MEETING NOTICE
The City of Cedar Rapids Historic Preservation Commission will meet at:

4:30 P.M.
Thursday, August 22, 2013
at
Police Substation
1501 1st Avenue SE, Cedar Rapids, Iowa

AGENDA

Call Meeting to Order
Public Comment
Each member of the public is welcome to speak and we ask that you keep your comments to five (5) minutes or less. If the proceedings become lengthy, the Chair may ask that comments be focused on any new facts or evidence not already presented.

1. Approve Meeting Minutes
2. New Business
   a) Demolition Applications (10 minutes)
      i. 1318 2nd Street SE – Private property
      ii. 1337 4th Street NW – Private property
      iii. 1201 6th Street SW – City-owned property
   b) COA Applications (15 minutes)
      i. 1514 3rd Avenue SE – Install wood privacy fence
      ii. 1734 Park Avenue SE – Install railings on upper-level back porch
3. Old Business
   a) COA Applications UNDER REVIEW (5 minutes)
      i. 1625 2nd Avenue SE – Replace Front Porch – Previously reviewed on July 25th
      ii. 1527 2nd Avenue SE – DEMOLITION WITHIN LOCAL HISTORIC DISTRICT
   b) Demo applications UNDER REVIEW (5 minutes)
      i. 1132 Ellis Boulevard NW – City-Owned Property – August 26, 2013
      ii. 1408 4th Avenue SE – Private Property – August 26, 2013
      iii. 2006 Wilson Avenue SW – Private Property – October 8, 2013
   c) MOA/LOA project updates (10 minutes)
4. Adjournment

FUTURE MEETINGS
Items for future agendas:
   a) Historic district markers
   b) HPC brochure and website improvements
   c) Selection of structures for historic structure reports
   d) Ornamentation in historic districts
   e) National Register Historic Districts vs. Local historic district/landmark designations
MINUTES
HISTORIC PRESERVATION COMMISSION REGULAR MEETING,
Thursday, August 8, 2013 @ 4:30 p.m.

Police Station, 505 First Street SW

Members Present: Amanda McKnight-Grafton Chair
Todd McNall Vice-Chair
Moira Blake
Patricia Cargin
Bob Grafton
Candy Nanke
Tim Oberbroeckling
Mark Stoffer Hunter
Barbara Westercamp

HPC City Staff: Thomas Smith, Planner
Alex Sharpe, Planner
Alicia Abernathey, Administrative Assistant

Guests: Ann Poe, Cindy Hadish, Kevin Ciabatti, Jennifer Pratt, Melissa Kopf,
Sara Lunsford, Maura Pilcher, Mike Tertinger, Tim Klima, Berry Bennett,
Mike Easley, Tom Owen, Robin Tucker, John Albert, Bruce Nesmith,
Terry Pesek, Lance LeTellier, Teri Toye, Doug Jones, Sarika Bhakta,
Janet Mahatt, Corey Houchins-Witt, Dave O’Clair, Richard Held

Call Meeting to Order
• Amanda McKnight-Grafton called the meeting to order at 4:33 p.m.
• Nine (9) Commissioners were present with none absent.

1. Approve Meeting Minutes
• One amendment was requested for the July 11th meeting minutes and one amendment was requested for the July 25th meeting minutes.
• Todd McNall moved to approve the minutes from July 11th and July 25th as amended. Tim Oberbroeckling seconded the motion. The motion passed unanimously.

2. New Business
a. Demolition Applications
   i. 3637 E Avenue NW – Private Property
   • Ms. McKnight-Grafton stated the item will be pulled from the agenda as it was determined the property was previously reviewed by the HPC.
Thomas Smith stated the property was reviewed in 2010 and was approved for demolition by the Historic Preservation Commission (HPC).

ii. 2006 Wilson Avenue SW – Private Property
- Moira Blake, Amanda McKnight-Grafton, Bob Grafton and Tim Oberbroeckling abstained from discussion.
- Mr. Smith stated the structure was built in 1912 and is not in a local historic district. The owner would like to complete his own salvage of the property before allowing additional salvage. The owner considered relocating or selling the structure but is not interested in pursuing either option. There are currently no plans for the property after demolition of the structure.
- Discussion included the possibility of photo documentation.
- Todd McNall made a motion to place 2006 Wilson Avenue SW on a 60-day review period for photo documentation and salvage. Barbara Westercamp seconded the motion. The motion passed unanimously.

