REGULAR AGENDA ITEMS

ORDINANCES:

9A. Consideration of a public hearing and possible action on the first reading of an ordinance amending the Code of Ordinances (2014 Edition), Chapter 16, Article 16.02 Unified Development Code (UDC) Chapter Two, Section 10.203.9: Minor Modification. (Carolyn Horner)

Carolyn Horner, Planning Services Director gave the details of the amendment. The minor modification process as outlined in Chapter 16, Article 16.02 Unified Development Code is only applicable to Old Town and is currently approved by the Historic Preservation Commission; however, it is similar, with regard to intent, to a Specific Use Permit that is approved by the Planning and Zoning Commission. The intent of both permit types is to determine whether some land uses may be appropriate in a certain zoning district or essential for providing a public service, but require special attention to find if they will have an adverse effect on the surrounding area. In order to allow for consistency and similar applicability citywide, the intent of this code amendment is to continue to include the Historic Preservation Commission in the evaluation criteria of uses in Old Town, while allowing for consistency in the ultimate approval and imposition of conditions by the Planning & Zoning Commission.

Public hearing was opened at 7:21 p.m. and closed at 7:21 p.m. with no public comment.

Summary of Request

The property is located at 330 Ed Schmidt Boulevard and is approximately 4.859 acres of land. It is located on Ed Schmidt Boulevard, north of Home Depot. The applicant is requesting a zoning change from interim SF-1 (Single Family Residential) to B-2 (General Commercial) zoning district. SF-1 was used as an interim zoning district when property was annexed until the owner requests a zoning district. This request is consistent with the existing FLUM (Future Land Use Map) which classifies the property as Commercial.

Compatibility with existing zoning and uses of surrounding property

Land to the north is located outside City limits and is currently developed as a place of worship. Property to the south is either developed or zoned for commercial uses. Property to the east is currently vacant and zoned for commercial. Land to the west across Ed Schmidt Boulevard is zoned for commercial use and is currently developed as such. This rezoning request is compatible with existing development and zoning districts.

Compatibility with the future land use designation of surrounding property

The Future Land Use Map designates property to the east, south, and west as Commercial. Property to the North is designated as Institutional, reflecting the existing Place of Worship. This rezoning request for B-2 (Commercial) is compatible with the Future Land Use designation of surrounding property.

Infrastructure

Water is available via a 12-inch line along Ed Schmidt Boulevard. Sewer is available via an 8-inch line along Ed Schmidt Boulevard. A TIA was not required for this rezoning. The need for a TIA will be reviewed again once the end use is determined with a site plan.

Site plan and building plans will be reviewed for code compliance during the permitting process.

Public notice

All property owners within 200-feet have been notified by mail of the proposed zoning change request. Out of 4 notifications sent, no responses were received. If additional responses are submitted, staff will share them at the meeting.
Notice was published in the Taylor Daily Press. Notice has also been posted on the City of Hutto website.

PRESENTED BY: Michel Sorrell, Chief Financial Officer

ITEM:
Consideration and possible action on the first reading of an ordinance amending the wastewater rates outlined in the City of Hutto Code of Ordinances (2014 Edition), Appendix A Fee Schedule, Article A5.000 Utilities. (Michel Sorrell)

STRATEGIC GUIDE POLICY: Fiscal and Budgetary

ITEM BACKGROUND:

Article A5.000 Utilities

The City of Hutto contracted with NewGen Strategies and Solutions to perform a follow up utility rate study to determine any necessary utility rate increases. Based on the results of the study, wastewater rates will need to increase by 28% in FY 2018, 28% in FY 2019, and 28% in FY 2020.

The rate increases are needed in order to maintain utility fund reserve requirements, invest in new infrastructure and meet debt service obligations for recent utility projects such as the new Hutto South Waste Water Treatment Plant. The proposed rate increases are recommended to ensure proper cost recovery and as well as meet debt service requirements related to the construction of a new Waste Water Treatment Plan. The amount borrowed to construct the plant is over $24 million. The related annual debt service payment is over $800,000 through 2026 and rising to over $1 million through 2039.

Amended rate tables can be found in the attached Exhibit A - Fee Schedule.

BUDGETARY AND FINANCIAL SUMMARY:
Article A5.000 Utilities

The retail waste water rates are proposed to be increased by 28% over FY 2018, FY 2019, and FY 2020. ITEM: Consider and approve final ordinance to create Reinvestment Zone No. One, City of Hutto, Texas, for the purpose of promoting redevelopment within the corporate limits of the City of Hutto (Co-Op Project). (Helen Ramirez)

STRATEGIC GUIDE POLICY: Infrastructure & Growth

ITEM BACKGROUND: Within and throughout the City's Historic Old Town, Hutto has experienced flooding and traffic congestion. The City is in need of planning and providing for infrastructure related to regional detention, storm sewer and improved road circulation that will not only alleviate local congestion, but regional traffic flow that currently negatively impacts Williamson County, particularly on US HWY 79, a major east-west arterial. These infrastructure improvements will reduce impediments to growth west of Old Town.

A majority of the approximately 25 acre Co-Op District project area is City-owned and vacant. The City owned land contains silos that are no longer functioning. There are also remnants of rail spurs and concrete pads of silos that once stood on the site and need to be removed. Therefore, the redevelopment of the site will include the following:

- Cleaning up obsolete platting;
- Reusing and relocating, when appropriate, accessory structures;
- Improving existing roads and constructing new ones to improve traffic circulation.

