City Manager remarked that an analysis was interrupted due to the issues with Manville, but the City will revisit this issue at a later time.

10C. Consideration and possible action on a resolution authorizing the City Manager to approve the design changes and subsequent change orders for the design and construction of the Innovation Business Park infrastructure.

*Matt Rector explained that the modification to the plan eliminates the encompassing walking path and moving the retention pond. The changes were made because the Army Corps of Engineers did not approve the previous plan and to avoid having to pay any fines the boundaries had to be moved.*

*Mayor Gaul asked how deep the pond was and if there were any provisions for a fence around the pond.*

*Councilmember Grimm wanted to know if anything other than the walking path was being eliminated from the plan – No*

*Odis Jones remarked that the City just recently was notified about this situation with the pond by the Army Corp.*

10E. Consideration and possible action on a resolution concerning Outside Agency Funding allocations and authorizing the City Manager to execute all Interlocal Agreements established with Outside Agencies for the Fiscal Year 2018-2019.

James Bryson, Director of Finance, recommended the funding for the Outside Agencies.

- Hutto Has Heart - $40,000
- Texas Success Scholarship Campaign Foundation - $25,000
- Hutto Area Chamber of Commerce - $25,000
- Hutto Community Food Pantry - $13,200
- Feeding the 5000 - $12,000
- Round Rock Area Serving Center - $10,000
- Williamson-Burnett County Operations (Meals on Wheels) - $10,000
- Keep Hutto Beautiful - $10,000
- Hutto Education Foundation - $5,000

Mayor Pro-tem Hines wanted to know if the City had the ability to cover the entire amount of $150,200 – Yes

Mayor Gaul wanted to know if the money for the Chamber of Commerce could come out of the hotel occupancy tax – Odis Jones asked that he be given the flexibility to fund this amount as it is presented in the budget.

Councilmember Rose remarked that the ESD did not request any money this year and wanted to know if there was a mutual waiver of fees - Yes.

Councilmember Grimm was concerned that $40,000 was not enough for Hutto Has Heart.

Mayor Pro-tem Hines remarked that he was impressed with all the presentations and the money going back into the community.
Mayor Gaul expressed a concern that Feeding the 5000 is not doing anything to raise additional funds. Councilmember Rose pointed out that they receive a grant from the Synod and funding from other sources.

Mayor Pro-tem Hines remarked that Feeding the 5000 is a good program and we give them the vehicle to do it.

Councilmember Grimm questioned how to include all residents, not just Hutto High School graduates, as mentioned by Mayor Pro-tem Hines for the TSTC program. Councilmember Killough stated the City would need to meet with Mr. Padilla and negotiate a Memorandum of Understanding.

Motion: Mayor Pro-tem Hines made a motion to a resolution concerning Outside Agency Funding allocations and authorize the City Manager to execute all Interlocal Agreements established with Outside Agencies for the Fiscal Year 2018-2019.

James Bryson presented the proposed budget for the Fiscal Year 2018-2019.

Odis Jones, City Manager, informed the Council that he was presenting them a budget as they requested that kept the tax rate flat, was flat on the utility side and kept expenses flat.

Councilmember Killough asked if the red-light camera fund would end soon – No.

10G. Consideration and possible action on the proposed Ad Valorem tax rate, including a record vote on the proposed tax rate, and setting dates, times, and places for a public hearing and adoption of the tax rate.

James Bryson, Director of Finance, made the staff presentation.

Mayor Pro-tem Hines asked where the fuel is allocated – James Bryson: currently to each department. O. Jones: eventually it will be under the Fleet Department.
Councilmember Turner asked about the Internal Service Fund. O. Jones – right now each department does their own fleet/maintenance work but eventually it would fall under the Fleet Department.

Mayor Pro-tem Hines wanted to know if the wastewater situation was making this a tight budget year. O. Jones: The sewer plant was built without a way to pay for it. The financial advisor proposed a 75% increase and the Council said 25%. The City is working with the private sector and the TIRZ Board to fund the debt service through growth, an increase in impact fees, and transferring funds out of the general fund to create a bridge until we can increase the number of customers paying into the fund.

Councilman Killough questioned whether the TIRZ funding would make a big impact on the budget. O. Jones: The City is trying to leverage the funding through the private sector so the burden is not imposed on the citizens. The City currently has a good business plan and staying flat on taxes for a year will show improvements.

Councilmember Grimm commended the City Manager for keeping the budget slim. She stated that the Council and the citizens didn’t really understand the sewer plant agreement. O. Jones: Over the past year the City has been able to extricate itself from several contracts/agreements that have saved the City a lot of money.

Mayor Pro-Tem Hines explained to the council that this wasn’t setting the tax rate but setting the maximum rate the council could approve.

**Motion:** Mayor Pro-tem Hines moved that the proposed 2018-2019 tax rate for the City of Hutto be published at $0.525.171 per $100 of assessed valuation, that a public tax hearing be scheduled for August 23 and September 13, and that the vote on the tax ordinance be scheduled for September 13 and September 21, 2018. However, construction of the extension of Live Oak Street is not anticipated with this tract. Sidewalks will be installed by the developer on all street side property lines.

ITEM:

Consideration and possible action on a resolution approving the proposed North Town Commons Lots 6-13 Block A Revised Preliminary Plat, 9.78 acres, more or less, of land, four commercial lots, located on Limmer Loop east of FM 1660 North. (Ashley Lumpkin)

STRATEGIC GUIDE POLICY:

Well Balanced & Diversified Economy

ITEM BACKGROUND:

The revised Preliminary Plat for North Town Commons Block A, Lots 6-13 is located along Limmer Loop approximately 500 feet east of FM 1660 North. The proposal seeks to amend the existing Preliminary Plat to reduce the number of lots from eight lots to four. The layout substantially conforms to the approved North Town Commons PUD that was adopted in 2008 and amended in 2017. Access to the proposed lots will be provided either by Limmer Loop or via the proposed private driveway indicated on the schematic. Joint use access easements will be dedicated with the Final Plat. The private driveway will be owned and maintained by the property owners, through a Property Owners Association.

The property will be served by the City of Hutto after the developer makes the necessary extensions. The utilities on site will be maintained by the property owner/developer, which aligns with the requirements of the PUD zoning requirements. Sidewalks will be installed by the developer on all street side property lines. TXDOT recently analyzed the intersection of Limmer Loop and FM 1660 North. TXDOT has determined additional right-of-way is necessary to accommodate a width of 130 feet along Limmer Loop, which is an additional 20 of dedicated right-of-way. Along FM 1660, TXDOT requires a right-of-way width of 165 feet, which will result in an additional 42.5 feet of right-of-way dedication.

Prior to recordation of the Final Plat, the additional right-of-way should be shown on the schematic and the revised Preliminary Plat should be updated administratively to reflect the change as well.

Consideration and possible action on a resolution approving the proposed North Town Commons Lots 6, 8 and 9 Block A Final Plat, 8.74 acres, more or less, of land, 3 commercial lots, located on Limmer Loop east of FM 1660 North. (Ashley Lumpkin)

STRATEGIC GUIDE POLICY:   Well Balanced & Diversified Economy

ITEM BACKGROUND:

The Final Plat for North Town Commons Block A, Lots 6-13 is located along Limmer Loop approximately 500 feet east of FM 1660 North. The proposal seeks to formally create four non-residential lots, a private driveway/joint access, and easements for the installation of future utility services. The layout substantially conforms to the approved North Town Commons PUD as well as the revised Preliminary Plat, also on this agenda for approval.

Access to the proposed lots will be provided either by Limmer Loop or via the proposed private driveway indicated on the schematic. Joint use access easements will be dedicated with the Final Plat. The private driveway will be owned and maintained by the property owners, through a Property Owners Association.

