Their main concerns are theft, robberies and other criminal activities, increased traffic through the neighborhood, later hours of operation, loitering, negative affect on property value, and negative representation of their community. Public Hearing; Resolution; Sale of the “River’s Edge Lagoon” Parcel Thereon Designated as Tax Map Parcel Number: 15b(02)01-011-A with a Cumulative Total Acreage of 1.6 Acres Located Off of Buxton Street, Prince George, Virginia. Mr. Dickie Thompson of the Utilities Department stated that the County is the owner of a parcel of land with improvements thereon designated as Parcel Number: 15B(02)01-011-A with a cumulative total acreage of 1.6 acres located on the west side of Buxton Street in the Rivers Edge Subdivision. P-2. Public Hearing; Special Exception; Taxidermy Shop. Mr. Douglas Miles, Zoning Administrator, stated that the applicant is proposing to operate a taxidermy workshop within the attached garage of his home. The business will be conducted by appointment only for drop off and pickup orders placed with the applicant. There will be no animal parts, equipment, or anything associated with the business stored outside or be visible to the surrounding neighbors. There have been no issues with the surrounding neighbors with this proposed use nor any building code or zoning violations on record at this property. This request was brought forward during his 2017 Business License renewal by the Commissioner of the Revenue’s Office. The 2014 Comprehensive Plan Update identifies this area as appropriate for residential uses. The Special Exception request would permit the use provided that the applicant maintains the residential home as his primary residence and the residential dwelling as a residential land use. The subject property is located on Courthouse Road (SR 106) is zoned R-2, Limited Residential and is identified as 5555 Courthouse Road. The surrounding properties are zoned R-2, Limited Residential and R-A, Residential Agricultural and they either contain single-family dwellings or are vacant. The proposed use requires that the site’s access from SR 106, Courthouse Road, meet VDOT’s requirements for a low volume commercial entrance. The acquisition of a Land Use Permit is required before any work can be done in the VDOT right of way. The Planning Commission and Staff recommends Approval of the Special Exception to permit a home professional and trade office to operate a taxidermy shop use provided that there is no impact on the surrounding property owners. Staff has proposed recommended conditions to ensure that this land use complies with all Federal, State and County Code requirements: (1) This Special Exception is granted for a taxidermy shop as licensed by the State of Virginia issued to Dennis Spagnoulo of True2Life Taxidermy LLC and is not transferable and does not run with the land; (2) The hours of operation will be Monday through Thursday from 7:00 a.m. until 5:00 p.m. by appointment and Saturday and Sunday 9:00 a.m. until 5:00 p.m. by appointment. There will be a four (4) square foot non-illuminated sign posted out at the driveway entrance stating: True2Life Taxidermy with a phone number and with a website address; (3) There will be no outside storage permitted nor a trash dumpster or trash cans containing animal parts only normal household waste stored onsite for regular trash service pick-up. The customers will be required to dispose of excess animal parts or waste themselves; (4) This Special Exception shall become null and void if the use of a taxidermy shop is abandoned for a period of twenty-four (24) consecutive months; and (5) This Special Exception may be revoked by Prince George County or by its designated agent for failure by the applicant to comply with any of the listed conditions or any provision of federal, state or local regulations. Chairman Robertson opened the public hearing at 7:41 p.m. There was no one to speak and the public hearing was closed. Mr. Carmichael made a motion, seconded by Mr. Hunter, to approve the special exception as presented. Roll was called on the motion.