The City of Hutto entered into a Development Agreement with MA Partners to develop the approximately 25 acre project site. The City is requesting that Williamson County participate in a Tax Increment Reinvestment Zone (“TIRZ” or “Zone”) to be created over City property that will be taken down over time by the Developer per the executed Development Agreement, in addition to, current Williamson County offices fronting Exchange Boulevard, as well as, a church and commercial properties fronting West Street. The inclusion of the County offices will assist with providing the following solutions to the challenges that were identified in the previous section.

Solutions: The project description of the work associated with the development of the Co-Op Entertainment District and associated regional detention issues include infrastructure improvements and maintenance of said improvements related to the following:
1. New and improved roads that will serve the immediate project area and provide access to and through the Co-Op Entertainment District and provide for site specific, community and regional connectivity and mobility as a way to improve public safety within the project area. This includes new roadways and may include improvements to existing roads such as US HWY 79.

2. Regional storm, sewer and drainage improvements that will serve the area in and around the Co-Op Entertainment District. These improvements will serve to alleviate existing flooding and drainage problems and increase the capacity to serve the development of Old Town.

1. Utility placement and relocation as a result of the improvement described in point 1 and 2 above.

The proposed TIRZ boundary includes City-owned property of approximately 25.38 acres, County-owned property of approximately 4.43 acres and privately owned property of approximately 7.65 acres for a total of approximately 37.46 acres of land.

On December 13, 2017 a public hearing notice was published in the Taylor Daily Press giving notice of public hearing of the creation of a tax increment financing zone and the benefits from the zone to the City and Williamson County and the property to be included within the proposed zone (attached). On December 21, 2017 the City held a public hearing where citizens were given the right to speak on the creation of the Reinvestment Zone Number One.

I. INTRODUCTION

Located northeast of Austin in Williamson County, the fourth-fastest growing county in the State of Texas, the City of Hutto has experienced rapid growth since 2000. Once a rural Texas town with a population of 1,250 in 2000, Hutto is now home to an estimated 27,000 people, positioning itself to become a lively and integral part of the Austin Metropolitan region. With recent recognitions including the “Top Place in Texas to Raise a Family”, the “#1 Local City (in the Austin area) For Young Couples”, “One of the Top 5 Safest Cities in Texas”, and “One of the Top 100 Places in Major Markets to Locate a Business”, Hutto is consistently ranked as one of the fastest growing and safest cities in the country.

Just 25 minutes from the heart of the Texas State Capitol and 30 minutes from the Austin Bergstrom International Airport via the new SH-130 tollway, the City of Hutto is well positioned for economic growth. With quick access to State Highway 130, Interstate 35, US Highway 79, and the Union Pacific Red Line, Hutto provides convenient transportation routes to the greater Texas region.

Those who call Hutto home are attracted to its strong sense of community, rich history, affordable housing and attractive neighborhoods, low crime, high performing school district, access to higher education institutions, and plentiful open space; all of which come together to provide a high quality of life just outside of Austin. As the city continues to grow, it aims to be a family-friendly community that provides superior public safety, outstanding fiscal responsibility, a diversified economy, and an exceptional quality of life. Here, the importance of a diverse community is recognized as it will directly affect the quality of life of the community and its residents.

That being said, the City Council’s goal is to take a comprehensive approach towards economic development by focusing their efforts on redevelopment, including the rehabilitation of infill properties such as the Co-Op District, located just west of Hutto’s Historic District.
II. HUTTO – At a Glance

DEMOGRAPHICS

Hutto has experienced an estimated 6 percent (6%) average annual growth and over 50 percent (50%) change in total population change since 2010. Using historical residential permit patterns, Hutto may be home to over 85,000 residents in 2040.

With a median age of 33, Hutto has attracted many young families. Just over half of the population consists of families with children under the age of 18 and adults age 25 to 54. In addition to a growing population within city limits, Hutto provides access to over 65,000 people within a 5-mile radius, expanding to over 284,000 people within a 10-mile radius.

An educated workforce is key to having a dedicated and diverse workforce. With an Independent School District that experiences a 97% graduation rate and access to multiple nationally recognized higher education institutions, the Hutto community is diverse, skilled, and able to adapt to changing needs within the workforce.

Hutto’s level of educational attainment - 22 percent of Hutto residents 25 years or older hold a bachelor’s degree or higher – a median household income of $73,855, an average household income of $80,603 within city limits, and an average household income in the primary trade area of $93,371 reflect the desirability and quality of life that the community offers to people who are educated and high income earners.

ECONOMIC OUTLOOK

As of 2015, approximately 88 percent (88%) of the working population commutes an average 27 minutes to work outside the city limits. With .66 jobs per household, it is important for economic stability to achieve a citywide job-housing balance with a goal of at least 1 job for every household. As residential development within the city and its Extraterritorial Jurisdiction (ETJ) increase, it is vital for Hutto to focus on productive growth that creates local jobs and diversifies its tax base. The people of Hutto provide a strong foundation for a workforce and consumer market that will help the city become more regionally and nationally competitive. Hutto is in the early stages of its development cycle and needs to develop the economic diversity and depth of business support infrastructure (capital and non-capital) to be competitive in the larger Central Texas regional and national market.
Given this, the redevelopment of the Co-Op District, as well as much needed infrastructure improvements, are key to the creation of a place to live, work and play which will result in a more balanced economy.

