handling a crisis situation or major crime event; please describe your experience in dealing with the media in such instances.
Agency spokesman, prefer to deal openly, assigned to Molly Bish case, Sail Boston 2000, environmental police spokesman.

Deliberation/Selection of Police Chief

Selectman Fountain stated his choice for Police Chief was Shawn Crevier, as having the best experience. Selectman Fountain noted his disagreement with candidate John Pajak as an out-of-town person and “the boss’ decision is always right.”

Selectman Carroll stated his choice for Police Chief was John Pajak, although Mr. Pajak was not in favor of accreditation due to costs. Selectman Carroll stated that Mr. Pajak would bring the benefits of an exposure to many different agencies and forms of police work to the Ware Police Department. Selectman Carroll noted that all candidates had good points and any of the three would make a good Police Chief.

Selectman Opalinski noted her election showed a trust by the residents of Ware, and she did her own extensive research. Selectman Opalinski stated that Ware is a mill town with a large opioid problem, and Mr. Pajak’s environmental work cannot be compared to local issues. Selectman Opalinski noted that her research proved that Ware has a great department with dedicated people, policies and procedures.

Selectman Opalinski moved to appoint Shawn Crevier as Police Chief of Ware.

Selectman Whitney noted his ranking of the candidates was Shawn Crevier and John Pajak in a tie, and then Christopher Adams. Selectman Whitney noted his choice was Shawn Crevier for Police Chief.

Selectman Carroll noted this was obviously a 3-1 vote, but he would like the vote to be unanimous, and would support the majority choice.

Mr. Beckley requested that “contingent upon a background check and negotiated contract” he added to the motion.

Selectman Opalinski amended her motion to appoint Shawn Crevier as Police Chief of Ware, contingent upon a background check and negotiated contract, including FBI training, and that the Town Manager contact MMA for up-to-date civil service contract language, and including backfill of positions.

Selectmen Whitney, Carroll and Fountain noted that this meeting was only to appoint the Police Chief.

Selectman Opalinski amended her motion to appoint Shawn Crevier as Police Chief of Ware, contingent upon a background check, negotiated contract, and physical examination; Selectman Fountain seconded. The motion passed on a vote of 4 Yes, 0 No.

Ware Police Department
Attn: Chief Shawn Crevier
22 North St.
Ware MA 01082

Chief Crevier,

I am writing to express my interest in a full-time Patrolman vacancy within the Town of Ware Police Department. I have been striving diligently for the last five years to begin a full-time career in law enforcement. I believe as a life-long resident of the Town of Ware, I could make a career out of bettering our community.

For the last two years, I have been fortunate enough to have the opportunity to work upwards of 2,500 hours as a part-time Patrolman for the Towns of Ware and Hardwick. During this crucial time, I’ve learned what the role of law enforcement encompasses and the responsibilities that come with it. Through my two years of extensive part-time experience, I have learned the demands of the occupation, the importance of teamwork on the job and the general mission of municipal policing on a community level.

During the course of my studies at Franklin Pierce University, I completed four years of higher education where I acquired my bachelor’s degree in criminal justice. During my studies of criminal justice I pursued the Fire and EMS public services, obtaining certifications in both fields in an effort to become a well-versed police officer. I believe this extended background has helped better prepare me to handle the many tasks a police officer will face in the course of their career.

I am seeking an opportunity to not only start a career, but to become part of a team that is actively making a difference in our communities. I am hopeful to join a proactive police department that is held to a high standard of professionalism, community integration, and integrity.

Respectfully,

Benjamin E. Regin

RE: Marijuana Ordinance

As a result of the emerging Commonwealth-wide discussion concerning the siting of marijuana facilities, the Ware Planning and Community Development Department (PCD) has been researching adopted regulations for towns in Massachusetts and elsewhere were this is a legalized use. The findings so far illustrate a majority of cities/towns in a “wait-and-see” mode while a few taking charge of the issue and developing ordinances to accommodate these facilities as a public health and economic development opportunity for their respective communities.

Based on PCD research of marijuana facility siting standards, the predominant consideration is about locating these uses within a determined distance away from where “children commonly congregate in an organized ongoing formal basis.” Average distance requirements in older (2013-2015) marijuana zoning ordinances range between 500-1,000 feet. However, time and experience have demonstrated that these longer distance parameters are ineffective and biased against individuals for whom the medical profession has determined, through individualized scientific testing and diagnosis, that this substance provides the most appropriate health benefits. As a result, the distance parameter in newer ordinances (2015-present) is between 200-300 feet. PCD discussed with the Planning Board proposed language for a marijuana facilities zoning ordinance during the April 16th, May 3rd and June 7th 2017 monthly meetings respectively. A draft marijuana ordinance is attached to this memo for your consideration. Ware’s draft ordinance proposes a distance of 300 feet from the front entrance of an elementary, middle and high schools; playgrounds; State-licensed childcare centers to the front entrance of a proposed marijuana facility.

