No bidder may withdraw his bid within sixty (60) days after the actual date of the opening of bids.

Bidders are required to comply with the provisions of N.J.S.A. 10:5-31 et. seq. and N.J.A.C. 17:27, and any amendments thereto, regarding Affirmative Action. The successful bidder, upon notification of the Township's intent to award a contract to said bidder, must supply the Township with one of the following Affirmative Action documents:

1. A photocopy of the bidder's current Federal Affirmative Action Plan Approval Letter; or

2. A photocopy of the bidder's current Certificate of Employee Information Report issued in accordance with N.J.A.C. 17:27-1.1 et seq.; or

3. The Township's copy of the bidder's completed Initial Employee Report, Form AA-302, as submitted to the Division of Contract Compliance and EEO in Public Contracts.

The bidder's Affirmative Action documentation must be supplied to the Township within ten (10) days of the bidder's notification of the Township's intent to award. If the bidder fails to supply the Township with the necessary Affirmative Action documentation, the Township may declare the bidder non-responsive and award the contract to the next lowest bidder.

Simultaneous with the submission of bids, the corporation or partnership so bidding shall furnish a statement setting forth the names and addresses of all stockholders in the corporation who own ten percent (10%) or more of the stock in any class, or of individual partners who own a 10% or greater interest in the corporation, partnership, limited partnership, limited liability corporation, limited liability partnership, subchapter S corporation or sole proprietorship, pursuant to Chapter 33, P.L. 1977. If one or more such stockholder or partner is itself a corporation or partnership, the stockholders holding ten percent (10%) or more of the corporation's stock, or the individual partners owning ten percent (10%) or greater interest in that partnership, as the case may be, shall also be listed. Bids will be rejected if they do not contain this disclosure statement.

Bidders are required to be registered by the New Jersey Department of Treasury, Division of Revenue at the time bids will be received by the Project Owner pursuant to the Business Registration Act (P.L. 2004, c. 57, N.J.S.A. 52:32-44).

By order of the Municipal Council of the Township of Denville.

__________________________________________________________________________

Donna I. Costello, Clerk
Township of Denville
TOWNSHIP OF DENVILLE
FIELD AND LAWN MAINTENANCE
BID SPECIFICATIONS

I. RECREATION & BALL FIELDS

Important: All Recreational Fields must be completed on or before Wednesday at 3:00 pm.
Township of Denville Parks Supervisor must be contacted by 9am on the days that the recreational
fields will be mowed in order to determine field conditions. If weather conditions have interfered
with mowing, other arrangements MUST be made by contacting Township of Denville Parks
Supervisor.

This proposal covers the following locations:
1. GARDNER FIELD COMPLEX
2. ZEEK ROAD FIELD COMPLEX (VETERAN’S FIELD)
3. FORD ROAD FIELDS
4. KNUTH FARM FIELDS (COOPER ROAD)
5. POCONO ROAD FIELDS
6. FIREMAN’S FIELD (MAIN STREET FIREHOUSE)
7. FIELDS AT ROCK RIDGE FOR BASEBALL SEASON

All work to be performed during hours of non-peak use and all safety precautions shall be put in place to protect
everyone on site.

A Recreation Department activity schedule will be provided.

The successful bidder shall meet with the DPW Superintendent, Parks Supervisor, the Recreation Director and
the Facilities Manager prior to the start of work to discuss: work schedule, work safety, review contract in detail
and the exchange of contact persons and phone numbers.
MARCH THROUGH APRIL:

1. Winter debris (i.e. leaves, branches and trash) shall be removed from parking and walkways.

APRIL THROUGH NOVEMBER:

1. All primary turf areas shall be mowed as needed to maintain optimal growth, health and appearance. The height of the cut shall be no less than 2 1/2 inches and not more than 3 1/2 inches. Some fields may require multiple cuts per week in order to maintain specified heights. Parks supervisor will notify you if the second cut is needed. No mowing shall be performed while there is standing water on the field or in any other adverse condition, which may result in damage or adverse impact to the field.

2. The fence line around all fields and goal posts/fencing within the fields shall be maintained.

3. The playground areas and parking areas will be sprayed with an appropriate herbicide on an as needed basis for weed control.