III. GROWTH CORRIDORS & INFRASTRUCTURE

ECONOMIC DEVELOPMENT GROWTH CORRIDORS

At present, the City of Hutto lacks significant shovel-ready, or building ready, sites. Water, wastewater and other critical infrastructure that is key to significant economic development is lacking in certain areas of the city. The city is therefore constrained in terms of being able to accommodate concentrations of quality, career-oriented employment opportunities which are consistent with the City Council’s Strategic Plan.

Through the Future Land Use Map (FLUM) planning process, seven (7) key areas were identified as vital employment and growth corridors – areas that can and should become priority focus areas for public and private sector investment and planning for high quality non-residential development over the next 5, 10, 20 years. The City, during its planning process, considered the following points when considering these corridors along major highways:

- Promoted development compatible with safe, efficient traffic circulation through sound standards for access management, limited installation of curb cuts, and parking facility connectivity;
- Selectively determined appropriate locations and applied design standards for large commercial developments and other high traffic generating uses;
- Set quality design standards for all commercial development;
- Encouraged mixed-use, clustered and “village center” development types as alternatives to conventional strip center and stand-alone “pad” sites; and
- Added regional and community nodes to key intersections.

These employment and growth areas are those that can eventually accommodate significant concentrations of firms in the economic sectors identified previously. Each of these primary employment corridors offers its own distinct locational advantages and attributes, as well as challenges that need to be addressed in order to realize their individual and collective potential for Hutto’s continued economic growth. One of the seven employment and growth corridor areas identified, includes the Historic Downtown/Co-Op site. The challenges that currently exist on the Co-Op site are identified in Section IV THE NEED FOR REDEVELOPMENT of this Plan.

HUTTO’S ECONOMIC DEVELOPMENT POLICY

The City of Hutto adopted an ECONOMIC DEVELOPMENT POLICY on July 20, 2017 and in that policy document identified the use of tax increment financing as a way of redeveloping open or undeveloped land currently experiencing challenges such as obsolete platting, deteriorating
structures or other factors, the substantially impair the growth of the city. The Co-Op District is one of three areas identified as a site that is need of infrastructure in order to be redeveloped and allow for growth to occur west of Old Town as it is currently an undeveloped site, that when developed, will alleviate the immediate and surrounding areas drainage problems and improve traffic circulation with proposed improvements to US HWY 79 and with the extension of Live Oak to the west.

**DOWNTOWN HUTTO: HUTTO’S COMMUNITY AND CIVIC HEART**

Downtown is a vital intersection of commerce, business, and tourism, and also serves as a fundamental cornerstone of our identity and economy. A healthy and vibrant downtown benefits all citizens and businesses of Hutto. Downtown Hutto is a designated historic district, with a variety of active commercial and retail buildings surrounded by residential and open spaces.

Hutto has the opportunity to create a new Entertainment and Civic District downtown. This area, known as the Co-Op District, is located west of Downtown and is part of the larger Historic Downtown District, with approximately 900 linear feet of access along Highway 79. The City has an executed development agreement with a developer for this site, specifically to design a new City Hall and Library, with retail and commercial areas throughout, for the creation of an Entertainment District. A Historic Downtown/Co-Op Site Infrastructure Plan has been identified as a need, and includes a description of the shared vision of streetscapes, infrastructure, building design standards, and open space/community planning. The proposed TIRZ will specifically address road, drainage and associated utility needs.
IV. THE NEED FOR REDEVELOPMENT

Within and throughout the City’s Historic Old Town, Hutto has experienced flooding and traffic congestion. The City is in need of planning and providing for infrastructure related to regional detention, storm sewer and improved road circulation that will not only alleviate local congestion, but regional traffic flow on US HWY 79. These infrastructure improvements will reduce impediments to growth west of Old Town.

A majority of the project area is City-owned and vacant. The City owned 25 acres contain silos that are no longer functioning. There are also remnants of rail spurs and concrete pads of silos that once stood on the site and need to be removed. Therefore, the redevelopment of the site will include the following:

- Cleaning up obsolete platting;
- Reusing and relocating, when appropriate, accessory structures;
- Improving existing roads and constructing new ones to improve traffic circulation.

View of project site facing north from US HWY 79
Additional challenges currently experienced within and adjacent to the project site, are the following:

- Open ditches
- Residents & Businesses experience flooding in streets and alleyways
- Drainage & flooding problems
Flooding in old town
The following map shows the drainage flow from the north, through the project site draining south, towards US HWY 79,
The following is a floodplain map that shows the areas prone to flooding:
The City of Hutto entered into a Development Agreement with MA Partners to develop the project site. The City is requesting that Williamson County participate in a Tax Increment Reinvestment Zone (“TIRZ” or “Zone”) to be created over City property that will be taken down over time by the Developer per the executed DA, current County offices fronting Exchange Boulevard, as well as, a church and commercial properties fronting West Street. The inclusion of the County offices will assist with providing the following solutions to the challenges that were identified in the previous section.