Ware has a rich history of coming together in the face of economic uncertainty. This new industry offers the opportunity of addressing public health and economic development simultaneously. With proper zoning in place, Ware will be ready to proactively define where these facilities would work for both our residents and the investment community.

(Draft) Registered Marijuana Facilities and Cultivation Sites (Draft)

SECTION __. REGISTERED MARIJUANA FACILITIES (RMF) AND MARIJUANA CULTIVATION SITES (MCS)

Purpose

The purpose of this Section __ is to allow the siting, development and operation of Registered Medical, Recreational and/or Hybrid Marijuana Facilities (RMFs) and Marijuana Cultivation Sites (MCSs) in the Town of Ware in order to 1.) enable individuals with a debilitating medical condition, for which medical marijuana is a viable treatment, to have access to registered marijuana facilities consistent with state law, the Humanitarian Medical Use of Marijuana Act, G.L. c. 94C, App. 1-1 – Chapter 369 of the Acts of 2012, and the Department of Public Health Regulations, 105 CMR 725, and 2.) to allow for the orderly siting of establishments for the retail sale of marijuana and marijuana products.

Intent

It is the intent of Section __ to protect public health and safety; to regulate the siting, design, and safety of Registered Medical, Recreational and Hybrid Marijuana Facilities and Marijuana Cultivation Sites; to minimize adverse impacts on abutting properties; to provide adequate separation from schools, parks, and other areas where children may assemble; and to provide for site security to deter crime and uphold the safety of surrounding neighborhoods.

Definitions

Registered Marijuana Dispensary (RMD): A use operated by a not-for-profit entity registered and approved by the MA Department of Public Health in accordance with 105 CMR 725.000, and pursuant to all other applicable state laws and regulations, also to be known as a Medical Marijuana Treatment Center, that acquires, cultivates, possesses, processes (including development of related products such as food, tinctures, aerosols, oils, or ointments), transfers, transports, sells, distributes, dispenses, or administers marijuana, products containing marijuana, related supplies, or educational materials to registered qualifying patients or their personal caregivers. A RMD shall explicitly include facilities which cultivate and process medical marijuana, and which may also dispense and deliver medical marijuana and related products. The cultivation and processing of medical marijuana in accordance with these regulations is considered to be a manufacturing use and is not agriculturally exempt from zoning.
Medical Marijuana Establishment: a business where the possession, sale, distribution, dispensing and administration of medical marijuana and products containing medical marijuana is authorized.

Recreational Marijuana Establishment: a business where the possession, sale, distribution, dispensing and administration of recreational marijuana and products containing and/or associated to recreational marijuana (e.g., aerosols, art, clothing, food, jewelry, literature, oils or ointments, tinctures, etc.) is authorized.

Hybrid Marijuana Establishment: a business where the combined sale of both medical and recreational marijuana and products containing and/or associated to legalized marijuana use is authorized.

Marijuana Cultivation Site: a business where the cultivation, possession, processing (including development of related products such as food, tinctures, aerosols, oils, or ointments), warehousing, distribution, transferring and transporting of marijuana and products containing marijuana is authorized.

___ Special Permit and Site Plan Approval Required

Registered Medical, Recreational, and Hybrid Marijuana Facilities and/or Marijuana Cultivation Sites require a Special Permit and Site Plan Approval. In addition to the requirements in Article 7 – Administration, Section 7.2, Special Permits, and Section 7.4, Site Plan Review, the provisions of this Section ___ shall apply to Registered Medical, Recreational, and Hybrid Marijuana Facilities (RMFs) and Marijuana Cultivation Sites (MCSs).

1. Host Community Agreement: Applicants shall submit a proposed Host Community Agreement that describes measures the Applicant intends to take to mitigate potential negative impacts on the Town and abutting neighborhood from the Registered Medical, Recreational and Hybrid Marijuana Facility and/or Marijuana Cultivation Site.

___ Separation

No Registered Medical, Recreational and Hybrid Marijuana Facility and/or Marijuana Cultivation Site may be located closer than three hundred feet (300’) of a facility used, at the time of the first notice of the public hearing, for a park, playground, elementary, middle or high school, or state-licensed child day care center. This measurement shall be the distance between the Registered Medical, Recreational and Hybrid Marijuana Facility and/or Marijuana Cultivation Site and the front entrance of the building in question. Such uses shall not be prohibited from locating within three hundred feet (300’) of a Registered Medical, Recreational and
Hybrid Marijuana Facility and/or a Marijuana Cultivation Site, nor shall a Registered Medical, Recreational and Hybrid Marijuana Facility and/or Marijuana Cultivation Site become nonconforming under the Zoning Bylaw if a park, playground, elementary, middle or high school, or state-licensed child day care center later locates within three hundred feet (300') of a preexisting Registered Medical, Recreational and Hybrid Marijuana Facility and/or Marijuana Cultivation Site.