4. Turf areas shall be treated with a pre-emergent herbicide for the prevention of early weed growth.

5. All trash, debris and garbage shall be cleaned from all lawn areas, planting beds, and sidewalks and can be disposed of at DPW facility located on Morris Ave.

6. Cement sidewalks will be power edged.

7. Grass clippings shall be collected and removed on primary lawn areas to maintain a neat and clean appearance. Clippings may be collected and disposed of at the Denville Recycle Center.

8. Grass clippings shall be blown off sidewalks, driveways, patios and roadways after each mowing.

9. The majority of leaves shall be removed from primary lawn areas on a weekly basis in the fall. Leaves in the planting beds shall be removed periodically in the Fall in a manner that minimizes the removal of mulch. All leaves may be disposed of at the Denville Recycling Center.

10. Planting beds shall be weeded on a weekly basis to maintain a neat and clean appearance.

11. A non-selective herbicide shall be used to control weeds growing in sidewalk cracks, curb edges, roadway, patio, stone planting beds, etc. for control of all grassy and broadleaf weeds on an as needed basis for weed control.

12. All parking lots, concrete, paved recreational areas and park areas should be blown and litter and debris pick up weekly.
13. The Township of Denville will provide mulch where specified. The Contractor will be responsible to notify the Township Parks Supervisor at least 1 week prior to their intention to distribute the mulch in the specified areas.

**JUNE THROUGH SEPTEMBER:**

Herbicide spray shall be used to control all poison ivy, poison oak and poison sumac on an as needed basis. Upon application of herbicide a sufficient number flags shall be put in place to alert the public.
II. MUNICIPAL FACILITIES

This proposal covers the following locations:
1. LIBRARY, HISTORICAL BUILDING & PARK (121 Diamond Spring Road)
2. SENIOR CITIZENS BUILDING (Route 53 across from A&P)
3. MUNICIPAL BUILDING (1 St. Mary’s Place)
4. DEPARTMENT OF PUBLIC WORKS PROPERTY (140 Morris Avenue)

All locations shall be weed-whacked and mowed weekly.
Specifications shall be described for all categories.

1. LIBRARY, HISTORICAL BUILDING & PARK

A. SPRING PREPARATION:
Remove all winter debris from lawn and shrubbery area.
Parking areas to be cleaned of winter debris and sand left from winter storm control.
All debris must be disposed of legally at the DPW facility on Morris Ave.
Institute initial cultivation of developed planted areas where applicable.
Remove any lower broken branches or tree limbs damaged during the winter, accessible from the ground.
Check any supporting guy wires on planted materials.

B. LAWN MAINTENANCE:
Cutting: Fine turf will be cut each week to maintain a 2 1/2” to 3” turf.
Edging: Lawn adjacent to paths and sidewalks will be edged twice monthly.
Curbing: Trimming of curbing with a line trimmer on a monthly basis.
Trimming: Trim grass against building, hydrants, trees, structures, etc. weekly.
Weed control as needed at curbing and pavement (method to be determined by contractor).

C. CHEMICAL APPLICATION PROGRAM:
Early spring, crabgrass control, broadleaf weed control, fertilizing and dandelions.
Surface insect control in summer.
Early fall broadleaf weed control and fertilizer.
Lime to be applied spring and fall only.

D. TREES, SHRUBS AND BEDS:
It is the responsibility of the successful bidder to observe and keep growth and appearance of the shrubs at the optimum conditions.
Cultivating: Beds shall be cultivated twice monthly to keep them neat and weed free.
Fertilizing: All shrubbery beds will be fertilized in the spring and fall with a high quality 50% organic granular fertilizer.
Pruning and shearing: To be done in the spring and fall.
Shrub & tree areas to be mulched in the spring. Mulch to be furnished by Denville DPW.
E. GENERAL MAINTENANCE AND FALL CLEAN-UP:
   General policing and clean-up are to be considered part of the contract, to include removal of clippings from walks and pavements.
   Leaf pick-up throughout the months of October and November.
   Litter control to be done on a weekly basis.

