Alderman Biggs asked if the lighting is to include trail and parking lot lighting. Mr. Hill responded that it will mostly be in the parking lot due to the fact the trail between the project and depot square is not yet complete. Some of the trail will be lit, but more will come when the depot square project is complete.

Mayor Wissman asked about the projected time frame for the second phase. Mr. Hill said the phases will overlap, and they look at the first of the year to start phase 2, and at spring/early summer of 2020 to complete.
Alderman Biggs asked about the contracts for items such as the amphitheater and/or farmers market whether they are going to be separate or combined in the overall bid. Mr. Hill noted each is a case by case, as cost will be an influencer. Vice Mayor McKee asked if splitting up bid items would result in more cost to the bottom line of the project. Mayor Wissman recognized Gerald Lawson, Town Attorney. Mr. Lawson stated this dealt with a $400,000 contribution to the Tennis Complex from the Arlington Community School Board. With that contribution comes an agreement from the School Board with a 20-year timeframe, that the school will have exclusive rights of the complex during matches and practice. The school’s season will run February through May, with practices and games in the afternoon. They will also observe the right to have exclusive rights to the complex during tournament season, time unknown. Outside the school usage, the community will have full use of the complex.
Mayor Wissman called for a motion.

**Main Motion:** Alderman Brooks made a motion to approve Resolution 2018-74. Vice Mayor McKee seconded the motion.

Mayor Wissman called for discussion or questions.

Mayor Wissman introduced Mrs. Mason, School Superintendent. She stated practices for the high school will be from 2:30-4:30, and the middle school would have practice after that. Mrs. Mason pointed out there are three parts that the School Board insist stay in the agreement. First that the Town agrees that no one else other than Arlington Community School students and opponents be on the courts during practices and matches during that four month period. She noted if this cannot be agreed, then the ACS would request the money back. Second, if ACS were to host a district tournament, that ACS would be able to keep all revenue from concession sales. And last, since ACS will not have any property rights, but just the donation of money to the project, that there be an agreement in writing to confirm all this, to ensure their rights and hold the Town accountable for making sure that people cannot be on the courts.

Mayor Wissman thanked Mrs. Mason for her comments and concerns.

Gerald Lawson, Town Attorney received some questions from the board. Mr. Lawson stated the Facility Use Agreement only states ‘practices and matches’ but not times. Mrs. Mason clarified 2:30-4:30 Monday through Friday will be high school, middle school also Monday through Friday after high school completes their practice. Tournaments and game times are not clarified in the agreement as well. Mr. Lawson said times would consist of a time frame 2-6pm for games, and tournaments would be announced. All 6 courts will be exclusive to ACS and their teams during all matches and practices. Mrs. Mason understands that the word exclusive is a causing concern, but this would only be during the times set aside, not for any times before or after practices, matches or tournaments. Last concern was if there going to be any supervision during these times that are allotted. Mr. Lawson stated that there will be coaches or sponsors that will be supervising any practice, matches and or tournaments.

Vice Mayor McKee wanted to make it clear that other organizations can use the complex around the time frames allotted to the school. One organization is run by Julie Moultrie, special needs and adult league, and she will have an agreement with the Town as well. Mrs. Moultrie understands she will be second priority to the school but she would like to be aware of any cancellations so that she can adjust her programs when they school opts out of the usage for that day.

Alderman Brooks stated this project was ahead by 5 years due to the need of the school. Time frames shouldn’t be a problem when the school needs it.

Alderman McKee asked if the signage for the season will be taken down during the off season. Mrs. Mason agreed that is something that can be put in the agreement, but she said that she will be sure to tell the sponsors that the signage will only be up during season.
Hearing no further discussion, Mayor Wissman called for a vote on the main motion.