The property will be served by the City of Hutto after the developer makes the necessary extensions. The utilities on site will be maintained by the property owner/developer, which aligns with the requirements of the PUD zoning requirements. Sidewalks will be installed by the developer on all street side property lines. TXDOT recently analyzed the intersection of Limmer Loop and FM 1660 North. TXDOT has determined additional right-of-way is necessary to accommodate a width of 130 feet along Limmer Loop, which is an additional 20 of dedicated right-of-way. Along FM 1660, TXDOT requires a right-of-way width of 165 feet, which will result in an additional 42.5 feet of right-of-way dedication.

Prior to recordation of the Final Plat, the additional right-of-way should be shown on the schematic, a condition of approval has been included with the recommendation below

ITEM BACKGROUND:

The Star Ranch area is located outside of the City limits in the Extraterritorial Jurisdiction (ETJ). This area is subject to a Strategic Partnership Agreement and Limited Purpose Annexation (SPA/LPA) which includes a Concept Plan and sets vesting to the 2002 Subdivision Ordinance.

The parkland will be platted and dedicated to the City by separate instrument with a future Final Plat.

Summary of Request

The Preliminary Plat for Star Ranch Section 7 is located to the west of SH 130 along Star Ranch Boulevard and Winterfield Drive. The original Preliminary Plat was approved in December of 2007 and revised in December of 2017. The areas currently platted are indicated in the hatched area on the proposed plat.

The Preliminary Plat proposes approximately 35.3 acres for parkland as agreed upon in the SPA/LPA. Sidewalks will be constructed on both sides of all streets within the subdivision. Water and wastewater is provided by Williamson County Water, Sewer, Irrigation, and Drainage District (WCWSIDD) No. 3 and MUD No. 22.

PRESENTED BY: Ashby Grundman, Planning Director, Business & Development Services

STRATEGIC GUIDE POLICY: Well Balanced & Diversified Economy

ITEM BACKGROUND: The following is a City initiated amendment of the Code of Ordinances (2018 edition), Chapter 16, Article 6.02 Unified Development Code (UDC), Chapter 2, Section 10.202, 10.304.9: Mobile Food Vendors to add this use and appropriate restrictions to the UDC. This is also a proposed amendment to Chapter 4, Section 10.403.5: Setback Encroachments and Exceptions to allow aerial encroachments at the discretion of the Building Official.

There is no current regulation in the UDC for Mobile Food Vendors, this falls under the Code of Ordinances. The proposed UDC amendment provides for the regulation of Mobile Food Vendors/Food Trucks. It will define Mobile Food Vendor and set forth the criteria necessary to obtain a permit. The ordinance allows Mobile Food Vendors to operate in commercial districts, and sets conditions for the operation in the Old Town Districts.

The second portion relates to aerial encroachments into easements. Currently the UDC does not allow aerial encroachments into any easements. The proposed amendment allows the Building Official to have the final say on whether or not an aerial encroachment will be allowed. Typically what we will see from this is a roof overhang or something similar.

Per Texas Local Government Code Section 211.006 a notice was run in the Taylor Daily Press.

Section IV

ASSESSMENT PLAN

A. Introduction

The PID Act requires the City Council to apportion the cost of the Authorized Improvements based on the special benefits conferred to each lot or parcel by the Authorized Improvements. The PID Act provides that the Purchase Price may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the City Council may establish the methods of assessing the special benefits for various classes of improvements. Table IV-A details the estimated allocation of costs of the Authorized Improvements between the Assessed Property and Non-Benefited Property for the Initial Purchase Price.

This section of this Service and Assessment Plan is intended to describe the special benefit conferred to each Parcel within the PID as a result of the Authorized Improvements, to provide the basis and justification for the determination that this special benefit exceeds the amount of the Special Assessments, and to explain the methodologies by which the City Council allocates and reallocates the special benefit for Authorized Improvements to Lots so that there is an equal share of the Purchase Price being apportioned to Lots similarly benefited. The determination by the City Council of the assessment methodology set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Developer, Owners and all future owners of any Assessed Property.

B. Special Benefit

The Assessed Property must receive a direct and special benefit from the Authorized Improvements, which must be equal to or greater than the amount of the Special Assessments. The Authorized Improvements are provided for the benefit of the Assessed Property.

When the City Council approved this SAP, the Owners owned 100% of the Assessed Property. The Developer has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and consented to the imposition of the Special Assessments to pay for the Purchase Price associated therewith. The Developer has ratified, confirmed, accepted, agreed to and approved: (i) the determinations and findings by the City Council as to the special benefits described herein and the Assessment Order; (ii) the SAP and the Assessment Order, and (iii) the levying of Special Assessments on the Assessed Property.
The City Council determined that funding the Purchase Price for the Authorized Improvements through the PID is beneficial to the City. Accordingly, these Authorized Improvements confer a special benefit to the Assessed Property, and such special benefit exceeds the amount of the Special Assessment levied on the Assessed Property. This conclusion is supported by the evidence, information, and testimony provided to the City.

C. Allocation of the Initial Purchase Price of Authorized Improvements

The Authorized Improvements will provide a special benefit only to the Assessed Property. The Initial Purchase Price of the Authorized Improvements is, therefore, allocated entirely to Assessed Property, as shown in Table IV-A. The costs detailed in Table IV-A and the Initial Purchase Price for the Authorized Improvements is subject to revision through the Annual Service Plan Updates, but may not result in increased Special Assessments except as authorized under this SAP or the PID Act.

D. Special Assessment Methodology

The City Council may assess all or a portion of the Purchase Price against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the amount of the Special Assessments. All or a portion of the Purchase Price may be assessed using any methodology that results in the imposition of equal shares of the Purchase Price on Assessed Property similarly benefited.
For purpose of the Assessment Plan, the City Council has determined that the Initial Purchase Price associated with the Authorized Improvements shall be allocated on the basis of estimated buildout value. The Initial Purchase Price associated with the Authorized Improvements shall be allocated to the Assessed Property by spreading the entire Special Assessment across all Parcels and Lots within the PID based on the ratio of the estimated buildout value of such Parcel or Lot to the estimated buildout value for all Assessed Property within the PID.

Based on the Initial Purchase Price for the Authorized Improvements, the City Council has determined that the benefit to the Assessed Property from the Authorized Improvements is at least equal to the Special Assessments levied on the Assessed Property as subdivided into individual Parcels or Lots.

In the event that the City approves the Future Installment Sales Contract in connection with the Future Purchase Price for the Future Authorized Improvements, a Table IV-C will be created to reflect the associated Special Assessments as part of a Service Plan Update.

E. Special Assessment and Annual Installments

The Special Assessments for the PID will be levied on each Lot according to the Assessment Roll. The Annual Installments for the PID will be collected on the dates and in the amounts shown on the Assessment Roll, subject to any revisions made during an Annual Service Plan Update.
F. **Administrative Expenses**

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Lot based on the amount of outstanding assessment remaining on the Lot. The Administrative Expenses shall be collected as part of and in the same manner as the Annual Installments in the amounts shown on the Assessment Roll shown on **Appendix A**, which are subject to revision through Annual Service Plan Updates.