**Solutions:**

- Storm sewer
- Regional detention on Co-Op site
- Review resize box culvert under US79
- Prepare drainage study
- Take over HOA maintained drainage ditches

The following map depicts the proposed TIRZ boundary that includes City-owned property of approximately 25.38 acres, County-owned property of approximately 4.43 acres and privately owned property of approximately 7.65 acres for a total of approximately 37.46 acres of land.
The creation of the TIRZ is necessary as neither the City or the County alone can fund the improvements that constrain the property and hinder the redevelopment and growth of the City.

THE CO-OP DISTRICT PUD

MA Partners has prepared, submitted and obtained approval for a Co-Op District Planned Unit Development (PUD) that is zoned for mixed use and includes Design Guidelines so as to ensure that high quality development is built. The following is a concept plan that was submitted to the City Council.
The following drawing shows the planned infrastructure throughout the District, including the extension of West Live Oak towards Exchange Boulevard, in addition to, the regional drainage ponds.
High quality infrastructure and design guidelines include active open space and amphitheatre area.
V. PRELIMINARY PROJECT PLAN

The TIRZ will be comprised of approximately 37.46 acres and will be coterminous with the land that comprises the [City of Hutto, Texas Public Improvement District] (the "PID"), as more fully described in the PID Service and Assessment Plan ("S&P") adopted by the City in connection with the PID.

The TIRZ will terminate on the earlier of (1) the date the Board certifies to the City that all project costs and all tax-increment bonds or notes issued for the TIRZ have been paid and any money remaining in the tax-increment fund has been paid to the City and other taxing units levying taxes on property in the TIRZ or (2) the date that there is a unanimous determination by all members of the TIRZ Board (the "TIRZ Board") that all project costs, tax increment bonds and interest on those bonds, and other obligations have been paid in full.

Description of Projects within the TIRZ

The following is a description of the projects that will be undertaken including the development of the Co-Op Entertainment District and associated regional detention issues (infrastructure improvements and maintenance of said improvements) within the boundaries of the TIRZ (the "TIRZ Projects") that will be financed by the PID as further discussed in PRELIMINARY FINANCING PLAN – Method of Financing below:

1. New and improved roads that will serve the immediate project area and provide access to and through the Co-Op Entertainment District and provide for site specific, community and regional connectivity and mobility as a way to improve public safety within the project area. This includes new roadways and may include improvement to existing roads such as US HWY 79.

2. Regional storm, sewer and drainage improvements that will serve the area in and around the Co-Op Entertainment District. These improvements will serve to alleviate existing flooding and drainage problems and increase the capacity to service the development of Old Town.

3. Utility placement and relocation as a result of the improvement described in point 1 and 2 above.

VI. PRELIMINARY FINANCING PLAN

Proposed TIRZ Projects

Section 311.002 of the Tax Increment Financing Act defines project costs as "the expenditures made or estimated to be made and monetary obligations incurred or estimated to be incurred or estimated to be incurred by the municipality or county designating a reinvestment zone that are listed in the project plan as costs of public works, public improvements, programs, or other projects benefiting the zone, plus other costs incidental to those expenditures and obligations."

Project costs include:

(A) capital costs, including the actual costs of the acquisition and construction of public works, public improvements, new buildings, structures, and fixtures; the actual costs of the acquisition, demolition, alteration, remodeling, repair, or reconstruction of existing buildings, structures, and fixtures; the actual costs of the remediation of conditions that contaminate public or private land or buildings; the actual costs of the preservation of the facade of a public or private building; the actual costs of the demolition of public or private buildings; and the actual costs of the acquisition of land and equipment and the clearing and grading of land;

(B) financing costs, including all interest paid to holders of evidences of indebtedness or other obligations issued to pay for project costs and any premium paid over the principal amount of the obligations because of the redemption of the obligations before maturity;

(C) real property assembly costs;

(D) professional service costs, including those incurred for architectural, planning, engineering, and legal advice and services;

(E) imputed administrative costs, including reasonable charges for the time spent by employees of the municipality or county in connection with the implementation of a project plan;

(F) relocation costs;

(G) organizational costs, including the costs of conducting environmental impact studies or other studies, the cost of publicizing the creation of the zone, and the cost of implementing the project plan for the zone;

(H) interest before and during construction and for one year after completion of construction, whether or not capitalized;

(I) the cost of operating the reinvestment zone and project facilities;

(J) the amount of any contributions made by the municipality or county from general revenue for the implementation of the project plan;

(K) the costs of school buildings, other educational buildings, other educational facilities, or other buildings owned by or on behalf of a school district, community college district, or other political subdivision of this state; and

(L) payments made at the discretion of the governing body of the municipality or county that the governing body finds necessary or convenient to the creation of the zone or to the implementation of the project plans for the zone.
Method of Financing

The property that makes up the TIRZ and the PID is proposed to be developed in multiple phases with the PID financing improvements for each phase as each phase is developed. PID assessments will be imposed on certain properties within each phase of the PID (City-owned property will not be subject to PID assessments).

The City does not plan to issue TIRZ bonds to finance the costs that make up the TIRZ Projects; rather, the City plans to issue PID bonds, as described in the S&P, secured by PID assessments on certain future improvements within the PID to finance the projects that represent the TIRZ Projects. After the creation of the TIRZ, and if and when TIRZ revenues become available as a result of real property improvements within the TIRZ, the resulting real property tax increment revenues generated within the TIRZ will, to the extent authorized by law, be used to supplement PID assessments for the benefit of the TIRZ project plan.