__Security Plan__

In addition to the submission requirements for Special Permit and Site Plan Review, the application shall include a Security Plan designed to deter crime and protect the public safety. The Plan may include measures such as locks, gates, cameras, alarms, fences, lighting, and monitoring protocols. The Ware Police Chief may recommend changes to the Security Plan and the Town of Ware Planning Board will incorporate the Chief’s recommendations in the Special Permit decision to the fullest extent practicable.

__Standards Applicable to Registered Medical, Recreational and Hybrid Marijuana Facilities and/or Marijuana Cultivation Sites__

1. An applicant shall possess a Certification of Registration from the Commonwealth of Massachusetts Department of Public Health as a Registered Marijuana Dispensary and shall comply with the Department's regulations at all times.

2. The siting, development and operation of Registered Medical, Recreational, and/or Hybrid Marijuana Facilities shall be allowed by Special Permit and Site Plan Approval in the Downtown Commercial (DTC), Mill Yard (MY) and Highway Commercial (HC) zoning districts. Marijuana Cultivation Sites are to be allowed by Special Permit and Site Plan Approval in the Mill Yard (MY), Commercial Industrial (CI) and Industrial (I) zoning districts.

3. The proposed plan shall conform to §7.2, Special Permits, §7.4, Site Plan Review, and to those zoning districts per §4.2, Use Table, where these uses are allowed.

5. The use shall not generate outside odors from marijuana use and/or production of marijuana products.

6. The proposed plan shall refer to §6.5, Signage, for the installation, type, number and size considerations of signs, as applicable.
7. Hours of operation shall be between 8:00 AM and 8:00 PM Monday thru Sunday.

Produces a “pure tone” condition – when any octave band center frequency sound pressure level exceeds the two adjacent center frequency sound pressure levels by 3 decibels or more. These criteria are measured both at the property line of the Registered Medical, Recreational, and Hybrid Marijuana Facility and/or Marijuana Cultivation Site and at the nearest inhabited dwelling unit. “Ambient” is defined as the background A-weighted sound level that is exceeded 90% of the time, measured during equipment operating hours.

9. The Town of Ware Planning Board may require a traffic study that includes an analysis of parking demand to justify the number of proposed parking spaces.

10. A Special Permit granted under this Section shall be personal to the applicant and shall lapse if the applicant no longer is the holder of the Certification of Registration from the Commonwealth of Massachusetts Department of Public Health as a Registered Marijuana Dispensary. Investing in Your Development - Tuition for the 2017 sessions of SMIP is $9,400. A $250 deposit must be paid by credit card at the time of application. In the event an applicant is not accepted by PERF, the deposit will be refunded in full to the credit card to which it was charged. Otherwise deposits are non-refundable. Applicants will be officially notified, via email, of their acceptance within 14 days of their application. Applicants who are not accepted will be contacted by telephone.

Tuition includes: Instruction, books, materials, program activities and events, lodging and meals for the duration of the program. Tuition does NOT include travel expenses. Applicants may choose to arrive one day before the program starts and remain on campus one day after the program ends at no additional cost, however meals before or after the program are not included. Tuition (less the deposit) may be refunded if an applicant must cancel, provided PERF is officially notified in writing or by email 90 days or more before the start of class. Refunds cannot be given when the application is received within 90 days of the start of class. However, alternate qualified personnel from the applicant’s department may replace a previously accepted applicant. This SMIP had four (4) classes this year, which fills up fast. I’m sure there may be a waiting list, so all I would need is the approval/funding to schedule same, which this year or next or when funding is available. It looks like a Bachelor’s Degree is also required to attend. This is a 18 day course.

The same for the FBI National academy, there is a waiting list for that, could be up to 2 years. I am waiting for a call back from one of the contact persons about cost.

I would like to fill the open Sgt. position that will come available as soon as the Chief’s process is completed, which would need the boards approval of the appointment of the person I select for it. This can be set up at a selectmen’s meeting late August or sometime in September. I would like to send the Sgts. to the FBI LEEDA class, which area all over the U.S. The cost is $650.00 for a 4 day class which covers the tuition and materials. P.D. would have to cover room and board, meals and any Overtime if the Sgt. (s) is scheduled off on one of those class days, unless something could be worked out. So possibly $2000.00 would cover that expense. Once again could stagger their training. The SUPERVISOR LEADERSHIP class is 10-30-17 to 11-03-17 at Biddeford Maine, The EXECUTIVE LEADERSHIP is on 10-02-17 to 10-6-17 in Hampton N.H. and the COMMAND INSTITUTE is 05-6-19 to 05-10-19 in Cheshire CT. These are the closest to MA. I could find. There are other dates through out the U.S. but we would be getting into Fight costs and so forth to get there.