G. **TIRZ Credit and EDC Credit**

The City has agreed to use TIRZ Revenues generated from each Parcel or Lot within the PID to offset a portion of the Annual Installment on such Parcel or Lot within the Assessed Property (the "TIRZ Credit"). The City has agreed to use EDC Revenues generated within the PID to offset a portion of the Annual Installment for such Parcel or Lot within the Assessed Property (the "EDC Credit") by spreading the entire EDC Credit across all Parcels and Lots within the PID based on the ratio of the Assessed Value of such Parcel or Lot to the Assessed Value for all Assessed Property within the PID. The Annual Installment for each Parcel or Lot shall be calculated by taking into consideration any TIRZ Credit and any EDC Credit applicable to the Parcel or Lot. The TIRZ Credit and EDC Credit attributable to each Parcel or Lot of Assessed Property collected in any given year shall be used to calculate each Parcel or Lot’s TIRZ Credit and EDC Credit for such Parcel or Lot in the following year.
Section V

SERVICE PLAN

The PID Act requires the SAP (i) cover a period of at least five years, and (ii) define the annual projected costs for the Authorized Improvements undertaken within the PID during the five year period. It is anticipated that it will take approximately 36 months for the Authorized Improvements to be constructed and purchased by the City.

The Initial Purchase Price for the Authorized Improvements and payment of expenses incurred in the establishment, administration and operation of the PID is $22,260,000 as shown in Table V-A. The SAP shall be reviewed and updated at least annually for purposes of determining the annual budget for Administrative Expenses, updating the Purchase Price of the Authorized Improvements, and updating the Assessment Roll shown on Appendix A. Any update to this SAP herein is referred to as an “Annual Service Plan Update.”

Table V-A summarizes the funds required to purchase the Authorized Improvements, and establish the PID. The funds shown in Table V-A shall be updated each year in the Annual Service Plan Update to reflect any revisions to the Purchase Price, if any.

Section VI

TERMS OF THE SPECIAL ASSESSMENTS

A. Amount of Special Assessments and Annual Installments for parcels

The Special Assessments and Annual Installments for each Assessed Property are shown on the Assessment Roll in Appendix A-1. The Special Assessments and Annual Installments shall not be changed except as authorized under the terms of this SAP and the PID Act. The Annual Installments shall be collected in an amount sufficient to cover the Administrative Expenses.

B. Reallocation of Special Assessments for Parcels

1. Upon Division Prior to Recording of Subdivision Plat

Upon the division of any Assessed Property (without the recording of a subdivision plat), the Administrator shall reallocate the Special Assessment for the Assessed Property prior to the division among the newly divided Assessed Properties according to the following formula:

\[ A = B \times \left( \frac{C}{D} \right) \]

“A” means the Special Assessment for a Parcel or Lot created by a subdivision plat.

“B” means the Special Assessment for the subdivided Parcel or Lot prior to division.

“C” means the Special Assessment for the Land Use applicable to a Parcel or Lot created by a subdivision plat determined by reference to Table IV-B.

“D” means the sum of the Special Assessments for all Assessed Property created by a subdivision plat based on the Land Use applicable to each Parcel or Lot.

If Lots are not platted in accordance with the Parcel Map, the Special Assessments for each affected Lot will be allocated in an equitable manner, but in no event will such new allocation increase the Total Assessment for each Lot as identified in Table IV-B.
The increase or reallocation of an Assessment for an Assessed Parcel that is a homestead under Texas law may not exceed the Assessment prior to the increase or reallocation. Any increase or reallocation pursuant to this section shall be reflected in a Service and Assessment Plan Update approved by the City. The division herein shall be considered an administrative action that will not require the City to issue notice and hold a public hearing.

The sum of the Special Assessments for all newly divided Assessed Properties shall equal the Assessment for the Assessed Property prior to subdivision. The calculation shall be made separately for each newly divided Assessed Property. Any reallocation pursuant to this section shall be reflected in an update to this Service and Assessment Plan approved by the City.

2. **Upon Subdivision by a Recorded Subdivision Plat**

Once a Lot has a Special Assessment applied to it, as shown in Table IV-B, and then proceeds to be subdivided again, in no event will the new subdivision cause the sum of the Special Assessments for the subdivided Lots to be greater than the Special Assessment for the Lot prior to its subdivision.

The allocation method used above is to insure there will not be an increase in the Special Assessment for each specific Parcel. If Lots are not platted in accordance with the Parcel Map, the Special Assessments for each affected Lot will be allocated in an equitable manner, but in no event will such new allocation increase the total Special Assessment for each Lot as identified in Table IV-B.

3. **Upon Consolidation**

Upon the consolidation of two or more Assessed Properties, the Special Assessment for the consolidated Assessed Property shall be the sum of the Special Assessments for the Assessed Properties prior to consolidation. The reallocation of a Special Assessment for an Assessed Property that is a homestead under Texas law may not exceed the Special Assessment prior to the reallocation. Any reallocation pursuant to this section shall be calculated by the Administrator and reflected in an update to this SAP approved by the City. The consolidation of any Assessed Property as described herein shall be considered an administrative action and will not require any notice or public hearing by the City.
C. **Mandatory Prepayment of Assessments**

If Assessed Property or a portion thereof is transferred to a party that is exempt from the payment of the Special Assessment under applicable law, or if an owner causes a Lot or portion thereof to become Non-Benefited Property, the full amount of the Special Assessment for such Lot or portion thereof shall be paid to the City prior to any such transfer or act.

D. **Reduction of Special Assessments**

1. If, after all Authorized Improvements to be funded have been purchased, the Purchase Price for the Authorized Improvements are less than the Purchase Price used to calculate the Special Assessments, then the City will reduce the Special Assessment securing each Assessed Property pro rata such that the sum of the resulting reduced Special Assessments for all Assessed Properties equals the reduced Purchase Price.

E. **Payment of Special Assessments**

1. **Payment in Full and Partial Pre Payment**
   
   - The Special Assessment for any Parcel may be paid in full at any time in accordance with the PID Act.
   
   - If an Annual Installment has been billed prior to payment in full of a Special Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount upon payment.
   
   - Upon payment in full of a Special Assessment, the City shall deposit the payment in accordance with the Installment Sale Contract; whereupon, the Special Assessment for the Lot shall be reduced to zero, and the Lot owner’s obligation to pay the Special Assessment and Annual Installments thereof shall automatically terminate. The City shall provide the owner of the affected Assessed Property a recordable “**Notice of PID Assessment Termination**.”
   
   - At the option of a Lot owner, the Special Assessment on any Lot may be paid in part in an amount equal to the amount of prepaid Special Assessments, with respect thereto. Upon the payment of such amount for a Lot, the City shall deposit the payment in accordance with the Installment Sale Contract, the Special Assessment for the Lot shall be reduced by the amount of such partial payment, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Lot shall be reduced to the extent the partial payment is made.
2. **Payment of Annual Installments**

- The PID Act provides that a Special Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the City to collect interest and collection costs on the outstanding Special Assessment. A Special Assessment for a Parcel that is not paid in full will be collected in Annual Installments each year in the amounts shown in the Assessment Roll, which includes interest on the outstanding Special Assessment and Administrative Expenses. Pursuant to Section 372.018 of the PID Act, an Assessment bears interest at the rate specified by the governing body of the municipality or City beginning at the time or times or on the occurrence of one or more events specified by the governing body. The City Council has determined that the Assessments shall be paid in Annual Installments over a forty (40) year period, as shown in the Assessment Roll, with an interest rate not to exceed five hundred basis points above the highest average index rate for tax-exempt bonds reported in a daily or weekly bond index approved by the City Council and reported in the month prior to the establishment of the Special Assessments and continuing for a period of five years from such date. Such rate shall then adjust and shall not exceed two hundred basis points above the bond index rate described above and shall continue until the Assessments are paid in full. The index approved by the City Council is the Bond Buyer 25 Year Revenue Bond Index for which the average rate on July 27, 2018 was 4.40 percent (4.40%).

- The Annual Installments as listed on the Assessment Roll have been calculated assuming an interest rate of 6.40%. The Annual Installments may not exceed the amounts shown on the Assessment Roll except pursuant to any amendment or update to this SAP.