b. COA Applications
   i. Rose Apartments – 1407 3rd Avenue SE
   - Corey Houchins-Witt provided background of the work Affordable Housing Network Inc. (AHNI) has done in the Wellington Heights Neighborhood in the past 18 months. Mr. Houchins-Witt explained the Rose Apartments have been associated with high crime and AHNI is working to rehabilitate the building. The estimated investment in the building is approximately $1,250,000.
   - Dave O’Clair stated AHNI will remove the vinyl siding and work to restore the exterior walls to their original appearance. All of the windows are wood windows and will be reworked.
   - Discussion included the fact the apartments must be affordable rents for 15 years.
   - Todd McNall made a motion to approve the COA application for 1407 3rd Avenue SE. Mark Stoffer Hunter seconded the motion. The motion passed unanimously.

   c. Update on B Avenue National Register Historic District and Local Historic District Potential
   - Mr. Smith stated there is intent to create a historic district on B Avenue and it will be discussed further at the next meeting. Mr. Smith stated the criteria for establishing a historic district will be provided to HPC members to assist in discussion.

3. Old Business
   a. Update on Memorandum of Agreement (MOA) Regarding First Street Parkade Demolition
   - Teri Toye provided background of the MOA stating the First Street Parkade was damaged in the 2008 flood and was eligible for the National Register of Historic Places. Because the First Street Parkade was demolished, a MOA was executed in March 2011 to make-up for the loss of the parkade. Within the MOA were two projects and one was the potential Automobile Row Historic District. Ms. Toye provided background on the Automobile Row Historic District explaining where the boundaries were and how the boundaries were established.
   - Ms. Toye explained events that took place to change the MOA from the inclusion of an Automobile Row Historic District to a Kirkwood Historic Preservation curriculum. Ms. Toye provided details of the Kirkwood Historic Preservation curriculum and explained by pursuing the curriculum the MOA deadline would be met.
   - Discussion included the need for a preservation curriculum in Cedar Rapids and the fact no Iowa city has a preservation curriculum. Discussion also included the possibility of a
smaller Automobile Row Historic District and the financial options available to make a historic district happen. Discussion also included the HPC would be in support of an Automobile Row Historic District nomination.

b. COA Applications UNDER REVIEW
i. 1726 Park Avenue SE–Replace Porch Windows–Previously reviewed on May 23rd
   • Mr. Smith stated the porch at 1725 Park Avenue SE currently contains a combination of wood and metal windows. The property owner would like to replace all windows with metal, place wood trim around the windows to hide the metal and paint the windows white.
   • Discussion included how it is difficult to distinguish the metal windows from the wood windows on the current porch. Discussion also included the fact there are only five wood windows remaining on the porch.
   • Tim Oberbroeckling made a motion to approve the COA for 1725 Park Avenue SE with the understanding the homeowner will use white metal windows with wood trim. Todd McNall seconded the motion. The motion passed with a vote of 8 to 1.
   • Ms. McKnight-Grafton made comment she was opposed to this decision as a precedent has now been set to permit changes to structures that do not comply with the historic district guidelines.

ii. 1625 2nd Avenue SE – Replace Front Porch – Previously reviewed on July 25th
   • Bob Grafton stated a meeting is set for Monday August 12th with Code Enforcement staff, himself and the property owner to discuss the replacement of the porch. Mr. Grafton stated the property owner will be encouraged to use 1960’s construction techniques.
   • Kevin Ciabatti stated discussion will take place at the meeting regarding the height requirement of the railing.

iii. 1527 2nd Avenue SE – DEMOLITION WITHIN LOCAL HISTORIC DISTRICT
   • Mr. Smith stated discussions are still ongoing with the attorney of the estate and the potential buyer. Updates will be provided as they become available.

c. Demolition Applications UNDER REVIEW
i. 1132 Ellis Boulevard NW – City-Owned Property – August 26, 2013
   • Mr. Smith stated prior to demolition of the former A&W building, the A&W sign will be removed and donated to the History Center.

ii. 1408 4th Avenue SE – Private Property – August 26, 2013
   • Mr. Smith stated AHNI is still working to complete salvage.

