A. First Reading of Ordinance 2016-16 to amend the Town of Arlington Zoning Ordinance, chapters 2 (Definitions), 4(Zoning Districts, Bulk Regulations and Uses), 5(Regulations for Planned Development Overlay Districts), 6(Developmental Standards), 7(Regulations Governing Signs), 8(Parking and Loading Regulations) and 10(Administration and Enforcement) to correct typos, add clarification and correct oversight.

Mayor Wissman recognized Angela Reeder, Town Planner, who explained that there were items in the Zoning Ordinances that needed to be both clarified and specified fifteen (15) different sections be amended so that they are more user friendly for citizens and Town employees. She noted that the Planning Department reviewed and studied these changes for the past year before recommending any changes. Ms. Reeder then provided a summary of each of the proposed changes, as noted in the staff report which is on file at Town Hall. She also noted that the two Planning Commission recommended changes, which were the minimum hotel room size being three hundred and twenty square (320) feet and a concession for lots over five (5) acres to only pave fifty (50) feet of driveway. She advised that staff recommends approval. Mayor Wissman thanked Ms. Reeder for such a detailed presentation and for her time.

Mayor Wissman called for a motion.

Main Motion: Alderman Brooks made a motion to approve First Reading of Ordinance 2016-16. Alderman Thompson seconded the motion.

Mayor Wissman called for discussion and questions. Vice Mayor McKee stated that he did not agree with a fifty (50) foot minimum for driveways for all homes with five (5) acres or more, that it should be a minimum of two hundred (200) feet paved. He believes it is not fair for all citizens and noted a homeowner with a two (2) acre lot and homeowner that has a five (5) acre lot could have their homes in the same location on their property, but the five (5) acre owner would only have to pave fifty (50) feet and the two (2) acre lot would pave more. Mayor Wissman stated this topic was part of an intense discussion from the previous Planning Commission meeting and while he understood the concerns from the Fire Department about access, there could be different reasons homes are set back from the road. He along with several other Board members agreed that not all of the driveway should be paved, but parts of it should be. Both Alderman Thompson and Mayor Wissman made noted that there are not many homes on five (5) acre lots and the majority of those are south of I-40. Mayor Wissman recommended the minimum be set by
setbacks instead of by acreage. Alderman Thompson recommended of researching how other municipalities handle setbacks on large lots. Ms. Durant, Town Administrator, discussed how cove lengths and driveways in new subdivisions must also be taken into consideration, as they are sometimes built differently than infill lots. The Board recommended Ms. Reeder and her staff do some research and clean up the language where it is more specific. Mr. Lawson agreed that staff could present their findings at the Second Reading.

Alderman Harmon then expressed his concern with lowering hotel room sizes, stating he did not approve of the three hundred and twenty (320) square feet and believes they should be larger. He stated that room size requirements determine what type of hotels we attract. Ms. Durant agreed with the smaller room size, stating that the average traveler is more concerned with what amenities are offered such as a larger, more inclusive breakfast or larger exercise room. Alderman Brooks stated with existing requirements and stipulations concerning the future of hotels in the Town, low cost hotels would be discouraged from building. Some of these stipulations include no outdoor corridors, rooms or balconies and only allowing indoor pools. Alderman Thompson stated he would feel more comfortable with an average room size, rather than a minimum. He noted there are nice hotels with smalls such as The Peabody and The Madison, and as long the requirements are followed, he is okay with the smaller room size. Alderman Lamar asked with the West Tennessee Veterans Home arriving, would the Town’s stipulations discourage lower cost motels and extended stay hotels. Ms. Reeder stated that it did discourage motels. Alderman McKee said he would like to keep the rooms from going too small, as Baptist Hospital will be building in the future and we should be able to accommodate those customers. Alderman Harmon asked what would make our hotels more desirable rather than other hotels in other towns. Mayor Wissman asked that along with the setbacks and driveway discussion, Ms. Reeder and her staff should address Board concerns and consider a revision at the Second Reading.

Mayor Wissman called for a vote on the main motion.