- The Annual Installments shall be reduced to equal the actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.
F. **Collection of Annual Installments**

The Administrator shall, no less frequently than annually, prepare and submit to the City for its approval an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Assessed Property. Administrative Expenses shall be allocated among Assessed Properties in proportion to the amount of the Annual Installments for the Assessed Property. Each Annual Installment shall be reduced by any credits applied. Annual Installments may be collected by the City (or such entity to whom the City directs) in the same manner and at the same time as ad valorem taxes. Annual Installments shall be subject to the penalties, procedures, and foreclosure sale in case of delinquencies as set forth in the PID Act. The City may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of Assessed Property for nonpayment of the delinquent Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such Assessed Property and such Assessed Property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such Assessed Property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of a Special Assessment, shall be assessed annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. Delinquent installments of the Special Assessments shall incur interest, penalties, and attorney’s fees in the same manner as delinquent ad valorem taxes. The initial Annual Installments will be due when billed, and will be delinquent if not paid prior to February 1, 2019.

In the event that an Assessed Property has more than one Assessment and the payment made by the property owner is less than the total Annual Installments due, the shortfall will be allocated between each Assessment on a pro-rata basis based on the amount of Assessment outstanding at the time the Annual Installments were due.

G. **Summary of City Responsibilities**

The City’s responsibility under the SAP shall be as follows:

1. The City shall have no responsibility for administration, assessment, collection or payment of any amounts except as specifically provided in the SAP or the Installment Sales Contract.
2. The City's sole obligations are to:
   
   ○ Review and approve the Annual Service Plan Update including the Annual Installments due for the upcoming year;
   
   ○ Contract with the Williamson County Appraisal District or other third party to collect the Assessments;
   
   ○ Establish the assessment account (“Assessment Account”) to receive the funds collected from Assessments, TIRZ Revenues and EDC Revenues;
   
   ○ Pay Administrative Expenses as provided herein;
   
   ○ Direct the Administrator to take all reasonable efforts to collect Assessments including foreclosure of any lien securing delinquent Assessments;
   
   ○ Deposit Assessments received, including funds received from foreclosure sales, into the Assessment Account; and,
   
   ○ Pay funds out of the Assessment Account as provided herein and in the Installment Sale Contract.
Section VII

THE ASSESSMENT ROLL

A. Assessment Roll

The City has evaluated each Lot (based on numerous factors such as the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the City) to determine the amount of Assessed Property within the PID.

The Assessed Property will be assessed for the special benefits conferred upon the property resulting from the Initial Authorized Improvements. Table VII summarizes the $22,260,000 in special benefit received by the Assessed Property from the Initial Authorized Improvements and the costs of the PID formation. The expected amount of the planned Special Assessment is $22,260,000 which is equal to the benefit received by the Assessed Property. Accordingly, the total Special Assessment to be applied to all the Assessed Property is $22,260,000 plus annual Administrative Expenses. The Special Assessment for each Assessed Property is calculated based on the allocation methodologies described in Section IV-D. The Assessment Roll is attached hereto as Appendix A.

B. Annual Assessment Roll Updates

The Administrator shall prepare, and shall submit to the City for approval, updates to the Assessment Roll and the Annual Service Plan Update to reflect changes such as (i) the identification of each Parcel (ii) the Special Assessment for each Assessed Property, including any adjustments authorized by this Service and Assessment Plan or in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Special Assessment is payable in installments); and (iv) payments of the Special Assessment, if any, as provided by Section VI.E. of this Service and Assessment Plan.
Section VIII
MISCELLANEOUS PROVISIONS

A. Administrative Review

The City may elect to designate a third party to serve as Administrator of the PID. The City shall notify the Developer in writing upon appointing a third party Administrator.

To the extent consistent with the PID Act, if an owner of the Assessed Property claims that a calculation error has been made in the Assessment Roll, including the calculation of the Annual Installment, that owner must send a written notice describing the error to the Administrator no later than thirty (30) days after the date the invoice or other bill for the Annual Installment is received. If the owner fails to give such notice, such owners shall be deemed to have accepted the calculation of the Assessment Roll (including the Annual Installments) and to have waived any objection to the calculation. The Administrator shall promptly review the notice, and, if necessary, meet with the Assessed Property owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Property owner, such change or modification shall be presented to the City Manager for approval, to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Property (except for the final year during which the Assessment shall be collected), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to City for determination. Any amendments made to the Assessment Roll pursuant to calculation errors shall be made pursuant to the PID Act.

B. Termination of Assessments

Each Special Assessment shall terminate on the date the Special Assessment is paid in full, including payment of any unpaid Annual Installments and Delinquent Collection Costs, if any. After the termination of the Special Assessment, and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable Notice of the PID Assessment Termination.

C. Amendments

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.
D. **Administration and Interpretation of Provisions**

The City shall administer (or cause the administration of) the PID, this SAP, and all Annual Service Plan Updates consistent with the PID Act.

E. **Severability**

If any provision, section, subsection, sentence, clause or phrase of this SAP, or the application of same to an Assessed Property or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part thereof, or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this SAP is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this SAP and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City.

I. INTRODUCTION

Located northeast of Austin in Williamson County, the fourth-fastest growing county in the State of Texas, the City of Hutto (“the City”) has experienced rapid growth since 2000. Once a rural Texas town with a population of 1,250 in 2000; Hutto is now home to an estimated 27,000 people, positioning the City to become a lively and integral part of the Austin Metropolitan region. With recent recognitions including the “Top Place in Texas to Raise a Family”, the “#1 Local City (in the Austin area) For Young Couples”, “One of the Top 5 Safest Cities in Texas”, and “One of the Top 100 Places in Major Markets to Locate a Business”, Hutto is consistently ranked as one of the fastest growing and safest cities in the country.

Just 25 minutes from the heart of the Texas State Capitol and 30 minutes from the Austin Bergstrom International Airport via the new SH-130 tollway, the City is well positioned for economic growth. With quick access to State Highway 130, Interstate 35, US Highway 79, and the Union Pacific Red Line, Hutto provides convenient transportation routes to the greater Texas region.

Those who call Hutto home are attracted to its strong sense of community, rich history, affordable housing and attractive neighborhoods, low crime, high performing school district, access to higher education institutions, and plentiful open space; all of which come together to provide a high quality of life just outside of Austin. As the city continues to grow, it aims to be a family-friendly community that provides superior public safety, outstanding fiscal responsibility, a diversified economy, and an exceptional quality of life. Here, the importance of a diverse community is recognized, as it will directly affect the quality of life of the community and its residents.

Given that, the City Council’s goal is to take a comprehensive approach towards economic development by focusing their efforts on redevelopment, including the rehabilitation of infill properties such as the Co-Op District, located just west of Hutto’s Historic District.
II. HUTTO – AT A GLANCE

DEMOGRAPHICS

Hutto has experienced an estimated 6 percent (6.0%) average annual growth and over 50 percent (50.0%) change in total population change since 2010. Using historical residential permit patterns, the City may be home to over 85,000 residents in 2040.

With a median age of 33, Hutto has attracted many young families. Just over half of the population consists of families with children under the age of 18 and adults age 25 to 54. In addition to a growing population within city limits, the City provides access to over 65,000 people within a 5-mile radius, expanding to over 284,000 people within a 10-mile radius.

An educated workforce is a key to having a dedicated and diverse workforce. With an Independent School District that experiencing a 97% graduation rate and access to multiple nationally recognized higher education institutions, the Hutto community is diverse, skilled, and able to adapt to changing needs within the workforce.

The residents of Hutto have high levels of educational attainment with 22 percent of Hutto residents 25 years or older hold a bachelor’s degree or higher. Together with a median household income of $73,855, an average household income of $80,603 within city limits, and an average household income in the primary trade area of $93,371, there is a clear demonstration of the desirability and quality of life that the community offers to people who are educated and high-income earners.