4. Informational Items
a. 1318 2nd Street SE Notice and Order for Condemnation and Demolition
   • Mr. Smith stated a Notice and Order for Condemnation was issued for the former Southside Tavern as the property has been deemed unsafe.
   • Mr. Ciabatti stated the owners would be moving forward with demolition but no application has been filed yet.
   • Tim Kilma stated Save CR Heritage has had discussions about the property as it is a contributing structure to the NewBo District. The homeowner is considering selling the property and two individuals have expressed interest in rehabilitating the structure.

b. 1627 D Avenue NE Demolition Agreement
   • Mr. Smith stated there is an agreement for demolition and a demolition application will come before the HPC in the near future.
c. Potential City Property Acquisitions 50 Years or Older
   - Mr. Smith provided photos of six properties that are currently under negotiation for purchase by the City. It is unknown if the properties will be demolished or sold for redevelopment. The HPC may see action items related to these properties if the properties complete the acquisition program and undergo a conditions assessment.

5. Adjournment
   - Todd McNall made a motion to adjourn the meeting at 6:40 p.m. Candy Nanke seconded the motion. The motion passed unanimously.

Respectfully Submitted,

Alicia Abernathey, Administrative Assistant II
Community Development
ACTION ITEMS
# DEMOLITION PERMIT APPLICATION

**Address of Demolition:**
1318 2d St SE CR

**GPN:** 14984-0500-7-0000

Signatories and Consulting Parties to the
Memorandum of Agreement Regarding the
Adverse Effects to the
Cedar Rapids Public Works Building
Cedar Rapids, Iowa
(Distribution list attached)

RE: FEMA DR-1763-IA, Adverse Effects to the Cedar Rapids Public Works Building in Cedar Rapids, Linn County, Iowa: Memorandum of Agreement

Dear Signatories and Consulting Parties:

Please find enclosed a copy of the Memorandum of Agreement (MOA) developed to resolve adverse effects to historic properties resulting from FEMA’s funding of the demolition of historic properties for the replacement of the Public Works Building in Cedar Rapids, Iowa. Also enclosed are eight (8) copies of your organization’s signature pages; please sign all eight copies and return them to my attention at the above address. Upon receipt of all signature pages from signatories and consulting parties, I will provide you with a signed copy of the MOA.

As a result of the comments received during the review period, there were a few minor changes to the language and layout of the MOA. Please review the enclosed document in detail prior to signing the signature pages.

FEMA appreciates your participation in the development of the MOA and our efforts to resolve adverse effects to historic properties under Section 106 of the National Historic Preservation Act. If you have any questions regarding the MOA please do not hesitate to contact me at ann.schmid@dhs.gov or 540-270-0970 or Teri Toye at teri.toye@dhs.gov or 540-359-5929.

Sincerely,

[Signature]

MEMORANDUM OF AGREEMENT
AMONG THE FEDERAL EMERGENCY MANAGEMENT AGENCY,
THE STATE HISTORICAL SOCIETY OF IOWA,
IOWA HOMELAND SECURITY & EMERGENCY MANAGEMENT DIVISION,
AND THE CITY OF CEDAR RAPIDS, REGARDING THE DEMOLITION OF THE
LINK-BELT SPEEDER CORPORATION/PUBLIC WORKS BUILDING
IN CEDAR RAPIDS, LINN COUNTY, IOWA

WHEREAS, the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security proposes to administer Federal disaster assistance through FEMA’s Public Assistance Program pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §5121-5207 (Stafford Act) through the Iowa Homeland Security & Emergency Management Division (IHSEMD) to the City of Cedar Rapids for repairs to the former Link-Belt Speeder Corporation Complex functioning as the Cedar Rapids Public Works facility damaged as a result of flooding in 2008, which resulted in declared disaster 1763-DR-IA; The City of Cedar Rapids (City) applied to FEMA for an improved project to increase the size of the Public Works facility by demolishing the existing structure and constructing a new facility on the same site (Undertaking); and

WHEREAS, FEMA, in consultation with the State Historical Society of Iowa/State Historic Preservation Office (SHPO), has determined that the former Link-Belt Speeder Corporation Complex is individually eligible for listing in the National Register of Historic Places (NRHP); and

WHEREAS, FEMA has determined that the Undertaking will have an Adverse Effect on historic properties, and the SHPO has concurred with this determination in accordance with the Programmatic Agreement among the Federal Emergency Management Agency of the Department of Homeland Security, the State Historic Preservation Office of Iowa, the Iowa Homeland Security and Emergency Management Division and the Advisory Council on Historic Preservation (ACHP), executed October 16, 2009; and

WHEREAS, FEMA in consultation with the SHPO has determined that the ground disturbing activities associated with the Undertaking are limited to areas that have been previously profoundly disturbed, or have been previously reviewed for archaeological potential and no archaeological investigation is required prior to the commencement of the project; and

