Mr. Desmond stated that the Town needs to do a critical review of all departments and use of town vehicles. Mr. Desmond suggested that the Town Manager relocate to the Town. Mr. Desmond noted that the Division of Local Services shows a bleak forecast, and the Town should push for changes in School Choice. Mr. Desmond noted that over $600,000 insurance costs for employees should be addressed.
Phil Bourcier questioned why the Town does not have a fully licensed water operator, as this is a public safety issue.
Randy Letourneau, RT’s Welding owner, stated that they are continuously singled out for discussion; Chairman Talbot noted the discussion must be of all licensees, not any business to be singled out.

Comments and Concerns of Citizens
Phil Bourcier read a prepared statement: I want the townspeople to know that I do not have town water and sewer but I’m a concerned taxpayer that wants everyone to know what is going on. I am doing this for all of you. Many of you have been coming up to me with your ideas and concerns and have asked me to get them addressed. I worked for the DPW for 33 years and retired in 2005, I’m not saying I know everything but I do know a lot that is going on is unacceptable. One of my main concerns is why are we paying Mr. Lizak foreman’s pay for being an operator in training when he has very little field training or experience. You can’t be at work for 8 hours a day and think that is being trained properly. You have to have field training by a fully licensed operator. The only fully licensed operator is Mr. Kilhart and he cannot be with Mr. Lizak for 8 hours a day and still do his own work. So how is that being properly trained? His apprenticeship training should start when he is actually being properly trained and that training should be documented. My next concern is where was our DPW director when we had the incident on Upper Church St. with the ice dams. That was a major issue because well #5 is at the airport. That is a big part of our town’s water supply and could have been compromised. And with that being said, has well 5 been inspected since then? I would also like to give a big thanks to the Highway dept. for being there and getting the road cleaned and back in working order. I think they should be brought before the board and commended.

John Desmond asked for follow-up on the hospital and stated it is important to have a plan in place to keep the ER open. Mr. Desmond stated that a critical review of all town departments should be done, especially of the Fire department and vehicles. Mr. Desmond stated that the town must have at least 100 employees that live out of town and our tax dollars are leaving the town. Mr. Desmond stated that DLS shows a documented negative of $900,000. There are over $600,000 of benefits for employees, and there should be a critical review of all operating expenses of the town.
Keith Krukas stated the town was lucky to have good people who worked on the Church Street situation. Mr. Krukas questioned what is going on at the Fire department, and if people knew the nepotism, pay and benefits and bad finances of that department.

Stuart Beckley asked the Board of Selectmen if he could give responses at some time or now to this misinformation. The Board agreed Mr. Beckley was welcome to answer. Mr. Beckley noted that Mr. Kilhart was fully aware of the Church Street ice jams and was in constant contact with police and staff and emergency management, with excellent results of the handling of the situation. Mr. Beckley stated that the override is an opportunity to repair more roads at $1 million per year, with almost $23 million in projects; the ballot question gives the citizens the vote. There will be information with the actual cost of actual roads and specific purpose. Mr. Beckley stated that, regarding the Fire Department, it is important to understand the expense is worth the excellent, professional, well-trained personnel that we have. Mr. Beckley noted that all departments are audited each year.

Keith Krukas stated that he heard police have to bring people to the hospital at times; Mr. Beckley stated that has never happened.

Scheduled Appearances

Old Business

- Request for Loan Forgiveness
  Paula Conner was present to represent the owner of the property. The sale price is greatly less than the property value; it is sad, as this was the family home for many years. **Selectman Carroll made the motion to authorize the loan forgiveness, contingent upon receipt of the $15,000 check from the owner; Selectman Fountain seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Whitney).**

  Ted Harvey, PVPC, presented the revised language of the Community Development Strategy for FY18 CDBG Funds. **Selectman Carroll made the motion to approve the revised Community Development Strategy for FY18 CDBG Funds; Selectman Fountain seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Whitney).  (A public hearing will be held at 7:10 p.m. on February 13, 2018 to approve the FY2018 CDBG Application).**

