Consideration and possible action on a resolution authorizing the City Manager to expend up to $130,000.00 for safety and necessary improvements to Fritz Park.

Anthony Host, Engineering Project Manager, presented a resolution to authorize the City Manager to spend up to $130,000.00 for safety and necessary improvements to Fritz Park. The funds are needed to purchase a net to run along Highway 79 to block any balls hit over the fence from the field. Also covered are funds needed to extend the existing field turf and soil to accommodate 13 and 14 year old youth baseball and softball, men’s, women’s, and co-ed softball. The funds also include the price of signage.

Councilmember Grimm expressed irritation that the City is still spending money to improve Fritz Park, but agrees that the money needs to be spent to mitigate any damages from potential lawsuits resulting from a ball being hit onto Highway 79.

Councilmember Valdez is okay with the cost of the net, but is not in agreement with the other costs to improve the field.

Councilmember Killough stated the need to make the improvements to the field are necessary because we promised the baseball leagues a field to play on and we have not done so.

Mr. Host stated the improvements would open up the field to tournament play which will create revenue for the City.