WHEREAS, FEMA has notified the ACHP on September 9, 2011 regarding its intent to prepare a Memorandum of Agreement (MOA) to satisfy its Section 106 of the National Historic Preservation Act (NHPA) responsibilities pursuant to 36 CFR Part §800.6 (a)(1), and in a letter dated September 20, 2011 the ACHP has declined to participate, pursuant to 36 CFR §800.6(a)(1)(ii); and

WHEREAS, FEMA has invited IHSEMD as the Grantee and the City as the Sub-grantee as parties sharing responsibilities in the implementation of mitigation measures stipulated in this MOA to become signatories to this MOA; and
WHEREAS, FEMA in consultation with the SHPO has invited the Cedar Rapids Historic Preservation Commission and Preservation Iowa to concur in this MOA, as provided by 36 CFR §800.6(c)(3); and

WHEREAS, all references to time periods in this MOA are in calendar days and notices and other written communications to FEMA may be submitted by e-mail; and

NOW, THEREFORE, FEMA, SHPO, IHSEMD, and the City agree that the Undertaking shall be implemented in accordance with the following stipulations in order to mitigate the effect of the Undertaking on historic properties

STIPULATIONS

To the extent of its legal authority and in coordination with the SHPO, IHSEMD, and the City, FEMA will require that the following measures are implemented:

I. Mitigation Measures

A. FEMA shall provide funds to the City, through IHSEMD, to develop an intensive level historical and architectural survey of industrial corridors in Cedar Rapids including replacing the industrial portions of the existing Commercial and Industrial Development of Cedar Rapids, Iowa, c. 1865 – c. 1945 MPD, Marlys A. Svendsen, Svendsen Tyler, Inc. 1997, with an Industrial Corridors MPD (Industrial Survey). The intensive level Industrial Survey will include Iowa Site Inventory Forms prepared for approximately twenty-four (24) industrial properties identified in the existing MPD and additional forms for NRHP eligible buildings identified during this survey within industrial corridors, for a total of both new and revised forms for approximately fifty (50) buildings. Upon completion of the Industrial Survey, the findings will be documented in a NRHP Multiple Property Documentation Form (MPD) and will accompany either a nomination to the NRHP for an industrial historic district, or one (1) individually eligible property nomination. The following steps required to complete the Industrial Survey and NRHP nomination must be completed within thirty-six (36) months from the date of execution.

1. The City will award the contract to the consultant of the City’s choice, provided that the consultant is qualified under the Secretary of the Interior’s Professional Qualification Standards for Historian and/or Architectural Historian as determined by FEMA.

2. Once the City has selected the consultant for the Industrial Survey and NRHP nomination, the City shall coordinate a meeting between the consultant, the City, FEMA, IHSEMD and the SHPO to discuss the requirements of the MOA specific to the successful and timely completion of the project.

3. The consultant shall use as a guide the following general geographic parameters when conducting the intensive level Industrial Survey: the survey area shall include existing or abandoned railroad corridors, industrialized portions of the...
downtown, riverfront industrial land and other areas of major industrial land use within the City of Cedar Rapids as evaluated in the previous Downtown and Industrial Corridor MPD.

4. The City shall ensure that the consultant submits to FEMA and the SHPO Iowa Site Inventory Forms (ISIF) for all individually eligible properties, districts and all contributing resources within potential districts identified during the Industrial Survey as meeting NRHP criteria. Submittals to SHPO must be hard-copy, single-sided and shall follow the recommended guidelines for completing an ISIF available through the State Historical Society of Iowa’s website. To determine sufficiency, the SHPO may request a sampling of draft ISIFs for review prior to the completion and submittal of all ISIFs. The City or the City’s consultant shall submit electronic carbon copies to FEMA concurrent with any submittals to SHPO. The consultant will afford FEMA and SHPO thirty (30) days to comment on the submitted ISIF drafts. The ISIFs shall be completed within twenty-four (24) months from the date of execution for SHPO review and comment.

5. The consultant shall address revisions recommended by SHPO to the draft ISIFs and resubmit the completed ISIFs to FEMA and SHPO within forty-five (45) days from receipt of SHPO comments. Final submittals to SHPO must be hard-copy, single-sided. The City or the City’s consultant shall submit electronic carbon copies to FEMA concurrent with any submittals to SHPO.

