Applicable Laws and Regulations
By virtue of statutory authority, preference will be given to products and provisions grown and coal produced within the State of Iowa, and to Iowa domestic labor, to the extent lawfully required under Iowa Code Chapter 73.

In accordance with Iowa statutes, a resident bidder shall be allowed a preference as against a nonresident bidder from a state or foreign country if that state or foreign country gives or requires any preference to bidders from that state or foreign country, including but not limited to any preference to bidders, the imposition of any type of labor force preference, or any other form of preferential treatment to bidders or laborers from that state or foreign country. The preference allowed shall be equal to the preference given or required by the state or foreign country in which the nonresident bidder is a resident. If construction warrants or City cash funds are used during construction in making progress payments, such warrants or cash payments shall be exchanged for the bonds. If no legal bids are received at public sale of special assessment bonds for the Project, the City may rely on this provision of the Code and reserves the right to do so.
