PLEDGE OF ALLEGIANCE

Mayor Gaul led the Pledge of Allegiance and the Texas Pledge.

PUBLIC COMMENT

Ed Pride, 101 Cottonwood Drive – Mr. Pride remarked that it is difficult to find someone to run for City Council because of comments made in public forums regarding former councilmembers and their families. He also called for the resignation of Councilmembers Turner and Grimm and possible recall petitions to remove them from office.

Rudy Perez, 218 Cloud Road – Mr. Perez wants the Council to table the decision regarding the mowing contract. He feels the City should hire local businesses instead of sending our tax dollars to El Paso or Georgetown. Also, after the cable and gas lines are installed a sidewalk
needs to be installed from Mager Lane to FM 1660. It is unsafe to walk along the street in the gutter.

**COUNCIL COMMENT**

Councilman Nate Killough wanted to recognize Assistant City Manager Helen Ramirez for all of her hard work and dedication to the City of Hutto. He remarked that she will be greatly missed.

Odis Jones, City Manager, presented Helen Ramirez with a certificate of appreciation for her dedication to improving the City of Hutto and all the hard work she has put in over the past four years.

Helen Ramirez – this was a difficult decision for her to make. She really loves Hutto. She thanked Odis for the opportunity he gave her and praised the staff for their professionalism and how they truly care about the City.

Mayor Gaul announced that the City is planning on burying a time capsule at the new City Hall and is asking the citizens of Hutto to provide items representative of the City’s history.

**CITY MANAGER COMMENTS**

7A. Presentation of proposed local government software solution, i Compass.

Lisa Brown, City Secretary, presented an overview of an agenda software that will improve agenda preparation. A comparison was made of seven agenda programs. A few of features the compared included: compatibility with Swagit, track changes, workflow/email notification, customization, searchable history, in program annotation, the ability to drag and drop items, digital voting, minutes preparation, board tracking, contract tracking and public information requests, and one-click publishing. The program that met all of the requirements was i Compass.

i Compass will reduce agenda preparation time, allow for quick updates, allow for adding last minute documents, eliminate the use of Dropbox, eliminate the need for separate public information request software, track contract preparation, track board member terms and much more.

The program is not currently budgeted but is recommended for inclusion in the next fiscal year’s budget.

Councilman Scott Rose asked if the City would be able to use the program for a 30 day trial – an inquiry will be made.

Councilwoman Terri Grimm had a question regarding the accessibility of the annotation feature – any notes made using the annotation feature are only viewable by the individual making the notes.

Mayor Gaul wanted to know what other cities are using the program – a list will be provided.
Councilwoman Grimm was skeptical of demo videos that are provided. She was assured that the video prepared by the sales representative was prepared specifically for the Council and reviews the software from the perspective of the Council, staff and the public.

7B. Discussion regarding the upcoming transition of City offices to the New City Hall.

Allison Hosgood, Executive Director of Organizational Development and at the end of the month. Human Resources, presented an overview of the upcoming move of city offices. Development Services/Engineering will move first, current City Hall employees second and the Library last. The move will begin February 26th and be completed and City operations resumed by March 4th. The first City Council meeting in the new City Hall will take place on March 7, 2019.

8B. Consideration and possible action on a resolution authorizing the City Manager to execute a contract with Abescape Group for mowing and grounds maintenance services.

Councilwoman Turner wanted more information as to why there was a $20,000.00 budget overage with this contract.

Matt Rector, Executive Director of Engineering and Public Works, advised the Council that additional property was added and the requirements stipulated in the contract were elevated (i.e., documentation that the work was done, increased acreage to be mowed). The previous contract expired and the contractor stated they were not going to bid 1) because of other commitments, 2) the increased requirements, and the increased scope.

The contract was also reduced from a 12 to 9 month contract because there are times of the year when it is not necessary to mow. All 50 properties must be mowed on a bi-weekly schedule.

Councilwoman Grimm wanted to know the reasoning for choosing Abescape when the score cards were so similar – M. Rector stated you have to look at the overall quality of the proposed services of the provided that when comparing the bids. The lesser proposal is not always the best. The best value of the companies is based off the paperwork and recommendations. It is a one-year contract that can be terminated if the contractor is not meeting the expectations of the contract.
Councilwoman Grimm was still concerned about the $20,000.00 overage. Mr. Rector pointed out that the budget goes from October to September and the contract runs from July to June.

Edena Atmore, Assistant City Manager, explained that contract overlaps two fiscal years so the funds need for the remainder of the year will be appropriated from this year’s budget and the remainder of the budget will be accounted for and funded in next year’s budget.

Motion: Councilmember Killough made a motion to accept the contract for Abscape Group as written. Councilwoman Grimm seconded the motion.