6. The City shall ensure that the consultant determines the boundaries for a potential industrial historic district(s). Should no district be identified, or should the City prefer, the consultant, in consultation with the City, will recommend one (1) property individually eligible for NRHP listing. Support for the district or individually eligible property nomination shall be sought from the owner(s). The consultant shall provide FEMA and the SHPO a list of properties indicating contributing or non-contributing to the NRHP historic district(s) and a boundary map of the proposed district(s) prior to selecting the property to be nominated. The consultant will afford FEMA and SHPO thirty (30) days to comment on the selection of the property or district that will be nominated to the NRHP.

7. As part of the Industrial Survey and NRHP nomination project, the consultant shall host on behalf of the City and shall participate in at least two (2) local public informational meetings for industrial corridor property owners and the general public.

8. The City shall submit a draft of the district or individual NRHP nomination and the draft Industrial Corridor MPD within twenty-eight (28) months from the date of execution to the SHPO for final review and comment. Draft submittals to SHPO must include three (3) hard-copy single-sided documents. The City or the City’s consultant shall submit electronic carbon copies to FEMA concurrent with any submittals to the SHPO. After all necessary SHPO reviews, and all comments have been incorporated; the consultant shall submit the final NRHP nomination and MPD to the SHPO. Final submittals to SHPO must be hard-copy, single-sided.
on acid-free paper. The consultant shall attend the State National Register Nomination Review Committee meeting, and make any revisions to the NRHP nomination and MPD recommended by that body and any recommendations made by the National Park Service (NPS) after the SHPO has submitted the final nomination to the NPS. All comments and correspondence between the City or the consultant and SHPO shall be concurrently carbon copied to FEMA.

B. FEMA shall provide funds to the City to develop and publish a booklet focusing on the history of the Link-Belt Speeder Corporation with a focus on the buildings and structures of the site, the development of the site and the local, state and national significance of the corporation. The booklet should also discuss the development of the facility over its period of growth and the story of roadway development and the contribution the Link-Belt Speeder Corporation made to the national highway movement. The publication shall include historic photographs, historic images, maps, and more recent photographs. Data already researched and contained in the Iowa Site Inventory Form prepared for the Link-Belt Speeder Corporation Complex will be available for preparation of the booklet. The following steps required to complete the booklet must be concluded within thirty-six (36) months from the date of execution.

1. The City will award the contract to the consultant of the City’s choice, provided that the consultant is qualified under the Secretary of the Interior’s Professional Qualifications Standards for Historian and/or Architectural Historian as determined by FEMA.

2. Once the City has selected the consultant for the booklet, the City shall coordinate a meeting among the consultant, the City, FEMA, IHSEMD and SHPO to discuss the requirements of the MOA specific to the successful and timely completion of the booklet.

3. The contractor shall illustrate the narrative with historic photographs, maps and related images and graphics.

4. All images used in the publication will be in the public domain or used with written permission of the owner or copyright holder.

5. The copyright to the document will be retained by the City. A credit line shall be provided in the publication as follows: “This project was produced under the terms of a Memorandum of Agreement, pursuant to Section 106 of the National Historic Preservation Act, among the Federal Emergency Management Agency of the Department of Homeland Security, the State Historical Society of Iowa, Iowa Homeland Security and Emergency Management Division and the City of Cedar Rapids, Iowa regarding the demolition of historic properties in Cedar Rapids, Linn County, Iowa. FEMA administered Federal disaster assistance through FEMA’s Public Assistance Program pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act for the demolition of historic properties damaged as a result of flooding in July 2008 that resulted in declared disaster DR-1763-IA.”
6 Prior to publication, the consultant will submit a draft of the booklet to the City, FEMA and SHPO for review and comment. The consultant will afford FEMA and SHPO thirty (30) days to comment on the draft.

7 The consultant shall address revisions recommended by the City, SHPO and FEMA to the draft and resubmit the final version to the City, SHPO and FEMA within sixty (60) days from receipt of comments.

8 A print run of up to twelve hundred (1200) copies of a 36-48-page 8½” x 11” landscape format four-color publication will be produced.

9 The City, in consultation with the SHPO, will develop a list of local governments; municipal, school and university libraries; historic preservation commissions; and historical societies and shall provide each with a copy of the booklet for their collections.

10 The City shall ensure the delivery of fifty (50) copies of the completed booklet to the SHPO, fifteen (15) copies to FEMA and three (3) copies to IHSEMD.

11 The City shall ensure the delivery of twenty-five (25) copies to the Cedar Rapids Historic Preservation Commission.

12 The City shall ensure that a digital copy, pdf or equivalent, of the booklet will be made available for access by the public on-line from one or more City or City designated websites.

