ITEM: Consideration and possible action on the first reading of an ordinance rescheduling the first regular meeting of the Hutto City Council for the Month of July 2019. (City Attorney)

STRATEGIC GUIDE POLICY: Quality of Life & Services

ITEM BACKGROUND:
The July 4th holiday coincides with the first regularly scheduled council meeting in the month of July. There are two options for rescheduling the meeting.

Simple Solution - The Thursday, July 4th meeting is moved to Wednesday July 3rd.

Domino Solution - The Thursday, July 4th meeting moves to Thursday, July 11th (giving only one week to the next regularly scheduled meeting). If you decide to move July 18th to give us two weeks between meetings, then this date moves to July 25th. If we move to July 25 and don’t want a week between meetings, then the August 1st meeting moves to August 8th. And two weeks later would move the August 15th meeting to August 22nd. September and subsequent meetings would be normal.

ITEM BACKGROUND:
On July 7, 2018, the City Council approved Ordinance O-18-07-05-8B that changed the terms of service of the boards, commissions and corporation members to be realigned to match those of the council places and terms. Transition to new terms for current board and commission members can be reappointed to the new terms based on the new expiration terms, or new appointments can be recommended during a council meeting in July. CITY OF HUTTO
CITY COUNCIL AGENDA

AGENDA ITEM NO.: 13B.  AGENDA DATE: April 04, 2019

PRESENTED BY: Michel Sorrell

ITEM:
Consideration and possible action concerning a settlement agreement with Manville Water Supply Corporation. (Michel Sorrell)

STRATEGIC GUIDE POLICY: Fiscal Responsibility

ITEM BACKGROUND:
On May 1, 2003 the City entered into a long-term agreement with Manville to provide treated water to Hutto for forty (40) years. Under this contract the City was required to pay for a minimum of 500,000 gallons per day, also referred to as a take-or-pay contract. Anything over the 500,000 gallons per day was subject to a 20% premium charge. At $4.20 per 1000 gallons this was costing the City over $766,500 on average the last three years. Over a forty year time frame this comes to almost $31 million dollars.

After meetings with Manville concerning contract negotiations the City and Manville have formulated a beneficial solution for both parties. The new contract will be an ‘as needed’ contract for fifteen (15) years. The City of Hutto will take 200,000 gallons per day as a reserve capacity. The City may take up to 820,000 gallons per day, if needed. The cost will be $3.50 per thousand gallons instead of the $4.20 per thousand gallons. The city will pay roughly $250,000, not the $766,500. With the new agreement the City saves approximately $516,500 per year and over the life of the original contract saves the City upwards to $13 million dollars. Not only does the City benefit from the savings on the contracted demand, but the City can take up to 600,000 gallons per day without the 20% premium charge, and in total take up to 820,000 gallons with the average subject to the premium charge. The additional 100,000 gallons in capacity at no premium keeps the City whole cost-wise and provides additional water capacity for the City’s growing needs.

The benefit of the newly negotiated contract comes down to two things: over the life of the original contract at the new terms, the City saves approximately $13 million, in addition, the City gains the utilization of more water at the regular rate instead of the 20% premium as required in the prior contract. This is a win-win for both parties and ensures that growth for the area is supplied with water, a much needed commodity.

BUDGETARY AND FINANCIAL SUMMARY:
The new contract not only saves a significant amount of money over the life of the contract, but extends the capacity of water the City can receive before paying the premium. The City will pay a one-time amount of $100,000 to settle the new contract once it is executed.