- Review of Storage of Flammables License Fees
  Chairman Talbot noted the list of storage of flammables license fees, and noted a memo from the Ware Fire Chief regarding that department’s fee schedule. Selectman Opalinski presented a list of fees from Adams, Orange, Dudley, Springfield, Amherst and Franklin. Chairman Talbot noted that Selectman Whitney should be included in this discussion and requested to table this topic to the next meeting. **Selectman Opalinski made the motion to Table to February 13, 2018; Selectman Fountain seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Whitney).**
• **Town Manager Evaluation Update, Next Steps**
Selectman Opalinski presented the evaluation in excel format, and noted that the survey takes only 8 minutes to complete. Selectman Opalinski stated that the survey will be done on survey monkey by Ms. Midura, will be posted on the Town of Ware website, and a press release will be sent out to media, as well. Selectman Opalinski stated that, if Selectmen thought the survey was too long, the section “Board of Selectmen” could be taken out. Selectman Opalinski noted that required fields will be respondent’s name, address, and email. The survey tracks by IP address, therefore no one can use the same computer more than once. Selectman Fountain made the motion to approve the survey as submitted; Selectman Carroll seconded the motion. The motion passed on a vote of 3 Yes, 0 No, 1 Absent (Selectman Whitney), and 1 Abstention (Selectman Talbot).

Selectman Opalinski questioned Mr. Beckley as to why he has not posted his self-evaluation and goals on the Town website; Mr. Beckley asked what the purpose and benefit would be. John Desmond stated that the only role of the Town Manager is that of a financial advisor, and Mr. Beckley should be reviewed for his overspending, deficits, too much debt, and overuse of free cash. Selectman Opalinski defended Mr. Beckley. Mr. Beckley stated it is illegal to spend more than the Town has in the budget, there are deficits each year, the debt is really low compared to past years, the Town has a balanced budget, and the Town is doing better every year. Selectman Carroll agreed that each year is level funded.
Keith Krukas noted his appreciation that Stuart Beckley keeps the public informed.

New Business

• **Approval of Solar Lease at Robbins Road**
Present for the Board of Health were Judy Metcalf, Director, and John Desmond, member. Present for ForeFront Power were Rachel McLaughlin and Ed Switzer. Mr. Beckley noted the memos and letters from the Board of Health regarding these leases; ForeFront Power has worked with Town Counsel. Ms. McLaughlin noted that ForeFront Power spent money on engineering at their own risk. Mr. Switzer noted they have worked with Board of Health, and are on track with the Planning Department to get approved for an incentive program. ForeFront Power still needs permits in place, this project is real and open to start construction to be online in 2019. The landfill has a $500,000 bond, and the greenfield site (Banas) has a $299,000 bond. Selectman Opalinski questioned if there will be continued access to the bike path; Mr. Beckley noted the bike path goes through this site. Mr. Switzer noted the site plan needs completion; Ms. McLaughlin note that ForeFront must obtain site plan approval and control to be eligible for the incentive program. This should move forward next month. Selectman Opalinski noted there is no escalation in rent over the 20 years; Mr. Beckley stated that the RFP was so written. Ms. McLaughlin stated that this is front loaded, and while escalation could be discussed, the higher lease now is preferable. Judy Metcalf noted that the Board of Health was involved in negotiations. There are two parcels with two bonds. Ms. Metcalf expressed the BOH concern that the construction bond is three years for damage, erosion, elevations; while the Banas property bond is for decommissioning only.
Mr. Beckley noted the town counsel points out that the lease calls for a 24-month option period at $500 per month, and depends on insurance liability coverage for surveying and environmental work. Ms. McLaughlin and Mr. Switzer noted that the $299,000 bond is clearly stated in place from the start of construction. Ms. Metcalf stated that the bonds are specific and the Banas property should have a construction bond. Ms. McLaughlin noted that the language could be made clearer that this is a performance bond, per obligations under contract. The lease language can be made clearer that any assignees take on the obligations of the contract.

Chairman Talbot questioned if further town meeting approval is required; Mr. Beckley noted that previous town meeting authorization delegated the contract. Ms. McLaughlin stated that ForeFront Power agrees to the language changes including performance and decommissioning.

Selectman Carroll made the motion to approve the Solar leases, with language changes; Selectman Fountain seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Whitney).

- Approval of Special Tax Agreement between Town of Ware and Ware Senior Living, LLC Christian Boysen was in attendance. Mr. Beckley expressed his appreciation for all that Mr. Boysen and his contractors are doing.

Selectman Opalinski made the motion to approve the Special Tax Agreement between the Town of Ware and Ware Senior Living, LLC; Selectman Fountain seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Whitney).