II. Post Review Discoveries

A. The City shall ensure that their demolition contractor shall immediately cease demolition activities in the vicinity of the discovery should previously unidentified archaeological sites or unanticipated effects be discovered during implementation of the project. Personnel should take all reasonable measures to avoid or minimize harm to the archaeological find(s) and/or avoid or minimize further unanticipated effects.

B. The person or persons encountering such properties or effects shall immediately notify FEMA by contacting Ken Sessa, FEMA Region VII Regional Environmental Officer at 816-807-3296, and the SHPO at 515-281-8743. Construction in the area of such sites or effects shall not resume until FEMA determines that the requirements of 36 CFR §800.13(b)(3) have been met.

III. Anticipatory Actions

A. FEMA shall not grant assistance to the City should it, or those acting on its behalf, engage in anticipatory actions with the intent to avoid the requirements of this MOA or any requirements of the NHPA, significantly adversely affecting a historic property.
to which the assistance would relate or, having legal power to prevent it, allow such significant adverse effect to occur.

B. After consultation with the SHPO and the ACHP, however, FEMA may determine that circumstances justify granting such assistance despite the adverse effect created or permitted by the City and shall complete consultation for the Undertaking.

IV. Duration of Agreement

A. This agreement will be null and void, unless amended per section VI of this agreement, if its terms are not carried out within thirty-six (36) months from the date of execution.

B. If any signatory to this MOA determines that its terms will not or cannot be carried out or that an amendment to its terms must be made, that party shall immediately consult with the other parties to develop an amendment to this MOA pursuant to 36 CFR §800.6(c)(7) and §800.6(c)(8).

V. Dispute Resolution

A. If any objection or dispute should arise within the time frame provided by this MOA to any plans, specifications, or actions provided for review pursuant to this MOA, FEMA will consult further with the objecting party to seek resolution.

B. If FEMA determines that the dispute cannot be resolved, FEMA shall forward all documentation relevant to the dispute to the ACHP in accordance with 36 CFR §800.11(c), including FEMA’s proposed resolution of the dispute. Within thirty (30) calendar days after receipt of all pertinent documentation, the ACHP will either:

1. Advise FEMA that it concurs with FEMA’s resolution to the dispute; or

2. Provide FEMA with recommendations, which FEMA will take into consideration in reaching a final decision regarding the dispute; or

3. Notify FEMA that it will comment pursuant to 36 CFR §800.7(c), and proceed to comment. Any comment provided will be taken into consideration by FEMA in accordance with 36 CFR §800.7(c)(4) with reference to the subject of the dispute.

C. Any recommendation or comment provided by the ACHP will be understood to pertain only to the subject of the dispute, and FEMA’s responsibility to fulfill all actions that are not subject of the dispute will remain unchanged.

D. Failure to fulfill the terms of this MOA requires that FEMA again request ACHP’s comments in accordance with 36 CFR §800.7.

E. If FEMA cannot fulfill the terms of this MOA, it shall not take or sanction any action or make any irreversible commitment that would result in an adverse effect with
respect to NRHP-eligible or listed historic properties covered by this MOA or that would foreclose ACHP’s consideration of modifications or alternatives to the Undertaking that could avoid or mitigate the adverse effect until the comment process has been completed.

VI. Amendments

Any signatory to this MOA may propose to FEMA that the MOA be amended, whereupon FEMA will consult with all signatories to the MOA to consider such an amendment. 36 CFR §800.6(c)(1) shall govern the execution of any such amendment. The signatures of all the signatories shall be required for any amendment hereto to be effective.

VII. Termination and Noncompliance

A. If any signatory or invited signatory to this MOA determines that its terms will not or cannot be carried out, that party shall immediately consult with the other parties to attempt to develop an amendment per Stipulation VI, above.

B. If within thirty (30) days an amendment cannot be reached, any signatory may terminate the MOA upon written notification to the other signatories. Once the MOA is terminated, and prior to work continuing on the undertaking, FEMA must either (a) seek to resolve the adverse effects pursuant to 36 CFR §800.6(b) or (b) request, take into account, and respond to the comments of the ACHP under 36 CFR §800.7 FEMA shall notify the signatories as to the course of action it will pursue.

VIII. Execution of the Memorandum of Agreement

Execution of this MOA by FEMA and implementation of its terms are evidence that FEMA has taken into account the effects of the Undertaking on historic properties, and that FEMA has satisfied its responsibilities under Sections 106 and 110 of the NHPA and the Section 106 implementing regulations.