Good morning,

We have received a letter of interest for the PB’s Alternate vacancy. Mr. Murphy’s letter is attached to this e.mail (he apologizes for the scuff marks).

Mary in the Board of Selectmen’s office would like to place this matter on the August 8 BOS meeting. Therefore, I am asking each of you to respond with any thoughts on the matter by Monday, August 7.

I spoke to Josh this morning and he personally recommends Mr. Murphy. I searched his social media profile and found nothing that would preclude my and Rubén’s recommendation.

Thanks,
~J

I, Edward Murphy, of 92 Coffey Hill Rd in Ware, Massachusetts would like to become the alternate member of the Town Planning Board. I have lived in Ware for over 10 years and with my oldest daughter entering 1st grade this coming school year, I would like to do my part to help this town come alive again and help the town and its occupants flourish. I believe the example we set for the children will be what pushes this town to the heights I believe it can achieve.

Thanks for Consideration,

Edward J. Murphy III
To whom it may concern:

I am writing this letter with the intent to be appointed to the Zoning Board of Appeals. I have experience in the construction of commercial and residential buildings that I can use to help discern the difference between want and necessity, along with multiple positions on various boards and committees during my collegiate career. I am interested in this positions to help the town grow and expand to be a better place, and to inject my youthfulness and energy into the administration of this town and to show others in my generation that the best way to enact change is to act.

Thank you for the time and consideration and I look forward from you.

Re: Update of Special Event Checklist & Application Packet

Please see the attached. The first 7 pages are the present Special Event Checklist & Application Packet.

The second 7 pages are my proposed updated Special Event Checklist & Application Packet. It was brought to my attention recently that the present packet states on page 6 that the “Community Development/Parks MUST be approved first”. This should correctly read “Parks & Recreation MUST be approved first”.

I also updated the checklist to flow with the Review & Submission for Sign-Offs Provided by Departments to make the packet easier for the public to understand.

I request your approval of this updated packet. Once approved, I will place this packet on the Town website and copies will be available in the Town Manager’s office.

Thank you for your consideration,

Mary L. Midura
TOWN OF WARE

SPECIAL EVENT CHECKLIST & APPLICATION PACKET

Thank you for considering Ware as the venue for your organization’s special event. While every Town has different procedures, they are typically driven by State regulation. Ware has developed the following Special Event Checklist and Permit Application Packet to help you plan out the logistics of your event. Event sponsors are responsible for obtaining all proper licenses and permits, and abiding by the rules listed on said licenses. It is our hope that this checklist will enlighten you about the permitting process and the various Town Departments involved in event planning.

A Special Event is any activity that occurs upon public or private property that affects the ordinary use of parks, playgrounds, beaches, fields, buildings, public streets, right-of-way, or sidewalks and it may feature entertainment, amusements, food and non-alcoholic or alcoholic beverages. Examples of a Special Event include (but are not limited to) festivals, road races, Farmer’s Markets, block parties, carnivals and parades.

Once you have received the application packet, the best practice is to begin by reading through the Special Event Checklist to determine what is needed for your event. Permits, licenses and inspections may be required for your event. Please check all of the applicable boxes in each section of the checklist. Complete the application packet (the checklist and the permit application) and return it to the Board of Selectmen’s office at Town Hall. Your application packet will be time stamped and forwarded to all departments. The original application packet will be handed back to you. You must bring the application packet to each department for their review.

Once you receive approval from all departments, return your application packet to the Board of Selectmen’s Office for authorization.

The authorized special event permit must be posted in a visible location at your event.

THE SPECIAL EVENT PERMIT IS SUBJECT TO ANY AND ALL LAWS, REGULATIONS, STANDARDS, GUIDELINES AND POLICIES OF THE TOWN OF WARE, AND DEPARTMENT OR BODY OTHERWISE HAVING JURISDICTION AND FURTHER SUBJECT TO THE SPECIFIC TERMS, CONDITIONS AND RESTRICTIONS PRINTED OR WRITTEN HEREIN BELOW OR ATTACHED AND MAY BE VOIDED OR REVOKED AT ANY TIME IF ANY REGULATION, STANDARD, GUIDELINE OR POLICY OF THE TOWN OF WARE ARE VIOLATED.

THIS PERMIT IS GRANTED UPON THE CONDITION THAT THE PERSON OR PERSONS TO WHOM IT IS ISSUED SHALL FULFILL ALL REQUIREMENTS OF THE REGULATIONS GOVERNING THE TOWN OF WARE AND SHALL NOT BE TRANSFERRED, ASSIGNED OR CONVEYED.

PLEASE NOTE: Contents of this checklist are presumed accurate. All information is subject to change.