F. LAWN AREAS:
   Reseeding: The successful bidder shall reseed as necessary to avoid depressions, bare spots as they appear. Mow grass at area to be reseeded closely. Rake with a steel rake to loosen soil. Apply seed, rake lightly and roll. Seed to match originally specified seed.
   Remove all debris, as a result of maintenance, from the site and dispose of legally. Paved area, building surfaces, etc. to be cleaned of maintenance debris after each visit, i.e., grass and shrub cuttings, etc.

G. LIBRARY, DIAMOND SPRING ROAD:
   Trim up cherry trees in front of building, raise branch level and remove dead wood in 12 locust trees and 2 maple trees.

H. HISTORICAL BUILDING:
   Forsythia bushes in the Town gardens area and Historical area to be trimmed spring and fall.

2. SENIOR CITIZENS BUILDING
   Litter control weekly.
   Weed control as needed at curbing and pavement (method to be determined by contractor).
   Grass cutting weekly.
   No fertilizing required.
   Weed control in all stone beds around building and parking lot.
   Parking area to be cleaned of winter debris and sand left from winter storm control.
   All debris can be disposed of at the DPW facility on Morris Ave.
   Leaf pick-up throughout the months of October and November.
   Trimming: Trim grass against building, hydrants, trees, structures, etc. weekly.
   Picnic area to be kept presentable at all times.
   It is the responsibility of the successful bidder to observe and keep growth and appearance of the shrubs and trees trimmed.

3. MUNICIPAL BUILDING:
   A. SPRING PREPARATION
   Remove all winter debris from lawn and shrubbery area.
   Parking areas to be cleaned of winter debris and sand left from winter storm control.
   All debris can be disposed of at the DPW facility on Morris Ave.
   Remove any lower broken branches or tree limbs damaged during the winter, accessible from the ground.

   B. LAWN MAINTENANCE
   Cutting: Lawn will be cut each week to maintain a 2 1/2" to 3” turf.
   Edging: Lawn adjacent to paths and sidewalks will be edged twice monthly.
   Curbing: Trimming of curbing with a line trimmer on a weekly basis.
   Trimming: Trim grass against building, hydrants, trees, structures, etc. weekly.
Weed control as needed at curbing and pavement (method is to be determined by contractor). Fallen branches, twigs and other debris should be cleaned and removed weekly.

C. CHEMICAL APPLICATION PROGRAM
Early spring, crabgrass control, broadleaf weeds control, fertilizing and dandelions.
Apply insect control in summer.
Apply early fall broadleaf weed control and fertilizer.
Lime is to be applied spring and fall only.

D. TREES, SHRUBS AND BEDS
It is the responsibility of the successful bidder to observe and keep growth and appearance of the shrubs at the optimum conditions.
Cultivating: Beds shall be cultivated twice monthly to keep them neat and weed free.
Fertilizing: All shrubbery beds will be fertilized in the spring and fall with a high quality 50% organic granular fertilizer.
Pruning and shearing: To be done in the spring and fall.
Shrub & tree areas to be mulched monthly. Mulch to be furnished by Denville DPW.

E. GENERAL MAINTENANCE AND FALL CLEAN-UP
General policing and clean-up are to be considered part of the contract, to include removal of clippings from walks and pavements.
Leaf pick-up throughout the months of October and November.
Litter control to be done on a weekly basis.

F. LAWN AREAS
Reseeding: The successful bidder shall reseed as necessary to avoid depressions, bare spots as they appear. Mow grass at area to be reseeded closely. Rake with a steel rake to loosen soil. Apply seed, rake lightly and roll. Seed to match originally specified seed. Remove all debris, as a result of maintenance, from the site and dispose of legally. Paved area, building surfaces, etc. to be cleaned of maintenance debris after each visit, i.e., grass and shrub cuttings, etc.

G. PARKING AREAS
Parking areas are to be checked weekly for litter and debris and removed as necessary. All parking areas should be blown free of leaves, twigs, grass clippings monthly to avoid accumulation at curb lines. Blowing will be performed after 4 pm or on weekends to avoid damage to parked cars during the working hours.

Seeding: The Municipal Complex will require over-seeding each fall between September 15th and October 15th. The seed mixture should provide quick germination and establishment and have good recovery potential and disease resistance. Scotts® Classic® Landscaper’s All-Purpose Mix (North) or equivalent should be used.