ECONOMIC OUTLOOK

As of 2015, approximately 88 percent (88.0%) of the working population commutes an average 27 minutes to work outside the city limits. With .66 jobs per household, it is important for economic stability to achieve a citywide job-housing balance with a goal of at least 1 job for every household. As residential development within the city and its Extraterritorial Jurisdiction (ETJ) increase, it is vital for Hutto to focus on productive growth that creates local jobs and diversifies its tax base. The people of Hutto provide a strong foundation for a workforce and consumer market that will help the city become more regionally and nationally competitive. Hutto is in the early stages of its development cycle and needs to develop the economic diversity and depth of business support infrastructure (capital and non-capital) to be competitive in the larger Central Texas regional and national market.
Given this, the redevelopment of the Co-Op District, as well as the construction of the additional infrastructure improvements needed to support the desired economic growth, are the key to the creation of a place to live, work and play which will result in a more balanced economy.
III. GROWTH CORRIDORS & INFRASTRUCTURE

ECONOMIC DEVELOPMENT GROWTH CORRIDORS

At present, the City of Hutto lacks significant shovel-ready, or building ready, sites. Water, wastewater and other critical infrastructure key to significant economic development is lacking in certain areas of the City. The City is therefore constrained in terms of being able to accommodate concentrations of quality, career-oriented employment opportunities that are consistent with the City Council’s Strategic Plan.

Through the Future Land Use Map (FLUM) planning process, seven (7) key areas were identified as vital employment and growth corridors – areas that can and should become priority focus areas for public and private sector investment and planning for high quality non-residential development over the next 5, 10, and 20 years. The City, during its planning process, considered the following points when considering these corridors along major highways:

- Promoting development compatible with safe, efficient traffic circulation through sound standards for access management, limited installation of curb cuts, and parking facility connectivity;
- Selectively determining appropriate locations and applied design standards for large commercial developments and other high traffic generating uses;
- Setting quality design standards for all commercial development;
- Encouraging mixed-use, clustered and “village center” development types as alternatives to conventional strip center and stand-alone “pad” sites; and,
- Adding regional and community nodes to key intersections.

These employment and growth areas are those that can eventually accommodate significant concentrations of firms in the economic sectors identified previously. Each of these primary employment corridors offers its own distinct locational advantages and attributes, as well as challenges that will be addressed in order to realize their individual and collective potential for Hutto’s continued economic growth. One of the seven employment and growth corridor areas identified includes the Historic Downtown/Co-Op site. Section IV THE NEED FOR REDEVELOPMENT of this Plan identifies the challenges for the existing Co-Op site.
HUTTO’S ECONOMIC DEVELOPMENT POLICY

The City of Hutto adopted an ECONOMIC DEVELOPMENT POLICY on July 20, 2017. This policy document identified the use of tax increment financing as a way of redeveloping open or undeveloped land currently experiencing challenges such as obsolete platting, deteriorating structures or other factors, that substantially impair the growth of the city. The Co-Op District is one of three areas identified as a site that is in need of infrastructure in order to be developed to allow growth to occur west of Old Town. It is currently an undeveloped site, that when developed, will alleviate the immediate and surrounding areas drainage problems and improve traffic circulation with proposed improvements to US Highway 79 and with the extension of Live Oak to the west.

DOWNTOWN HUTTO: HUTTO’S COMMUNITY AND CIVIC HEART

Downtown is a vital intersection of commerce, business, and tourism, and serves as a fundamental cornerstone of our identity and economy. A healthy and vibrant downtown benefits all citizens and businesses of the City. Downtown Hutto is a designated historic district, with a variety of active commercial and retail buildings surrounded by residential and open spaces.

Hutto has the opportunity to create a new Entertainment and Civic District downtown. This area, known as the Co-Op District, is located west of Downtown and is part of the larger Historic Downtown District, with approximately 900 linear feet of access along US Highway 79. The City has an executed development agreement with MA Partners for this site, specifically to design a new City Hall and Library, with retail and commercial areas throughout, for the creation of an Entertainment District. A Historic Downtown/Co-Op Site Infrastructure Plan has been created and it includes a description of the shared vision of streetscapes, infrastructure, building design standards, and open space/community planning. The proposed TIRZ will specifically address road, drainage and associated utility needs.
Map 1: Downtown Hutto
IV. THE NEED FOR REDEVELOPMENT

Within and throughout the City’s Historic Old Town, Hutto has experienced flooding and traffic congestion. The City is in need of planning and providing for infrastructure related to regional detention, storm sewer and improved road circulation that will not only alleviate local congestion, but regional traffic flow on US Highway 79. These infrastructure improvements will reduce impediments to growth west of Old Town.

A majority of the project area is City-owned and vacant. The City-owned 25 acres contain silos that are no longer functioning. There are also remnants of rail spurs and concrete pads of silos that once stood on the site which need removal. Therefore, the redevelopment of the site will include the following:

- Cleaning up obsolete platting;
- Reusing and relocating, when appropriate, accessory structures; and,
- Improving existing roads and constructing new ones to improve traffic circulation.

Additional challenges currently experienced within and adjacent to the project site, are the following:

- Open ditches;
- Residents & Businesses experience flooding in streets and alleyways; and,
- Drainage & flooding problems.
Flooding in old town
The following map shows the drainage flow from the north, through the Co-Op District project site draining south, towards US Highway 79:
The following is a floodplain map that shows the areas prone to flooding:
The City of Hutto entered into a Development Agreement with MA Partners to develop the project site. The City has reached an agreement with Williamson County (“the County”) whereby the County has agreed to participate in a Tax Increment Reinvestment Zone (“TIRZ”) to be created encompassing:

- City property that will be taken down over time by the Developer per the executed Development Agreement;
- Property currently being used as County offices fronting Exchange Boulevard;
- A church and commercial properties fronting West Street.

The inclusion of the County offices will assist with providing the following solutions to the challenges that were identified in the current and previous sections:

- Storm sewer;
- Regional detention on Co-Op site;
- Prepare drainage study; and,
- Take over maintenance of existing drainage ditches currently being provided by various Homeowner Associations.
The following map depicts the proposed TIRZ boundary that includes City-owned property of approximately 26.40 acres, County-owned property of approximately 4.47 acres, United States Postal Service-owned property of approximately 2.81 acres, and privately owned property of approximately 6.38 acres for a total of approximately 40.86 acres of land.

The creation of the TIRZ is necessary as neither the City or the County alone can fund the public improvements needed to remove the current constraints to the redevelopment and growth of the City.
THE CO-OP DISTRICT PUD

MA Partners has prepared, submitted and obtained approval from the City for a Co-Op District Planned Unit Development (PUD) that is zoned for mixed use and includes Design Guidelines so as to ensure that high quality development is built. The following is a concept plan for the Project:
The following drawing shows the planned infrastructure throughout the District, including the extension of West Live Oak towards Exchange Boulevard, in addition to, the regional drainage ponds:
High quality infrastructure and design guidelines include active open space and amphitheatre area.
V. PRELIMINARY PROJECT PLAN

TIRZ districts permit a jurisdiction, or a group of jurisdictions working together, to permit the incremental fiscal benefits generated by a project to fund the cost of qualified public improvements. Typically, the tax year in which a jurisdiction establishes the TIRZ sets the real property assessed value base (base year). For each year in the life of the TIRZ, a special fund captures the tax revenue generated from the difference between the base-year assessed value and that year’s assessed value. Other taxing jurisdictions can choose to direct all or a portion of their tax revenues into the TIRZ. An appointed board of directors (“TIRZ Board”) chooses how to spend the money captured in the TIRZ fund based on agreements negotiated between the TIRZ, the effected jurisdictions and an Owner of a project. This value generating process is outlined below:

Exhibit A

Exhibit A illustrates how rising tax revenue from greater appraised value in a TIRZ zone flows with time to a taxing jurisdiction’s general fund and to a TIRZ fund. The sloped lines depict tax revenue rising with time. When the TIRZ expires or terminates, the amount of real property tax revenue to the City will increase sharply since a portion of the real property tax revenue is no longer part of the TIRZ fund. Inclusion of property in a TIRZ zone does not change the tax rate for any property. Tax rates in a TIRZ zone are the same as tax rates outside the zone and within the same set of taxing jurisdictions.