ORDINANCE NO. 201—________________

AN ORDINANCE TO CREATE REINVESTMENT ZONE NO. ONE, CITY OF HUTTO, TEXAS FOR THE PURPOSE OF PROMOTING REDEVELOPMENT WITHIN THE CORPORATE LIMITS OF THE CITY OF HUTTO

WHEREAS, the City Council (the “Council”) of the City of Hutto (the “City”) located in Williamson County, Texas (the “County” or “Williamson County”) has determined, pursuant to Chapter 311 of the Texas Tax Code (the “Code” or the “Tax Increment Financing Act”) that the contiguous area lying within the corporate limits of the City, as described in Exhibit A attached hereto (the “Zone”), is predominantly open and underdeveloped and substantially arrests or impairs the sound growth of the City, requiring creation of a reinvestment zone (a “Reinvestment Zone”) to promote redevelopment within the corporate limits of the City;

WHEREAS, Chapter 311 of the Code provides for the creation of reinvestment zones to promote development or redevelopment of a contiguous or noncontiguous geographic area that is in the corporate limits of a municipality, in the extra-territorial jurisdiction of a municipality, or in both, if the governing body of the city determines that development or development would not occur solely through private investment in the reasonably foreseeable future;

WHEREAS, Chapter 311 of the Code permits the Council to establish a tax increment fund to be used to pay project costs for a Reinvestment Zone with no financial risk to the City;

WHEREAS, it is the general policy of the City to encourage new development and redevelopment that might benefit its residents without obligating City funds to development infrastructure;

WHEREAS, the Council anticipates the Commissioners Court (the “Court”) for Williamson County will take action by order of the Court to participate in the Zone described herein; and

WHEREAS, the Council has determined that it is in the best interest of the City and its residents to create a Reinvestment Zone.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HUTTO, TEXAS:

1. Findings:

The City finds and determines that:

a. Improvements in the Zone will significantly enhance the value of all the taxable real property in the zone and will be of general benefit to the City.
b. The area contained within the Zone meets the requirements of Section 311.005(a)(2) of the Tax Increment Financing Act.

c. Prior to the adoption of this Ordinance (this “Ordinance”), the City has complied with the requirements of Section 311.003 of the Tax Increment Financing Act, including preparing a preliminary reinvestment zone financing plan, holding a public hearing, and publishing notice of the public hearing not later than the seventh day before the date of the hearing in a newspaper having general circulation in the City.

2. Creation of the Reinvestment Zone: Pursuant to Section 311.005(a)(2) of the Tax Increment Financing Act, the City designates as “Reinvestment Zone Number One, City of Hutto, Texas,” a contiguous area lying within the corporate limits of the City, as described on Exhibit A attached hereto.

3. Effective Date and Termination of the Zone: The Zone shall take effect immediately upon the passage of this Ordinance. The Zone shall terminate on the earlier of:

   a. The date the Board certifies to the City that all project costs and all tax-increment bonds or notes issued for the Zone have been paid and any money remaining in the tax-increment fund has been paid to the City and other taxing units levying taxes on property in the Zone; or

   b. The date that there is a unanimous determination by all members of the Board that all project costs, tax increment bonds and interest on those bonds, and other obligations have been paid in full.

   a. Number, Term, and Appointment: The Board of the Zone shall consist of five (5) members. The directors shall serve two (2) year terms. Each taxing unit other than the City and the County that levies taxes on real property in the Zone may appoint one member of the Board if the taxing unit has approved payment of all or part of the tax increment produced by the unit into the tax increment fund for the Zone. Such a taxing unit may waive its right to appoint a member of the Board. The City requests that Williamson County designate two individuals to be members of the Board and the City agrees to appoint the individuals designated by the County as members of the Board. The remaining three (3) members of the Board shall be appointed by Council. Appointment of the Board shall be by separate action of the Council. The five (5) Board member positions shall be designated as City of Hutto positions 1, 2 and 3 and Williamson County positions 4 and 5.
b. **Qualifications:** To be eligible for appointment to the Board, an individual must be at least 18 years of age and be a resident of Williamson County or a county adjacent to Williamson County.

The Board may elect other officers as it considers appropriate.

e. **Powers:**

   i. The Board shall make recommendations to the Council concerning the administration of the Zone pursuant to the Tax Increment Financing Act. The Council, by ordinance or resolution, may authorize the Board to exercise any of the City’s powers with respect to the administration, management, or operation of the Zone or the implementation of the project plan for the Zone, except that the Council may not authorize the Board to:

      1. issue bonds;
      2. impose taxes or fees;
      3. exercise the power of eminent domain; or
      4. give final approval to the project plan for the Zone.

