CONSTRUCTION AND CONSTRUCTION PERMITTING DURING THE COVID-19 STATE OF EMERGENCY

The Denville Building Department remains committed to providing service to its residents, businesses and their contractors. During this time operations have been adjusted for the safety of the employees and the public. Inspections are being conducted on unoccupied or exterior spaces, and when suitable, utilizing photos and videos. Please discuss this process with the appropriate inspector in order to document any inspection you may need properly.

Governor Murphy signed Executive Order 122 (EO 122) which became effective on April 10, 2020 at 8 pm. The Executive Order defines essential vs. non-essential construction activities and places requirements on those construction activities that may continue.

The Denville Building Department has released your construction permit; however, it is the responsibility of the permittee to comply with all the requirements of EO 122, in addition to all other applicable requirements of the Uniform Construction Code. **THE DENVILLE BUILDING DEPARTMENT IS NOT MAKING A DETERMINATION BY ISSUING A CONSTRUCTION PERMIT WHETHER THE CONSTRUCTION ACTIVITY PROPOSED IS AN ESSENTIAL OR NON-ESSENTIAL CONSTRUCTION PROJECT.**