The Co-Op TIRZ will be comprised of approximately 40.49 acres and will include all of the approximately 35.10 acres of real property that comprises the Hutto Co-Op Public Improvement District (the "PID"), as more fully described in the PID Service and Assessment Plan (“SAP”) adopted by the City in connection with the levy of special assessments for the PID.
The TIRZ will terminate on the earlier of (1) the date the TIRZ Board (“the Board”) certifies to the City that all project costs have been paid and any monies remaining in the tax increment fund has been paid to the City and other taxing units levying taxes on property within the TIRZ or (2) the date that there is a unanimous determination by all members of the Board that all project costs or other obligations have been paid in full. The Board will have the right to allocate excess TIRZ Revenues, if any, to fund additional improvements not being funded by the PID.

VI. PRELIMINARY FINANCING PLAN

PROPOSED TIRZ PROJECTS

Section 311.002 of the Tax Increment Financing Act defines project costs as "the expenditures made or estimated to be made and monetary obligations incurred or estimated to be incurred or estimated to be incurred by the municipality or county designating a reinvestment zone that are listed in the project plan as costs of public works, public improvements, programs, or other projects benefiting the zone, plus other costs incidental to those expenditures and obligations."

PROJECT COSTS

• Capital costs, including the actual costs of the acquisition and construction of public works, public improvements, new buildings, structures, and fixtures; the actual costs of the acquisition, demolition, alteration, remodeling, repair, or reconstruction of existing buildings, structures, and fixtures; the actual costs of the remediation of conditions that contaminate public or private land or buildings; the actual costs of the preservation of the facade of a public or private building; the actual costs of the demolition of public or private buildings; and the actual costs of the acquisition of land and equipment and the clearing and grading of land;

• Financing costs, including all interest paid to holders of evidences of indebtedness or other obligations issued to pay for project costs and any premium paid over the principal amount of the obligations because of the redemption of the obligations before maturity;

• Real property assembly costs;

• Professional service costs, including those incurred for architectural, planning, engineering, and legal advice and services;

• Imputed administrative costs, including reasonable charges for the time spent by employees of the municipality or county in connection with the implementation of a project plan;

• Municipality or county in connection with the implementation of a project plan;

• Relocation costs;

• Organizational costs, including the costs of conducting environmental impact studies or other studies, the cost of publicizing the creation of the zone, and the cost of implementing the project plan for the zone;

• Interest before and during construction and for one year after completion of construction, whether or not capitalized;

• The cost of operating the reinvestment zone and project facilities;

• The amount of any contributions made by the municipality or county from general revenue for the implementation of the project plan;

• The costs of school buildings, other educational buildings, other educational facilities, or other buildings owned by or on behalf of a school district, community college district, or other political subdivision of this state; and,
• Payments made at the discretion of the governing body of the municipality or county that the governing body finds necessary or convenient to the creation of the zone or to the implementation of the project plans for the zone.

**METHOD OF FINANCING**

The real property that makes up the TIRZ and the PID is expected to be developed in one or more phases with the PID financing Authorized Improvements as approved by the City. PID Special Assessments will be levied on Assessed Property (as defined in the SAP) within the PID. City owned and other non-benefitted property will not be subject to PID Special Assessments.

The City does not plan to issue TIRZ Bonds to finance the costs that make up the TIRZ Projects. Rather, the City will utilize a PID, as described in the SAP, secured by the PID Special Assessments on the Assessed Property to purchase through an installment sale the projects that represent the TIRZ Projects. After the creation of the TIRZ, and if and when TIRZ Revenues become available as a result of real property improvements within the TIRZ, the resulting tax increment revenues within the TIRZ will, to the extent authorized by law, be used to offset PID annual installments for the benefit of the TIRZ Project Plan. It is agreed that the base taxable value for calculation of the TIRZ Revenues is $0.

EXHIBIT I
FORM OF TAX CERTIFICATE

This Tax Certificate is executed and delivered by the City of Hutto, Texas (the “City”) in connection with the execution and delivery of the Installment Sale Contract, dated as of __________, 2018 (the “Agreement”), entered into between Public Finance Authority, a unit of government and a body corporate and politic of the State of Wisconsin, including its Designated Successors and Assigns (the “Authority”) and the City. The representations of facts and circumstances and covenants of the City made herein are in furtherance of the covenants of the Borrower set forth in Section 7.01 of the Agreement.

ARTICLE 1

1.2 Delivery of the Agreement. On the date hereof, the City and Authority have executed and delivered the Agreement.

1.3 Purpose of Tax Certificate. The City is delivering this Tax Certificate to Orrick, Herrington & Sutcliffe LLP, as bond counsel (“Bond Counsel”) to the Authority, with the understanding that Bond Counsel will rely in part upon this Tax Certificate in rendering its opinion that interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended. Bond Counsel has relied on this Tax Certificate in advising that the Agreement is a “tax-exempt bond” within the meaning of Section 148(b)(3)(A) in the Code the interest on which is excluded from gross income for federal income tax purposes and which is not subject to the federal alternative minimum tax.

1.4 Purpose of Financing. The Agreement is being executed and delivered to finance, construct and acquire certain Public Improvements (the “Project”), as further described in Exhibit B of the Agreement.

1.5 Single Issue; Separate Issue. No other governmental obligations which are expected to be paid out of substantially the same source of funds as in the Agreement have

ARTICLE 2

GENERAL TAX LIMITATIONS

2.1 Governmental Bond Status.

2.1.1 No Private Loan. Absent an Opinion of Counsel, the City will not loan more than 5% of the Gross Proceeds to one or more Nongovernmental Persons other than in their roles as members of the general public and will not loan more than 5% of the Gross Proceeds to any Nongovernmental Persons unless such loan enables the City to finance a specific essential governmental function, such as the Project, and such loan is paid with the proceeds of a governmental assessment of general application.

2.1.2 Compliance with Certain Federal Tax Rules Relating to Assessment Districts. The City certifies that the Assessments which are being levied in connection with the Agreement and the Bonds is an enforced contribution that is being imposed and collected for the purpose of raising revenue to pay for the capital costs of the Public Improvements that comprise the Project. The Assessments are being imposed and collected pursuant to a state law of general application that is applicable equally to natural persons not acting in a trade or business and to persons acting in a trade or business. Owners of both business and nonbusiness property benefiting from Project are eligible (or required) to make deferred payments of the Assessments, through the payment of an allocable portion of debt service on the Agreement, on an equal basis, and such deferred payments of the Assessments are payable pursuant to the same terms for all persons subject to the Assessments.