   ii. The Board, the County and the Council may each enter into agreements as the Board or the Council considers necessary or convenient to implement the project plan and reinvestment zone financing plan and achieve their purposes. An agreement may provide for the regulation or restriction of the use of land by imposing conditions, restrictions, or covenants that run with the land. An agreement may, during the term of the agreement, dedicate, pledge, or otherwise provide for the use of revenue in the tax increment fund to pay any project costs that benefit the Zone, including project costs relating to the cost of buildings, schools, or other educational facilities owned by or on behalf of a school district, community college district, or other political subdivision of this state, railroad or transit facilities, affordable housing, remediation of conditions that contaminate public or private land or buildings, the preservation of the façade of a private or public building, the demolition of public or private buildings, or the construction of a road, sidewalk, or other public infrastructure. An

iv. The Board may exercise any power granted to a board under Chapter 311 of the Tax Increment Financing Act.

v. The Board and the Council may enter into a contract with a local government corporation or a political subdivision to manage the Zone or implement the project plan and reinvestment zone financing plan for the term of the agreement.

vi. Subject to the approval of the Council and the County, the Board, as necessary or convenient to implement the project plan and reinvestment zone financing plan and achieve their purposes, may establish and provide for the administration of one or more programs for the public purposes of developing and diversifying the economy of the Zone, eliminating unemployment and underemployment in the Zone, and developing or expanding transportation, business, and commercial activity in the Zone, including programs to make grants and loans from the tax increment fund of the Zone in an aggregate amount not to exceed the amount of the tax increment produced by the City and paid into the tax increment fund for the Zone for activities that benefit the Zone and stimulate business and commercial activity in the Zone. For these purposes, on approval of the City, the Board has all the powers of a municipality under Chapter 380, Local Government Code.

vii. The Board or a local government corporation administering a reinvestment zone may contract with the City to allocate from the tax increment fund for the Zone an amount equal to the tax increment produced by the City and paid into the tax increment fund for the Zone to pay the incremental costs of providing municipal services incurred as a result of the creation of the Zone or the development or redevelopment of the land in the Zone, regardless of whether the costs of those services are identified in the project plan or reinvestment zone financing plan for the Zone.
viii. The Board shall keep the City and County informed of its actions and financial matters concerning the Zone.

f. Meetings: Meetings of the Board may be called at any time by the chairperson of the Board. Notice of any meeting may be given in writing or orally by such means as may be most convenient, but not later than three (3) days before the day of the meeting.

b. Money may be disbursed from the Fund only to satisfy claims of holders of tax increment bonds or notes issued for the Zone, to pay project costs for the Zone, to make payments pursuant to an agreement made under Section 311.010(b) of the Tax Increment Financing Act dedicating revenue from the tax increment fund, or to repay other obligations incurred for the Zone.

c. Subject to an agreement with the holders of tax increment bonds or notes, money in the Fund may be temporarily invested in the same manner as other funds of the City.

d. After all project costs, all tax increment bonds or notes issued for the Zone, and any other obligations incurred for the Zone have been paid, and subject to any agreement with bondholders, any money remaining in the Fund shall be paid to the City, the County and other taxing units levying taxes on property in the Zone in proportion to the City’s, the County’s and each other unit’s respective share of the total amount of tax increments derived from taxable real property in the Zone that were deposited in the Fund during the Fund’s existence.

e. A taxing unit that levies taxes on real property in the Zone may make a loan to the Board for deposit in the Fund for the Zone if the governing body for the taxing unit determines that the loan is beneficial to, and serves a public purpose of, the taxing unit. The loan is payable on the terms agreed to by the taxing unit, or an instrumentality of the taxing unit if applicable, and the Board. Such a loan:
i. is not considered to be a tax increment bond or note under Section 311.015 of the Tax Increment Financing Act; and

ii. is considered to be:

1. an authorized investment under Chapter 2256, Government Code; and
2. an obligation incurred for the Zone.

6. **Repeal:** All ordinances and parts of ordinances in conflict with this Ordinance are hereby repealed to the extent of the conflict.

CITY OF HUTTO
CITY COUNCIL AGENDA

AGENDA ITEM NO.: 12B. AGENDA DATE: January 04, 2018

PRESENTED BY: Helen Ramirez, Assistant City Manager

ITEM: Consideration and possible action on the adoption of an Interlocal Agreement regarding the Tax Increment Financing by and between Williamson County, the City of Hutto, and the Hutto Reinvestment Zone Number One. (Helen Ramirez)

STRATEGIC GUIDE POLICY: Well Balanced & Diversified Economy

ITEM BACKGROUND:

Within and throughout the City's Historic Old Town, Hutto has experienced flooding and traffic congestion. The City is in need of planning and providing for infrastructure related to regional detention, storm sewer and improved road circulation that will not only alleviate local congestion, but regional traffic flow that currently negatively impacts Williamson County, particularly on US HWY 79, a major east-west arterial. These infrastructure improvements will reduce impediments to growth west of Old Town.

A majority of the approximately 25 acre Co-Op District project area is City-owned and vacant. The City owned land contains silos that are no longer functioning. There are also remnants of rail spurs and concrete pads of silos that once stood on the site and need to be removed. Therefore, the redevelopment of the site will include the following:

- Cleaning up obsolete platting;
- Reusing and relocating, when appropriate, accessory structures;
- Improving existing roads and constructing new ones to improve traffic circulation.

The City of Hutto entered into a Development Agreement with MA Partners to develop the approximately 25 acre project site. The City is requesting that Williamson County participate in a Tax Increment Reinvestment Zone ("TIRZ" or "Zone") to be created over City property that will be taken down over time by the Developer per the executed Development Agreement, in addition to, current Williamson County offices fronting Exchange Boulevard, as well as, a church and commercial properties fronting West Street. The inclusion of the County offices will assist with providing the following solutions to the challenges that were identified in the previous section.