4. DEPARTMENT OF PUBLIC WORKS PROPERTY:
Same as II, #1 (A-H)
III. PARKS AND PLAYGROUNDS

1. COOK'S POND COMPLEX
   Litter control weekly.
   Weed control as needed at curbing and pavement (method to be determined by contractor).
   Grass cutting weekly.
   No fertilizing required.
   Weed control in all stone beds around building and parking lot.
   Parking area to be cleaned of winter debris and sand left from winter storm control.
   All debris can be disposed of at the DPW facility on Morris Ave.
   Leaf pick-up throughout the months of October and November.
   Trimming: Trim grass against building, hydrants, trees, structures, etc. weekly.
   Picnic area to be kept presentable at all times.
   It is the responsibility of the successful bidder to observe and keep growth and appearance of the shrubs and trees trimmed.

2. MCCARTER'S PARK
   General policing and clean-up to be considered part of the contract, to include removal of clippings from walks and pavement.
   Weed-Whack and cut vegetation as needed
   General Spring and Fall maintenance and clean up.
   Remove all winter debris from fences, lawn and shrubbery areas.
   Leaf pick-up throughout the months of October and November.
   Litter control weekly.
   Weed control as needed at curbing and pavement (method to be determined by contractor).

3. MOUNT PLEASANT PARK
   Same as #2 (McCarter Park)

4. RIVERSIDE DRIVE PARK
   Same as #2 (McCarter Park)
5. **MURIEL HEPNER PARK COMPLEX**
   Litter control weekly.
   Weed control as needed at curbing and pavement (method to be determined by contractor).
   Grass cutting weekly.
   No fertilizing required.
   Weed control in all stone beds and parking lot.
   Parking area to be cleaned of winter debris and sand left from winter storm control.
   Leaf pick-up throughout the months of October and November.
   Trimming: Trim grass against fences, hydrants, trees, etc. weekly.
   Picnic area to be kept presentable at all times.
   It is the responsibility of the successful bidder to observe and keep growth and appearance of the shrubs and trees trimmed.
   Walkways around entire pond and woods area to be maintained as a navigable walking path.

6. **KWIATOWSKI PARK (Parks Road)**
   Same as #2 (McCarter Park)
IV. MISC. GENERAL LAWN MAINTENANCE

This proposal covers the following locations:

1. 3 DENBROOK ISLANDS
2. BUS STOP PARKING LOT ACROSS FROM WALGREENS
3. BLOOMFIELD AVENUE NEW, OLD AND LOWER PARKING LOT
4. BLOOMFIELD POINT
5. SUnderland Drive
6. FIRST AVENUE PARKING LOT
7. CHurch STREET PARKING LOT
8. NEW PARKS ROAD (CEDAR GATE)
9. REDWOOD (CEDAR GATE)
10. RIVERSIDE DRIVE PUMP STATION
11. SOUTH SHORE PUMP STATION
12. CASTERLINE/CAMBRIDGE PUMP STATION
13. 2 SPOTS ON CAMBRIDGE ROAD
14. BLACK BIRCH RETENTION AREA
15. MABRO DRIVE
16. UNION HILL ROAD
17. KNOLL TOP COURT
18. ALMA PLACE
19. Kitchell ROAD
20. ROUTE 53 & STATION ROAD
21. BERDONE COURT
22. ROUTE 46 / ROUTE 53 NORTH & SOUTH OFF-RAMPS
23. FRANKLIN ROAD FROM TRIANGLE TO ROUTE 10 – SIDEWALK SIDE
24. PARKS ROAD & MEMORY LANE TRiANGLE
25. PARK-N-RIDE SAVAGE ROAD AND STRIP TO ROUTE 46 LIGHT
26. ISLAND IN FRONT OF POLICE DEPARTMENT BETWEEN SAVAGE ROAD AND ROUTE 46 LIGHT

All work to be performed during house of non-peak use and all safety precautions shall be put in place to protect everyone on site.