2.1.3 No Private Activity Bonds. Absent an Opinion of Counsel, the City will not allow more than 10% of the Gross Proceeds or of the Project to be used directly or indirectly by any Nongovernmental Person in any trade or business, other than as a member of the general public. For purposes of the preceding sentence, “10%" is reduced to “5%” for nongovernmental use of any facilities financed from proceeds of the Bonds which are disproportionate to or not related to the governmental purposes of the Agreement. Absent an Opinion of Counsel, for purposes of this Section 2.1, the term “use” means any activity or activities which constitute a trade or business or group of trades or businesses, including any unrelated trade or business of a Nongovernmental Person. The term “use” shall include any contract for the management or operation of any portion of the Project unless such contract meets the requirements of Revenue Procedure 97-13, as modified, including by Revenue Procedure 2017-13.
2.2 **Change in Use.** The City reasonably expects to own and use the Public Improvements that are financed by the Agreement as set forth in Section 2.1 of this Tax Certificate for the entire stated term of the Agreement. Absent an Opinion of Counsel, the City in fact will not sell or otherwise transfer ownership the Public Improvements or fail to use the Public Improvements financed by the Agreement as set forth in Section 2.1 of this Tax Certificate.

2.3 **Registered Form.** The Agreement is being issued to the Authority and it is not transferable.

2.4 **Federal Guarantee.** The City will not directly or indirectly use or permit the use of the Project or any other funds of the City or any related party or take or omit to take any action that would cause the Agreement to be an obligation that is “federally guaranteed” within the meaning of Section 149(b) of the Code. In furtherance of this covenant, the City will not allow the payment of the Installment Payments to be guaranteed (directly or indirectly) in whole or in part by the United States or any agency or instrumentality thereof.

2.5 **Information Reporting.** The City will cause a properly completed and executed IRS Form 8038-G to be filed with respect to the Bonds no later than December 15, 2018.

2.6 **Retention of Records.** The City covenants to maintain all records relating to the requirements of the Code and the representations, certifications and covenants set forth in this Tax Certificate until the date three years after the termination of the Agreement, which may be extended or modified from time to time. The records that must be retained include, but are not limited to:

(a) Basic records and documents relating to the Project (including the Agreement, this Tax Certificate and the opinions of Bond Counsel relating to the Agreement and Bonds);

(b) Documentation evidencing acquisition of the Project;

(c) Documentation evidencing the use of the Project by public and private sources (i.e., copies of management contracts, research agreements, leases, etc.);

(d) Documentation evidencing all sources of payment or security for the Installment Payments; and

2.7 **Allocation of Proceeds.** For purposes of governmental use, the City will allocate amounts that are not proceeds of a tax-exempt borrowing to portions of the Project expected to have private business use (if any) using a reasonable and consistently applied accounting method, including allocating such amounts to discrete portions of the Project (for example, based on actual costs, total space, or fair market value), or on the basis of an undivided portion allocation, or other reasonable method.
ARTICLE 3

ARBITRAGE GENERAL

3.1 Reasonable Expectations. This Article 3 states the City’s reasonable expectations with respect to the Agreement and the Installment Payments and certain other moneys.

3.2 Funds and Accounts. Pursuant to the Agreement, the City will cause the Assessment Fund to be established and maintained with respect to the Installment Payments.

The City does not expect that either it or any other person benefiting from the execution and delivery of the Agreement will use any moneys in any fund or account, other than the Bona Fide Debt Service Funds, to pay principal of or interest on the Installment Payments; nor is any other fund or account, [except the Reserve Fund,] however established, so pledged as security for the Bonds that there is a reasonable assurance that amounts held in such other fund or account will be available if needed to pay debt service on the Bonds.

3.3 Debt Service Funds.

3.3.1 Payment of the Installment Payments. The Installment Payments are special obligations of the City payable from Assessment Revenues, which are revenues received and collected by the City from the collection of Annual Installments of Assessments (excluding Delinquent Collection Costs, and Administrative Expenses), fifty (50) percent of EDC Tax revenues received on sales within the boundary of the District (“EDC Revenues”), and Tax Increment collected annually from the Property and deposited into the Tax Increment Fund dedicated to the Public Improvements in the Plan and transferred to the Assessment Fund each year (the “Zone Revenues”).

3.3.2 Revenues. All Assessment Revenues are to be collected and deposited to the Assessment Fund and applied as provided in the Agreement. A portion of the Tax Increment shall also be transferred annually to the Assessment Fund. Installment Payments are expected to be derived from Assessments levied pursuant to the Service and Assessment Plan during the term of this Agreement from the Zone Revenues and the from EDC Revenues. The Annual Installments of the Assessments applicable to each Parcel will be reduced each year by a portion of the Zone Revenues received by the Reinvestment Zone Number One, City of Hutto, Texas and a portion of the EDC Revenues received by the Hutto Economic Development Corporation. Current Assessment Revenues together with EDC Revenues and Zone Revenues are expected to equal or exceed the Installment Payments during each payment period. Therefore, all amounts transferred to and from the Assessment Fund in respect of the Installment Payments are expected to be derived from current revenues.

3.3.3 Match Between Revenues and Debt Service. The Assessment Fund (and the accounts therein) and Tax Increment Fund (to the extent amounts therein are transferred to the Assessment Fund to pay Installment Payments) (collectively, the “Bona Fide Debt Service Funds”) will be used primarily to achieve a proper matching of revenues and debt service within each Bond Year. Such funds in the aggregate will be depleted at least once a year.
except for a carryover amount not to exceed the greater of the earnings on such funds for the immediately preceding Bond Year or 1/12th of the principal and interest payments on the Bonds for the immediately preceding Bond Year. Amounts contributed to such funds will be spent within thirteen months after the date of such contribution, and any amounts received from the investment or reinvestment of monies held in such funds will be expended within one year after the date of accumulation thereof in any such fund. To the extent the provisions of this Section 3.4.3 are satisfied, amounts in the Bona Fide Debt Service Funds will be invested without regard to yield.

3.4 No Other Replacement Proceeds. None of the Bond Proceeds, which will be used to finance the Project being acquired pursuant to the Agreement, will be used directly or indirectly to replace funds of the City or any related person, which funds are or will be used directly or indirectly to acquire Investment Property reasonably expected to produce a yield that is materially higher than the yield on the Bonds. The weighted average maturity of the Bonds [____ years] does not exceed 120% of the expected weighted average economic useful life of the Project.

3.5 No Abusive Arbitrage Device. The Agreement is not and will not be part of a transaction or series of transactions that (a) enables the City or any related person to exploit the difference between tax exempt and taxable interest rates to gain a material financial advantage and (b) overburdens the market for tax exempt obligations in any manner, including, without limitation, by selling bonds that would not otherwise be sold, or selling more bonds, or issuing bonds sooner, or allowing bonds to remain outstanding longer, than otherwise would be necessary.

3.6 No Expected Sale. It is not expected that the Project or any part thereof financed in whole or in part by the Bonds will be sold, transferred, or otherwise disposed of before [date], the last scheduled Installment Payment Date.

ARTICLE 4

ARBITRAGE – YIELD AND YIELD RESTRICTION

4.1 Yield. Yield on the Installment Payments has not been computed at this time. If yield is required at a future time, the City will consult with Bond Counsel.

ARTICLE 5

REBATE

5.1 Undertakings. Pursuant to the Agreement, the City has covenanted to comply with certain requirements of the Code. The City acknowledges that the United States Department of the Treasury has issued regulations with respect to certain of these undertakings, including the proper method for computing whether any rebate amount is due the federal government under Section 148(f) of the Code. (Treasury Regulations Sections 1.148-1 through 1.148 11, 1.150 1 and 1.150 2.) The City further acknowledges that the United States Department of the Treasury may yet issue additional regulations with respect to certain other of
these undertakings. The City covenants that it will undertake to determine what is required with respect to the rebate provisions contained in Section 148(f) of the Code and said regulations from time to time and will comply with any requirements that may apply to the Agreement. The City will cooperate with the Authority so as to allow the Authority to comply with its rebate obligation.