Selectman Carroll asked Mr. Boysen for an update: The property, plus the parcel being bought from the hospital, are surveyed. The company must learn the layout of the lot, utilities, water, and boorings. The hospital has been very cooperative. The architect, civil engineer and Mr. Boysen have completed the 3rd modification. Selectman Carroll asked how close to the road will the facility be; Mr. Boysen noted there will be green space and a driveway.

- Vote to Install/Re-Install “No Parking This Side” Signs on Prospect Street

- Approval of One-Day Liquor Licenses: Workshop 13, February 11, February 16, February 23, March 16, April 20, and May 18, 2018

  Selectman Opalinski made the motion to accept the resignation of Maggie Sorel, with regrets; Selectman Fountain seconded the motion. The motion passed on a vote of 4 Yes, 0 No, 1 Absent (Selectman Whitney).

Town Manager Report
Mr. Beckley noted that Community Compact regional program has awarded a grant for a regional Animal Shelter for the towns of Palmer, Warren, Monson and Ware.

The Town has submitted an application to Community Compact for expansion and support of the Quaboag Connector service to coordinate with the region’s senior center vans.

The Town has submitted an application to Community Compact for the coordination and design of a program that addresses the region’s needs for education and employment for young adults ages 17-25.

The Town applied for a design assistance grant under the Commonwealth Places program to prepare a design for re-use of the Casino lot and connectivity to Main Street.

The region had applied earlier in the year for a Robert Woods Johnson Foundation “Culture of Health” award for the many activities and services in the Quaboag region. Out of 190 applicants, Quaboag was one of 38 chosen to move forward with a second round application and video. The video can be seen on YouTube at https://www.youtube.com/watch?v=iMvZFeCzCwM. Thank you to the CDC and many others for putting this together.

The warm weather two weeks ago loosened ice upstream which led to an ice jam at the Church Street bridge. This detoured the Ware River east and around the bridge, blocking the road with large chunks of ice. The police and DPW and Emergency Management Director kept watch on the progress of the ice and river. Once the river level dropped, the DPW did a commendable job opening the road for use. The Mass DOT and the US Army Corps of Engineers inspected the bridge for public safety, and found no reason for concern.
Mr. Beckley noted open positions that have been recently filled: a part-time custodian at the Senior Center, and a seasonal part-time position in the tax collector’s office.

Mr. Beckley presented a list of issues, as requested by the Board of Selectmen at the last meeting. The Main Street project is paid by State funding and requires bike lanes. The faulty light near the post office has been repaired. The social media policy is prepared and reviewed by the labor attorney and is ready for adoption. Inspectors held a meeting on multifamily inspections, and determined that the town will be divided into 5 sectors for 5-year inspections. This will be a challenge to complete fully, and may be an established coordination system utilizing a new software system. The appraisal of 116 Pleasant Street is complete and the Town is in discussion with the homeowner for the purchase of this property.

Selectman Opalinski questioned the water contract; Mr. Beckley noted a contract is not yet signed.

Chairman Talbot noted there is a vacancy on the Community Development Authority.

Selectman Opalinski made the motion to Adjourn Regular Session at 8:34 p.m.; Selectman Carroll seconded the motion. The motion passed on a Vote of 4 Yes, 0 No, 1 Absent (Selectman Whitney).

*Please note that under MGL Chapter 148, Section 13 storage of less than 2,000 gallons does not require a Storage of Flammables due to change in law. The law does require, however, an Annual Permit and Fee from the Fire Department in addition to the Annual Storage of Flammables Licensing. The Fire Chief and I discussed retaining licensing of these for purposes of knowledge of tanks and where they are located as well as the annual renewal of the license.*

_Nancy J. Talbot – Town Clerk_

January 18, 2018
Guidelines for Municipal Officials on the
Issuance and or Reconstruction of Licenses Granted under
Massachusetts General Law, Chapter 148 § 13

PURPOSE

This guidance document is to clarify the requirements and procedures for the issuance of Licenses for the storage of flammables, combustibles and explosives. As you know, Massachusetts General Law Chapter 148, Section 13 requires land on which buildings or structures (such as storage tanks) that contain certain quantities of these products be licensed. This license is granted by local licensing authorities.

527 CMR 1.00 Table 1.12.8.50 specifies the quantities of each material which require a license.

A license is granted by a local licensing authority and then is recorded in the office of the city or town clerk. From the time of its granting by the licensing authority, a license is deemed a grant attached to the land. A license is not a personal privilege. A certificate of registration must be filed annually on or before April thirtieth by the owner/occupant of the land who holds (exercises) the license.