The successful bidder shall meet with the DPW Superintendent and the Facilities Manager prior to the start of work to discuss: work schedule, work safety, review contract in detail and the exchange of contact persons and phone numbers.
1. (3) DENBROOK ISLANDS
   A. General clean-up in the Spring and Fall.
      Grass cutting and weed whacking weekly.
      No fertilizing required.
   B. Leaf pick-up throughout the months of October and November.
      Litter control weekly.
      Weed control as needed at curbing and pavement (method to be determined by contractor).
      All debris can be disposed of at the DPW facility on Morris Ave.

2. BUS STOP PARKING LOT ACROSS FROM WALGREENS
   A. TREES, SHRUBS AND BEDS
      It is the responsibility of the successful bidder to observe and keep growth and appearance of the
      shrubs at the optimum conditions.
      Pruning and shearing: To be done in Spring and Fall.
      No fertilizing required.
      Grass cutting and week whacking weekly.
      General clean-up in Spring and Fall.
   B. GENERAL MAINTENANCE AND CLEAN-UP
      Leaf pick-up throughout the months of October and November
      Litter control weekly.
      Weed control as needed at curbing and pavement (method to be determined by contractor).
      Parking area to be cleaned of winter debris and sand left from winter storm control.
      All debris can be disposed at the DPW facility on Morris Ave.

3. BLOOMFIELD AVENUE NEW, OLD & LOWER PARKING LOT
   A. GENERAL MAINTENANCE AND FALL CLEAN-UP
      Leaf pick-up throughout the months of October and November.
      General policing and clean-up to be considered part of the contract, to include removal of
      clippings from walks and pavements.
      Litter control weekly.
      Weed control as needed at curbing and pavement (method to be determined by contractor).
      All parking areas to be cleaned of winter debris and sand left from winter storm control.
      All debris can be disposed of at the DPW facility on Morris Ave.
      General clean-up in the Spring and Fall.
      Grass cutting and weed whacking weekly.
      No fertilizing required.
      Weed control to be maintained at all guardrails.
B. LOWER LOT
Meter posts to be kept free of weeds. Vegetation to be trimmed to a minimum of 6 ft. from meters.

C. UPPER LOT
Meter posts to be kept free of weeds. Pavement to be kept free of weed growth;

4. BLOOMFIELD POINT

GENERAL SPRING, SUMMER AND FALL MAINTENANCE AND CLEAN-UP.
Remove all winter debris from fences, lawn and shrubbery areas.
Institute initial cultivation of developed planted areas where applicable.
General policing and clean-up to be considered part of the contract, to include removal of clippings from walks and pavements.
Leaf pick-up throughout the months of October and November.
Litter control weekly.
Weed-Whack and cut as needed
Weed control as needed at curbing and pavement (method to be determined by contractor).
All debris can be disposed of at the DPW facility on Morris Ave.
Guardrail must be kept clear enough to be easily visible to traffic.

5. SUnderland drive

General policing and clean-up to be considered part of the contract, to include removal of clippings from walks and pavement.
General Spring and Fall maintenance and clean up.
Remove all winter debris from fences, lawn and shrubbery areas.
Leaf pick-up throughout the months of October and November.
Litter control weekly.
Weed control as needed at curbing and pavement (method to be determined by contractor).
All debris can be disposed of at the DPW facility on Morris Ave.
Sunderland Dr. site consists of area from utility box on south side, around cul-de-sac to utility box on north side, including walkway to the two residents’ property line and over the walkway bridge.

6. FIRST AVENUE PARKING LOT
Town portion only: Area to be stipulated at on-site inspection
General Spring and Fall maintenance and clean up.
Remove all winter debris from fences, lawn and shrubbery areas.
Institute initial cultivation of developed planted areas where applicable.
General policing and clean up to be considered part of the contract; to include removal of clippings from walks and pavements.
It is the responsibility of the successful bidder to observe and keep growth and appearance of the shrubs at the optimum conditions.
Pruning and shearing to be done in Spring and Fall.
Hedges to be cut monthly and must be kept at height to be determined by the Township.
Dividing islands must have stones that have been displaced by foot traffic replaced monthly.
Leaf pick up throughout the months of October and November.
Litter control weekly.
Weed control as needed at curbing and pavement (method to be determined by contractor).
Area to be cleaned of winter debris and sand left from winter storm control.
All debris can be disposed of at the DPW facility on Morris Ave.