The project description of the work associated with the development of the Co-Op Entertainment District and associated regional detention issues include infrastructure improvements and maintenance of said improvements related to the following:
1. New and improved roads that will serve the immediate project area and provide access to and through the Co-Op Entertainment District and provide for site specific, community and regional connectivity and mobility as a way to improve public safety within the project area. This includes new roadways and may include improvements to existing roads such as US HWY 79.
2. Regional storm, sewer and drainage improvements that will serve the area in and around the Co-Op Entertainment District. These improvements will serve to alleviate existing flooding and drainage problems and increase the capacity to serve the development of Old Town.

1. Utility placement and relocation as a result of the improvement described in point 1 and 2 above.

The proposed TIRZ boundary includes City-owned property of approximately 25.38 acres, County-owned property of approximately 4.43 acres and privately owned property of approximately 7.65 acres for a total of approximately 37.46 acres of land.

On December 13, 2017 a public hearing notice was published in the Taylor Daily Press giving notice of public hearing of the creation of a tax increment financing zone and the benefits from the zone to the City and Williamson County and the property to be included within the proposed zone. On December 21, 2017 the City held a public hearing where citizens were given the right to speak on the creation of the Reinvestment Zone Number One.

The Hutto Reinvestment Zone Number One ("Zone" or "TIF") has been created pursuant to Chapter 311, of the Texas Tax Code, entitled the Tax Increment Financing Act (the "Act"). Section 311.013(f) of the Act provides that the County may enter into an agreement with the governing body which created the Zone to participate in the payments of tax increments for certain project costs as agreed upon by the County and said governing body.

The City and the County desire to enter into this agreement regarding the County’s participation in the Zone (attached).

The City has agreed to participate in the Zone by contributing tax increments produced in the Zone to the Tax Increment Fund based on a contribution of fifty percent (50%) of its tax rate on real property for a maximum of forty (40) years beginning on the Effective Date of this Agreement and ending when TIF related debt is repaid.

The County desires to participate in the Zone in consideration for the agreements set forth below. The parties now desire to enter into an Interlocal Agreement pursuant to Section 311.013(f) of the Texas Tax Code.

III. OBLIGATIONS OF COUNTY

A. Tax Increment Participation

For and in consideration of the agreement of the parties set forth herein, and subject to the remaining subsections of this section, the participation of the County shall be (1.) for a maximum term of twenty (20) years beginning on the Effective Date of this Agreement; or (2.) until the County Tax Increment Participation contribution to the TIF Fund reaches $5,500,000.00; or (3.) upon a condition set out herein, or (4.) at such other date as the Zone may be terminated by operation of law, whichever event occurs earlier. During such period of this Agreement, the
County agrees to participate in the Zone by contributing the percentage of its tax rate (the “Participation Percentage”) as set forth below (not including the County’s Road & Bridge Tax Rate or Debt Service Tax Rate) on real property on the tax increment attributed to the Captured Appraised Value in the Zone attributable to the County, subject to the limitations set forth herein; provided, however, any County or City Roll Back Taxes shall not be paid into the TIF Fund and shall remain with the County. In no event shall the County Tax Increment Participation contribution to the TIF Fund exceed a total of $5,500,000.00. Upon reaching the total County Tax Increment Participation contribution of $5,500,000.00 prior to the expiration of the this Agreement’s maximum term of twenty (20) years, as set forth above, the participation of the County in this Agreement shall terminate unless the County by official action of the Commissioners Court and the City by action of the City Council agrees in writing to extend this Agreement. The County’s Participation Percentage shall be fifty percent (50%).

B. County Tax Increment Limitation

The County is not obligated to pay the County Tax Increment Participation from any source other than taxes collected on the Captured Appraised Value, not including taxes collected resulting from the Road & Bridge Tax Rate or the Debt Service Tax Rate. Furthermore, the County has no duty or obligation to pay the County Tax Increment Participation from any other County taxes or revenues, or until the County Tax Increment Participation in the Zone is actually collected. The obligation to pay the County Tax Increment Participation accrues as the County collects taxes representing the County Tax Increment Participation, and payment shall first be due thirty (30) days after February 1 of each year when any eligible taxes from the Zone are collected and quarterly thereafter. No interest or penalty will be charged to the County for any late payment received from the County; provided, however, the penalty and interest received by
the County on any delinquent taxes from the County Tax Increment Participation shall be paid to the Tax Increment Fund less any collection fees and expenses. Any portion of the taxes representing the County Tax Increment Participation that are paid to the County and subsequently refunded to the tax payer pursuant to the provision of the Texas Tax Code shall be offset against future payments to the Tax Increment Fund.

C. Expansion of the Zone

The obligation of the County to participate in the Zone is limited to the area described in the Zone as of the Effective Date of this Agreement, as set out in the attached Exhibit “___”. The County’s participation does not extend to the tax increment on any expansion of the boundaries of the Zone or on any other project(s) added to the Zone unless the County specifically agrees in writing to participate in the additional area or in the additional project(s).