Massachusetts General Law Chapter 148, Section 13 establishes the procedure under which local licensing authorities may grant licenses for the storage of flammable combustibles and explosives on the land. City and town clerks are required to maintain records of licenses that have been granted. Licenses must provide particulars on the license in such detail that the quantity of material, any restrictions imposed on storage, and the location of the licensed land will always be a matter of public record.

Chapter 148 establishes no set format for a license to store flammable, combustible and explosives granted in accordance with Massachusetts General Law, Chapter 148, Section 13. It is prudent that all licenses in whatever format contain as a minimum the following information:

- The date the license was issued;
- The location of the land (Street, Number, Assessors Map and Parcel ID);
- Owner of the land
- Address of the owner of the land

Hi,

Attached are the minutes from the 12/11/2017 CDA meeting where the CDA discussed John Carroll’s interest in serving on the CDA; it’s at the bottom of p. 2 w vote on the next page.

I think this will be helpful as the BOS discuss CDA appointments at their next meeting.

Thanks,

Minutes from December 11, 2017
Community Development Authority

Meeting held at Town Hall, 126 Main Street, Ware, MA

Authority members present:  D. Gravel, P. Opalinski, T. Opalinski, B. Cooper

Authority members absent:  none

Staff present:  Rubén Flores-Marzán, Director
               Judi Mosso, Assistant to the Director

Public:  Ted Harvey (PVPC), Denis Ouiemette, John Carroll (Board of Selectmen), Gelyen Rodríguez (QVCDC), Alexandria Martinez (QVCDC), Nancy Talbot (Board of Selectmen), Press: Melina Bourdeau (Ware River News), Jim Russell (Republican), Stuart Beckley (Town Manager), Sheila Cuddy (QVCDC/BAC)

D. Gravel called the meeting to order at 6:32 p.m.

1. **Public Performance Hearing on CDBG programming** – Public hearing was opened at 6:33; the Chairman made introductions and introduced T. Harvey from PVPC. T. Harvey described the FY2016 grant program.
   - **Prospect Street infrastructure improvements**: no new developments, will close out at the end of 2017; hole on High Street has been filled and repaired; topography of the neighborhood causes problems with severely sloped driveways so work on Bank and Spring Streets may need a higher contingency; bid for engineering work was lower than expected so surplus may be used for driveway repairs. DPW Director, Dick Kilhart was recognized by the CDA and PVPC for his outstanding work and collaboration on the infrastructure project. T. Harvey will follow up on curb repair on Bank Street where Borges Construction staged the project; punch list items to be completed by June 30, 2018. Application for payment for Prospect have been submitted; application for payment for High Street repair has not been
submitted yet. P. Opalinski requested that original amounts, change orders, and final costs, as well as any surplus amounts be shown on documentation moving forward.

- **Bank & Spring Street improvements:** should be split into two projects due to cost and that we are limited in how much grant money we can request; draft budget presented did not include contingency for slopes/driveways. D. Ouimette inquired about paving the municipal lot on Bank Street (will not be included in FY2018 application). There was discussion about using the lot for staging for the TIP project.

- **Domestic Violence education and prevention:** program provides education, outreach and services; DV advocate provided services to 37 new survivors this year including safety planning, court assistance, rides, emotional support, access to services. J. Mosso reported that the Task Force does not meet in July or August; the fall months are used to review success and how to make improvements and plan new programming.

Public hearing closed at 6:53 pm.

2. **Retirement of Chairman** – D. Gravel was recognized for his years on the CDA. He was presented with citations and a custom fleece jacket.

3. **Community Development Strategy, follow up** (public hearing held 10/12/2017) – The CDA accepted the CDS and it is ready to go before the Board of Selectmen for acceptance. However, since there was further discussion about it after the CDA approved it, J. Mosso and T. Harvey wanted to be sure there were no further revisions. According to DHCD, the BOS is not required to approve or sign the CDS. The only requirement is that the Strategy is presented at a public meeting at least a month before the March 2, 2018 deadline; BOS approval is more of a formality.

