CITY COUNCIL COMMENTS

There were no comments from the council.

PUBLIC COMMENTS

Bob Clark – 109 W. Live Oak - Requested the Council reconsider the development of Old Town, particularly the proposed development of a triplex on Pecan Street. Suggested considering two cottage style homes or a business office with access on Front Street.

Charlene Martindale – 105 W. Live Oak - Against the Triplex on Pecan Street. She says the easement is used for drainage off her property and should not be used as an alley. There are no storm drains just ditches that the property owners are required to maintain.
Rose Sullivan – 109 W. Live Oak - Thanked the Council for their service to the City. She thinks there can be compromise in development in Old Town. There needs to be more dialogue.

Donna Fowler – 108 W. Live Oak - Pointed out that the map of Historic Old Town on the City’s website shows 35 easements. Allowing rear-entry would set a precedent for future development. She is concerned about the City turning these easements into streets or alleys. She is disappointed there was no notification to the residents like there was in the old days.

Mike Fowler – 108 W. Live Oak - 40 year resident of Hutto. He is pro-growth, but he believes the lot at 106 Pecan can be used in better ways than a triplex. Says there is considerable history connected with the alleys and is development of the alleys good for Hutto.

Ross Yharte – 512 W. Metcalfe - Concerned about why the construction has started on the Co-Op development when the preliminary and final plats have not been approved. Stated that allowing construction to continue until 8:00 p.m. at night is unreasonable when families have young children that are doing homework or going to bed. States the contractors are starting before 7:00 a.m. in violation of the noise ordinance. Complains that the City does not advise residents of projects.

The Mayor addressed Mr. Yharte and the stated that there was a scheduled meeting for the neighborhood behind the Co-Op and two city employees were present to provide an update to the residents about construction but no one from the neighborhood showed up.

Martin Baker – 303 N. FM 1660 - Resident of 27 years who lives off 1660. He made a trade of property with the HISD and owns 4 feet of the property in the alleyway. He wants a reasonable accommodation. Stated the antiquated sewer system in Old Town needs updating before any other projects are begun.

Mark Taylor – 1309 Creek Bend Cove - Stated the flooding in Creek Bend needs to be addressed. He has a neighbor that has a non-conforming lot. The pump station sits behind a chain link fence.

Mr. Jones addressed Mr. Taylor and stated that the City has been working with the developer about improving the drainage situation in the neighborhood.

→ Vistra closed three coal units that generated 4.2 gigawatts

→ Forward price for 2018 peak jumped 40 percent over five days

Massive coal plant retirements are already pushing up Texas power prices, and next year it could get even worse.

Vistra Energy Corp. eliminated more than 4 gigawatts of Texas's capacity this year when it shut its money-losing Monticello, Sandow and Big Brown plants. That's tightened supplies in Texas's market, sending wholesale power prices for August delivery surging almost 40 percent in the past five days, forward curve data compiled by Bloomberg show. Vistra Chief Executive Office Curt Morgan is projecting that the same will happen next summer.
“The bigger upside for us is in 2019,” Morgan said on a conference call Monday.

The company is apt to close even more plants once it completes its acquisition of rival Dynegy Inc. later this spring. It plans to lock in higher power prices now, Morgan said.
RESOLUTION NO. R-

A RESOLUTION OF THE CITY OF HUTTO, TEXAS, AUTHORIZING THE CITY MANAGER TO EXECUTE A CONTRACT TO RENEW ELECTRIC RATES WHEN THE CURRENT ELECTRIC CONTRACT EXPIRES IN MARCH OF 2020.

WHEREAS, the City acknowledges that the future electric rates for consumer consumption will increase over the next several years due to the shutdown of several fossil fuel burning plants and there is an advantage of locking in the rate now for future use.

WHEREAS, the City would like to authorize the City Manager to execute a contract renewal for electric rates starting in March 2020.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF HUTTO, TEXAS:

Authorizes the City Manager to execute a contract renewal for electric rates starting in March 2020.

CONSIDERED and RESOLVED by the City Council of the City of Hutto on this the 3rd day of May, 2018.