5.2 Recordkeeping. The City shall maintain or cause to be maintained detailed records with respect to each Nonpurpose Investment attributable to Gross Proceeds, including: (a) purchase date; (b) purchase price; (c) information establishing fair market value on the date such investment became a Nonpurpose Investment; (d) any accrued interest paid; (e) face amount; (f) coupon rate; (g) periodicity of interest payments; (h) disposition price; (i) any accrued interest received; and (j) disposition date. Such detailed recordkeeping is required to facilitate the calculation of the Rebate Requirement.

5.3 Rebate Requirement Calculation and Payment. In the event the City is required to prepare or cause to be prepared a calculation of Rebate Requirement, the City will consult with Bond Counsel.

5.4 Filing Requirements. The City will file or cause to be filed such reports or other documents with the Internal Revenue Service as are required by the Code.

5.5 Retention of Firm. The City has decided to undertake its rebate obligations as follows:

The City initially has retained the firm of Bond Logistix LLC to perform rebate calculations that may be required to be made from time to time with respect to the Agreement.

The City initially has retained the firm of _______ to perform rebate calculations that may be required to be made from time to time with respect to the Agreement.

The ______________________ of the City has undertaken full responsibility for performing rebate calculations that may be required to be made from time to time with respect to the Agreement.

The City has decided not, at this time, to designate a party responsible for performing rebate calculations that may be required to be made from time to time with respect to the Agreement and as a result undertakes and assumes full responsibility for rebate compliance and acknowledges that neither bond counsel nor the Trustee has any such responsibility (unless later engaged in writing for such purpose).

The City has determined that under no circumstances will it earn any arbitrage subject to rebate with respect to the Agreement.
ARTICLE 6

OTHER MATTERS

6.1 Expectations. The undersigned is an authorized representative of the City acting for and on behalf of the City in executing this Tax Certificate. To the best of the knowledge and belief of the undersigned, there are no other facts, estimates or circumstances that would materially change the expectations as set forth herein, and said expectations are reasonable.

6.2 Amendments. Notwithstanding any other provision of this Tax Certificate, the City may amend this Tax Certificate and thereby alter any actions allowed or required by this Tax Certificate if such amendment is signed by an authorized officer and is supported by an opinion of counsel to the effect that such action (or inaction) will not adversely affect the exclusion of interest on the Installment Payments from gross income for purposes of federal income taxation.

6.3 Post-Issuance Compliance Procedures. The City hereby covenants to comply with certain requirements of the Code relating to the Rebate Requirement as discussed in Article 5 herein, and relating to private use of the Project. The City intends to comply with these requirements, including, if necessary, the retention of a qualified rebate analyst or other experts. The City hereby adopts Tax Compliance procedures which are attached hereto as Exhibit A and hereby affirms the applicability of these procedures to the Agreement.
6.4 Survival of Defeasance. Notwithstanding any provision in this Tax Certificate or the Agreement to the contrary, the obligation to remit the Rebate Requirement, if any, to the United States Department of the Treasury and to comply with all other requirements contained in this Tax Certificate shall survive defeasance of the Bonds.

GENERAL

Ultimate responsibility for all matters relating to the City’s financings and re-financings rests with the City’s [position].

POST-ISSUANCE COMPLIANCE REQUIREMENTS

Those requirements and procedures shall include future compliance with applicable arbitrage rebate requirements and all other applicable post-issuance requirements of federal tax law throughout (and in some cases beyond) the term of the Obligations.

The Director of Finance and other appropriate City personnel also shall consult with bond counsel and other legal counsel and advisors, as needed, following issuance of the Obligations to ensure that all applicable post-issuance requirements in fact are met. This shall include, without limitation, consultation in connection with future contracts with respect to the use of Obligation-financed assets and future contracts with respect to the use of output or throughput of Obligation-financed assets.

Whenever necessary or appropriate, the City shall engage expert advisors (each a “Rebate Service Provider”) to assist in the calculation of arbitrage rebate payable in respect of the investment of Obligation proceeds.

If a City resolution provides for Obligation proceeds to be administered by a trustee, the trustee shall provide regular, periodic (monthly) statements regarding the investments and transactions involving Obligation proceeds.

- upon request, the Director of Finance and other appropriate City personnel shall provide to the Rebate Service Provider additional documents and information reasonably requested by the Rebate Service Provider;

- the Director of Finance and other appropriate City personnel shall monitor efforts of the Rebate Service Provider and assure payment of required rebate amounts, if any, no later than 60 days after each 5-year anniversary of the issue date of the Obligations, and no later than 60 days after the last Obligation of each issue is redeemed; and

- during the construction period of each capital project financed in whole or in part by Obligations, the Director of Finance and other appropriate City personnel shall monitor the investment and expenditure of Obligation proceeds and shall consult with the Rebate Service Provider to determine compliance with any applicable exceptions from the arbitrage rebate requirements during each 6-month spending period up to 6 months, 18 months or 24 months, as applicable, following the issue date of the Obligations.

The City shall retain copies of all arbitrage reports and trustee statements as described below under “Record Keeping Requirements”.

Use of Obligation Proceeds

The Director of Finance and other appropriate City personnel shall:

- monitor the use of Obligation proceeds, the use of Obligation-financed assets (e.g., facilities, furnishings or equipment) and the use of output or throughput of Obligation-financed assets throughout the term of the Obligations (and in some cases beyond the term of the Obligations) to ensure compliance with covenants and restrictions set forth in applicable City resolutions and Tax Certificates;

- maintain records identifying the assets or portion of assets that are financed or refinanced with proceeds of each issue of Obligations;

- consult with Bond Counsel and other professional expert advisers in the review of any contracts or arrangements involving use of Obligation-financed facilities to ensure compliance with all covenants and restrictions set forth in applicable City resolutions and Tax Certificates;
• maintain records for any contracts or arrangements involving the use of Obligation-financed facilities as might be necessary or appropriate to document compliance with all covenants and restrictions set forth in applicable City resolutions and Tax Certificates;

• meet at least annually with personnel responsible for Obligation-financed assets to identify and discuss any existing or planned use of Obligation-financed assets or output or throughput of Obligation-financed assets, to ensure that those uses are consistent with all covenants and restrictions set forth in applicable City resolutions and Tax Certificates.

All relevant records and contracts shall be maintained as described below.

WHEREAS, the EDC collects certain sales taxes on applicable sales within the City of Hutto ("City"); and

WHEREAS, the proceeds of the collection of sales taxes by the EDC are intended to be used for economic development to benefit the City; and

WHEREAS, the co-op project described in the Amended and Restated Master Development Agreement dated May 18, 2018 between the City and 420 US 79, Ltd. ("Development Agreement") for development of the project ("Co-Op Project") is a mixed-use project in the center of the City intended to provide economic benefits and general improvements for the benefit of the citizens of the City; and

WHEREAS, the type of economic development in the Co-Op Project includes commercial retail, parks and residential development to encourage employment and the public welfare which fit within the purposes of the EDC; and

NOW, THEREFORE, the parties agree as follows:

1. Payment of Certain Funds. EDC agrees that funds determined based on a formula of fifty (50) percent of sales tax revenues received on sales within the boundary of the District shall be paid to the City for use to benefit District as and when sales tax proceeds are received by the EDC.

2. Time of Payment. Funds are received from the Texas Comptroller at the end of each calendar quarter. Within thirty (30) days after receipt of funds from sales taxes collected within the Co-Op Project, the EDC shall determine the amount of funds to be paid to the District and deposit the funds into a designated account designated by the City to offset assessments levied by the District as more fully described in the District’s service and assessment plan (the “SAP”). 6. **Entire Agreement.** This Agreement contains the entire agreement between the parties as it pertains to payments to be made by EDC for the District and the conditions for such payments. This Agreement may only be amended, altered or revoked by written instrument signed by the parties hereto.
