March 2, 2020

Corridor Metropolitan Planning Organization

On behalf of the Linn County Trails Association Board Members with Board approval, I submit the Linn County Trails Association formal recommendation to the CMPO regarding the FFY21-FFY24 Transportation Improvement Funding Requests. The Linn County Trails Association recommends approval of funding for the following projects:

- $469,000 towards the Wiley Blvd. Sidewalk Phase 1 Project
- $1,272,000 towards the Sac & Fox Trail Extension – Segment 1
- $721,000 towards the Highway 100 Trail

The Wiley Blvd. Sidewalk Project will provide a safe travel option for pedestrians and trail users along the busy Wiley Blvd. where currently, no sidewalk exists. This project connects residents to shopping areas, the post office and is a connector to future trails and bikeways within close vicinity.

The Sac & Fox Trail Extension utilizes an abandoned rail line to connect the Sac & Fox Trail to Cottage Grove Rd SE and Bever Park. This project is a great connector to existing trails (Sac & Fox and eventually Cemar Trails), provides trail opportunities for Cedar Rapids Schools, provides residents access to Bever Park and will be a catalyst for future trail development to the West.

The Highway 100 Trail segment is a key component in the development of the Trail system for the Northwest quadrant of Cedar Rapids. This area of Cedar Rapids will see a lot of growth in future years and this project provides connectivity to the Cherokee Trail and future connection to the Cedar Valley Nature Trail. In addition, this project provides future trail connection options to the City of Palo.

Sincerely,

[Signature]

Kevin Kirchner
President,
Linn County Trails Association

Please provide any comments you have about public transportation services in the metropolitan area:

The Highway 100 trail offers exciting potential for Cedar Rapids and Linn County residents. This is the right time to build it, because development is sure to take place nearby in coming years now that the Highway 100 extension has finally been completed. If we wait, that development could preclude trail right-of-way acquisition. It’s good to hear that Linn County puts high priority on this project. It will increase the utility of west side Cedar Rapids trails.

I consider this trail, and the Sec and Fox extension, to offer a lot of potential to connect our bisected trail system.

Where do you live?
(Circle one) Cedar Rapids  Ely  Fairfax  Hiawatha
Linn County  Marion  Palo  Robins

Please provide any comments you have about public transportation services in the metropolitan area:

I'm particularly excited by plans to build Segment 1 of the Sac and Fox Trail addition. This would help increase use of the Sac and Fox Trail as well as create a start for a trail from Beaver Park to Mount Vernon.

In creating this project, I hope to see the city retain and improve the trail that runs from Cottage Grove Rd SE across from Washington High School to the area near the duck exhibit. I acknowledge that this area has significant grade challenges. However, this trail also provides access to Beaver Park for residents living just east of Washington High School as well as high school students themselves. It's sometimes a route to school, weather permitting. If trail development could include bridges over ravines and winding pathways to mitigate the grade differences, this would retain an access route for many residents.

I used to bike this path. Development would allow me to bike it again, as I live nearby.

Would you like to receive updates about the Corridor MPO?  YES  NO
(Circle one)  I already receive updates. Thanks!

Please provide any comments you have about public transportation services in the metropolitan area:

- The Williams Blvd project will need safety islands at the Williams Blvd crossings due to heavy flow of traffic and numerous lanes.
- In addition, crosswalk diagonal crossings should not be encouraged.
- Extending Sact and Fox Trail to Conard Trail is a great step forward.
- Improve Edgewood Dr - Glass to be road.
- Robins Way will not serve enough homes - already an access to Trail via Woodward Drive.
- Highway 100 trail would be a great way to complete a total loop around CR, head to Palo and westward to Atkins, etc.
- Top priority for funding.

Please provide any comments you have about public transportation services in the metropolitan area:

Trees - Add trees to all projects, we are a tree city

Intersection of Williams Blvd SW & Wiley Blvd needs a pedestrian facility to cross North & South. People need a safety island in the middle.

More access to Beaver Park from Cottage Grove Ave.

The Highway 100 project needs access for residents of Covington. Example is Prairie Park Fishery with no planned access for Rehmot residents. Give neighborhood residents easy access.

Bus shelters are needed at every stop - be respectful of bus riders.

Subject: Sac-Fox/ Bever Park extension trail

I am a Cedar Rapids resident living in the SE206 neighborhood just south of the Cedar Rapids Country Club.
I support the proposed Sac-Fox/ Bever Park extension trail. But I would also like to have a better trail to Bever Park from the north; via the entry at or near 469 Cottage Grove Ave SE.
Thanks, Mark and Marie Timko

Subject: TIP FY21-24

I strongly support the Sac & Fox trail extension. I think the requests by the City of Fairfax and City of Robbins are not prudent at this time, as they do not connect to many existing people and attractions.

Subject: Sac-Fox/Bever Park extension trail

I am a Cedar Rapids resident and trail user. I am excited about the proposed Sac-Fox/ Bever Park extension trail. I would like to see better north side access to the trail and Bever Park via entry at or near 469 Cottage Grove Ave SE.

Subject: Sac & Fox/Bever Park Extension Trail

I am a Cedar Rapids resident and trail user. I am excited about the proposed Sac-Fox/ Bever Park extension trail. I would like to see better north side access to the trail and Bever Park via entry at or near 469 Cottage Grove Ave SE. The current access is often inaccessible due to fallen trees, washed out sections and excessively muddy and dangerous holes.

subject: sac-fox/bever park extension trail

i am a cedar rapids resident and trail user who lives in the area next to the currently undeveloped trail head near 469 cottage grove avenue se. my family and i use the trail at that location and would like to see better north side access to the trail at this location. improved access at this location would provide a safer way to access the trail and to bever park.