D. Board of Directors

Notwithstanding anything to the contrary in the City’s ordinance creating the Zone, pursuant to the provisons of Sections 311.009(a), Texas Tax Code, the County shall have the unequivocal right to appoint and, thereafter, at all times, maintain two (2) members on the five-member Board of Directors of the Zone. The size of the Board of Directors of the Zone as specified in the City’s ordinance creating the five-member Board in accordance with this Agreement shall not be changed or increased unless the County specifically agrees to the change. The Parties agree that the County’s right to appoint forty percent (40%) of the members of the board of directors shall be preserved if the board is enlarged. Failure of the County to appoint persons to the Board of Directors of the Zone by ____________, 20____ shall not be deemed a waiver of the County’s right to make an appointment at a later date. The County
shall receive advance written notice of all meetings of the Board and copies of all actions by the Board.

E. Contribution of Right-of-Way and Drainage Easement

In addition to its Tax Increment Participation, the County has agreed to contribute and convey, pursuant to the terms and conditions of an interlocal agreement between City and County, a _______ foot right-of-way easement and a _______ foot drainage easement, both being described by metes and bounds and further depicted in the sketch attached hereto as Exhibit “____”, which is incorporated herein by reference for all purposes.

IV. OBLIGATIONS OF THE CITY AND THE ZONE

A. Amendment of Ordinance

The Ordinance creating the Zone designates the boundaries, the eligible real properties for the calculation of tax increment for the Zone and the specific participation level of the City. All amendments to the Ordinance shall be approved by a majority of the members of the Board of Directors of the Zone prior to approval by the City Council. If the City Council approves an amendment to the Ordinance different from the amendment approved by the County Commissioners Court, the County shall suspend payment into the Tax Increment Fund as described in Section III until the amendment is approved by the governing body of the County.

B. Zone Project Plan and Zone Finance Plan

The County Commissioners Court may review and comment upon any proposed amendment to the Zone Project Plan and Zone Finance Plan prior to its approval by the City Council. The City agrees to provide the County with any proposed amendments to the Zone Project Plan and Zone Finance Plan at least fourteen (14) days prior to their submission to the City Council for approval. No amendment to the Zone Project Plan and/or Zone Finance Plan
shall be effective until it is approved by the Commissioners Court of the County, while the County is a participant in the TIRZ.

C. Disposition of Tax Increments

Upon termination of the Zone, and after all obligations and bonded indebtedness of the Zone have been paid, the City and the Zone shall pay to the County, within **sixty (60) days** of said termination, all monies remaining in the Tax Increment Fund that are attributable to the County Tax Increment Participation paid by the County into the Tax Increment Fund.

Furthermore, if the projects to be undertaken pursuant to the Zone Project Plan are not undertaken, are discontinued, or are terminated, all monies remaining in the Tax Increment Fund after satisfaction of lawful claims, shall be paid to the participating taxing entities in proportion to their respective share of the total amount of tax increments derived from taxable real property in the Zone that were deposited in the Tax Increment Fund during the Funds existence. In no event shall payment of monies to the participating taxing units exceed **ninety (90) days** from the date of termination and settlement of all claims.

D. Audits

In the event the City creates a redevelopment authority or other special district in connection with the Zone, the City shall provide to the County a copy of each of the audits required by the agreement between the City, the Zone and any such redevelopment authority or special district within **thirty (30) days** of receipt of each audit.

On or before the **one-hundred fiftieth (150th)** day following the end of the fiscal year of the City, the governing body of the City of Hutto shall submit to the Williamson County Judge, other participating taxing jurisdictions and the State of Texas Comptroller, a report of
the status of the Zone. The contents of the report must contain all information required under section 311.016 of the Texas Tax Code.

As an inducement to have the County participate in this Agreement, the City agrees that any penalty and interest received by the City on any delinquent taxes attributable to the City’s tax increment participation in the Zone shall be paid to the Tax Increment Fund less any collection fees and expenses.

F. Transfer of Real Property

The parties understand and agree the County’s approval of this Agreement was conditioned and based upon the prior approval by City and County of an interlocal agreement providing for the exchange of certain City and County land with payment by City to County of certain funds and upon the City’s prior approval and execution of a development agreement between the developer of the Co-Op Property and the City.

V. LIMITATIONS ON TAX INCREMENT DEPOSITS AND USE OF FUNDS

This Agreement is based on the following conditions, and the City agrees and acknowledges the County’s right to enforce the conditions contained herein by injunction or any other lawful means in the event one or more of such conditions are not satisfied, to wit:

a. The tax increment deposited into the Tax Increment Fund by the County shall be used to pay County TIF Funded Projects costs as set forth and identified in the attached Zone Project Plan and Zone Finance Plan, and shall not include any other any other projects or costs for administration, overhead, or management of the Zone, or costs for municipal or educational facilities. If the Zone is expanded, the tax increment deposited into the Tax Increment Fund by the County may not be used for any infrastructure improvements, other public improvements or other project costs in any portion of the expanded area of the Zone unless approved by the governing body of the County as an amendment to this Agreement.

Nothing in this Agreement limits the authority of the Williamson County Commissioners Court to extend the term of the Agreement. Upon termination of the Agreement, the obligation of the County to contribute to the Tax Increment Fund for the Zone shall end; however, any refund obligations of the City, the Zone or any related redevelopment authority shall survive such termination.