4. **Administrative**
   a. **Minutes of November 16, 2017** – Motion by P. Opalinski to accept the minutes as presented. Seconded by T. Opalinski. So voted 4/0/0.

   b. **Citizen interest in CDA** – The board currently has one vacancy with another vacancy beginning December 26. The board reviewed Danielle Souza’s letter of interest to join the community planning board [sic]. There was discussion about her credentials. Other interested candidates include Stephen Smith and John Carroll. Michelle McGuigan and Matt Coletta were also mentioned. Mr. Carroll provided comments about his experience and interest in serving on the CDA. The CDA and P&CD staff agree that Mr. Carroll would be a more appropriate candidate if he did not already serve as a Selectman, that it is important to continue the diversity and health of the CDA, and that we already have a BOS member on the CDA.
Motion by B. Cooper to recommend that the Board of Selectmen appoint Danielle Souza to the Community Development Authority. Seconded by P. Opalinski. So voted 3/0/1 (T. Opalinski).

5. Updates
   a. CDBG
      i. FY2014 High Street repairs – repairs have been completed; awaiting final payment request.

      ii. FY2015 WRV – surplus funds will be used for an emergency HR roof repair project; after that expenditure, approximately $2,262 of unexpended funds will be returned to DHCD. The earlier PARP dispute has been worked down to a $400 dispute; resolution continues.

      iii. FY2016 Prospect Street/Bank & Spring – discussed under Item 1.

   iv. FY2017 WRV (w Warren & Hardwick)
      1. Program Income guidance from DHCD – no word from DHCD

   v. FY2018 application and draft budget – The CDA reviewed the draft budget; numbers are close but have not yet been finalized, contingency may be increased to 15%. The CDA will review further next month. PVPC will ask Stantec for a cost estimate for West Street review design; it’s <1 mile of sidewalk but well-used and an important pedestrian thoroughfare. An alternative is to use the $35,000 to repave the paved portion of the Bank Street municipal lot; are we likely income-qualify and it is in the slum and blight designated area. It is important to move forward with the “Complete Streets” designation, which is a bylaw amendment.

   b. Memorial Field (Brownfields grant, subdivide parcels) – We were planning to move forward with subdividing the parcel into 2-3 lots so that we could address the DEP requirements in more manageable parts. However, we may not need to do that since the House of Representatives passed a bill to reauthorize the EPA’s Brownfields program. It needs Senate and president approval, but if it passes, the cap would increase from $200,000 to $500,000.

   c. Municipal Vulnerability Preparedness (MVP) grant – We are in the process of evaluating a consultants. The planning document will provide strategies for dealing with climate change and making more resilient towns; should be ready by the end of summer 2018.

6. Other (any discussion and action may be postponed until next meeting) – none.
7. **Adjourn** – Motion by P. Opalinski to adjourn at 7:47 p.m. Seconded by T. Opalinski.

Respectfully submitted by
Judi Mosso, Assistant to the Director

26 January 2018

Dear Mr. Beckley, and Mr. Flores-Marzan,

Please accept this letter as an introduction to my application to serve as a member of the Community Development Authority.

As an introduction to myself, I am a Program Assistant with the Assessments Department at the global non-profit, and non-government organization Verité, Inc., based out of Amherst, Massachusetts. My role at Verité is similar in function to a junior/assistant program officer. The assessment’s department at Verité is responsible for conducting labor and ethics audits at a variety factories and agricultural facilities across the world, and the United States. In my role, I assist in budgeting and planning as well as facilitating the actual audit; working with the audit field teams to coordinate the onsite visit. I also conduct research on behalf of the Verité Research Department. My focus has been on the development of the agrarian sector, investigating the risk of, and occurrence of human trafficking, labor trafficking and child labor within the logging industry, and coffee production.

As a 2015 graduate of the Massachusetts College of Liberal Arts, I focused on local issues, serving as the Assistant to Town Administrator in Lanesboro; working directly with the local populace on a wide range of municipal issues. My interest in local policy issues, eventually led me to work as the campaign manager for Senator Anne M. Gobi in the 2016 election cycle.

Given my experience in local politics, municipal government and, labor and ethics, I bring a unique skillset, and an understanding of working families, and their needs to the Community Development Authority. I believe, that in addition to perspective, I also have a work ethic will benefit the Authority in its service to the town. I am prepared to face the challenges facing the Community Development Authority, town and the communities it encompasses.

I would like to thank you in advance for your consideration. I look forward to hearing back in reply.

Sincerely,

Lucas G. McDiarmid