7. **CHURCH STREET LOT**
   It is the responsibility of the successful bidder to observe and keep growth and appearance of the shrubs at the optimum conditions.
   Pruning and shearing; to be done in spring and fall.
   Leaf pick up throughout the months of October and November.
   Litter control weekly.
   Weed control as needed at curbing and pavement (method to be determined by contractor).
   Area to be cleaned of winter debris and sand left from winter storm control.
   All debris can be disposed of at the DPW facility on Morris Ave.
   Fine turf will be cut each week to maintain a 2” to 3” turf.

8. **NEW PARKS ROAD (CEDAR GATE)**
   Same as #7: (Church Street Lot)

9. **REDWOOD (CEDAR GATE)**
   Same as #7: (Church Street Lot)

10. **RIVERSIDE DRIVE PUMP STATION**
    Same as #4: (Bloomfield Point)

11. **SOUTH SHORE PUMP STATION**
    Same as #4: (Bloomfield Point)

12. **CASTERLINE/CAMBRIDGE PUMP STATION**
    Same as #4: (Bloomfield Point)

13. **2 SPOTS ON CAMBRIDGE ROAD**
    Same as #4: (Bloomfield Point)

14. **BLACK BIRCH RETENTION AREA**
    Same as #4: (Bloomfield Point)

15. **MABRO DRIVE**
    Same as #4: (Bloomfield Point)

16. **UNION HILL ROAD**
    Same as #4: (Bloomfield Point)

17. **KNOLL TOP COURT**
    Same as #4: (Bloomfield Point)

18. **ALMA PLACE**
    Same as #4: (Bloomfield Point)

19. **KITCHELL ROAD**
    Same as #4: (Bloomfield Point)

20. **ROUTE 53 & STATION ROAD**
    Same as #4: (Bloomfield Point)

21. **BERDONE COURT**
    Same as #4: (Bloomfield Point)

22. **ROUTE 46 / ROUTE 53 NORTH & SOUTH OFF-RAMPS**
    Same as #4: (Bloomfield Point)

23. **FRANKLIN ROAD FROM TRIANGLE TO ROUTE 10 – SIDEWALK SIDE**
    Same as #4: (Bloomfield Point)

24. **PARKS ROAD & MEMORY LANE TRIANGLE**
25. **PARK-N-RIDE SAVAGE RD AND STRIP TO ROUTE 46 LIGHT**

Same as #4: (Bloomfield Point)

26. **ISLAND IN FRONT OF POLICE DEPARTMENT BETWEEN SAVAGE ROAD AND ROUTE 46 LIGHT**

Same as #4: (Bloomfield Point)

**OTHER REQUIREMENTS:**

Successful bidder shall have a minimum of five (5) years experience in field and lawn maintenance and shall have successfully fulfilled contracts of similar size and scope to this contract.

All tree work outlined in these specifications pertains only to trees less than five inches in caliper and less than twenty feet in height.

Contractor shall supply product labels and chemical logs for all pesticides and herbicides used.

The contractor understands that adequate mulch must be maintained in all planting beds in order for contractor to control weed growth.

**RESPONSIBILITIES OF SUCCESSFUL BIDDER**

Weekly check list of areas completed should be signed by contractor, submitted weekly and kept by the Municipality (sample copy attached)

Employees of successful bidder shall wear a uniform or tee-shirt designating the company name.

All vehicles must display company name and phone number.

Supervisors in communication with Township employees must be proficient in the English language.

Litter should be removed from any area that falls within designated areas for each site.

Successful bidder shall be responsible to cover designated planting beds and trees with mulch, which shall be provide by the Township. The contractor has the obligation to notify the Township 7 to 10 days prior to the mulch spreading date.

Each shipment of grass seed mixture should be accompanied by a certified weight slip and an analysis of the composition, purity and germination (85% min.) of the seed of each component in the mixture, certified by the seed house and furnished at the time of placement. Seed should be fresh and clean and should be “new crop” seed.

Seeding should be discussed in advance in order for fields to have ample time to germinate before any activities.