P-3. Public Hearing; Special Exception for an Assembly Building on Ruffin Road. Mr. Carmichael read the following conflict of interest statement: I am currently employed by Perkinson Construction, Inc., in a position in which I perform a variety of duties at work sites both in Prince George County and in other locations. I make a salary in excess of $5,000. As a salaried employee of Perkinson Construction, under the Virginia Conflict of Interests Act, I have a prohibited “personal interest in a transaction” if I were to participate in any matter before the Board that might affect Perkinson Construction. Accordingly, I am publically declaring that I have a conflict of interest in Item P-3 relating to a Special Exception for an assembly building on Ruffin Road requested by Ambrusta Development, LLC, because the LLC has an ownership and operational connection with the owners of Perkinson Construction and, therefore, will not participate as a Board member on this item in any manner. Mr. Miles, Zoning Administrator, stated that the applicants are proposing to operate an assembly hall use for weddings, family reunions, festivals and similar indoor assembly hall receptions and outdoor events on the grounds. The proposed days and hours of operation on site are Tuesday through Thursday Noon to 9:00 pm; Fridays from 2:00 pm to 11:00 pm and Saturdays and Sundays 9:00 am until 11:00 pm. They are currently constructing a new barn to be used for special occasions and/or festivals with the average number of guests ranging from 100 to 150 persons per on site event. They have added ornamental trees and shrubs and additional site screening with new evergreen trees on the site. The 2014 Comprehensive Plan identifies this area as appropriate for commercial and village center land uses located in the Ruffin Road (SR 106) and Prince George Drive (SR 156) area. The subject property is zoned R-A, Residential Agricultural (with R-2 corridor zoning) and it contains a single family dwelling and agricultural buildings. The properties to the north and east are zoned R-A and contain single family dwellings or are vacant. The properties to the west contain an assembly hall and a convenience store in the B-1, General Business Zoning District. The property to the south is zoned B-1 and M-2, General Industrial for a new truck terminal use. The Virginia Department of Transportation (VDOT) has indicated that the proposed use will require a VDOT commercial entrance. Commercial entrances must be paved and they shall meet other criteria such as acceptable sight distances. The Planning Commission and Staff recommends Approval of the proposed assembly hall use provided that the impact upon the surrounding property owners is minimal. Staff has proposed recommended conditions to ensure that this use complies with all Federal, State and County Code requirements: (1) This Special Exception is granted for an Assembly Hall use to Ambrusta Development LLC (Mark and Terri Perkinson) and is not transferable and it does not run with the land on Tax Map 240(0A)00-115-0; (2) The applicants will be required to provide staffing for private parking and proper traffic circulation purposes with event personnel clearly marked as “Event Staff” for safety reasons. The Prince George County Police Department shall be notified at least thirty (30) days prior to each Assembly Hall event; (3) Any temporary food service carts, portable toilets and hand washing stations that may be used for events shall be approved by the State Health Department for the assembly hall events. Proper litter control measures shall be put in place at the assembly hall events with the use of both trash containers and recycling bins; (4) The Assembly Hall days and hours of operation shall be Tuesday through Thursday from Noon to 9:00 pm; Fridays from 2:00 pm to 11:00 pm and Saturdays and Sundays 9:00 am until 11:00 pm; (5) One (1) non-illuminated sign no greater than four (4) square feet may be placed for directional purposes near the driveway entrance and outside of the VDOT right-of-way; (6) The applicants shall take the appropriate measures to ensure compliance with the County Noise Ordinance of the Code of the County of Prince George, as adopted, and as enforced by the Police Department; (7) The applicants shall have all required State permit approvals that may include a VDOT Commercial
Entrance Permit, a Virginia Department of Health – Office of Drinking Water (ODW) permit and all local permits before the use of the assembly hall building; (8) This Special Exception shall become null and void if the use of an assembly hall is abandoned for a period of twenty-four (24) consecutive months; and (9) This Special Exception may be revoked by Prince George County or by its designated agent for failure by the applicant to comply with any of the listed conditions or any provision of federal, state or local regulations. Mr. Perkinson answered a few questions from the Board, including catered food service and outdoor noise. Chairman Robertson opened the public hearing at 7:55 p.m.

Mr. N.A. Sanford (3600 River Road, Prince George). Mr. Sanford spoke in favor of this project and said that he thought it would greatly benefit the County.

Ms. Becky McDonough (Hopewell/Prince George Chamber of Commerce). Ms. McDonough stated that the Chamber has several large events throughout the course of the year. She said that they have had to go outside the County for these types of events. She is very excited to have this opportunity to hold their events at this venue in the County.

Ms. Tammy Perryman (9876 Kanak Drive, Prince George). Ms. Perryman’s family used to own this property and stated that she is happy that someone bought the farm and is doing something great with it.

ORDER OF BUSINESS
A-1. Discussion and Possible Approval of Inducement Agreement for Broadband. Mr. Jeff Stoke, Deputy County Administrator, stated that 61% of all businesses in Prince George County, VA are home-based businesses. Small and medium size businesses with greater high-speed internet use grow faster than those with less high-speed internet. Enhanced educational opportunities (dual enrollment, complete homework, check grades/lunch account) and furthers workforce development (online training & job search) which supports economic development in Prince George County. Availability of secure, reliable, competitive and sustainable broadband infrastructure is essential to meet citizen’s needs. Broadband is either not present (coaxial cable), not affordable (wireless systems), or not reliable (satellite service) in rural areas. Lack of broadband is the number one complaint of Prince George County residents. Prince George Electric Cooperative (PGECE) has established a Fiber-To-The-Home (FTTH) pilot project on West Quaker Road and Prince George Drive to test the business model for providing residential/commercial broadband service. The next step would be extending the service in phases throughout the County. The fiber subsidiary created by PGECE, PGECE Enterprises, LLC, is undercapitalized in order to build FTTH connections in the rural community due to the distances between homes/businesses. PGECE Enterprises, LLC is requesting a grant from the Authority of $1,000,000 to help cover the overhead costs for this project. The Prince George County Board of Supervisors would allocate $1,000,000 from taxable bond proceeds to the Prince George County Industrial Development Authority. The Authority would establish a Broadband Expansion Grant in the amount of $1,000,000 and enter into a contract with the County and PGECE to award the funds. The term of the agreement would be four years. Phase I will include 500 new subscriber connections from execution of agreement. Pilot project homes do not count towards 500 goal. PGECE may continue connections beyond 500 at any time. Customers shall be within 1,000 feet of a VDOT road. At a minimum, 25 Mbps download and 3 Mbps upload. PGECE shall ensure that there is no degrading of broadband service to customers during the term of this Agreement. System will use fiber optic cable. There will be no limit on data usage. PGECE will return to the Authority $2,000/connection for each connection not completed, under the 500 subscription target, after four years. Within sixty (60) days of the execution of this agreement, PGECE shall provide to the Authority a broadband installation plan for installation of the Fiber Backbone, in substantial conformity with the proposed map. The broadband installation plan shall include, but not be limited to, the locations where PGECE proposes to install broadband infrastructure, the types of materials proposed to be used, and the capacity and lifespan of the materials. PGECE shall provide documentation to the County and the Authority annually, beginning July 1, 2018 and continuing through July 1, 2021, verifying new subscribers to broadband service with a minimum of one-year subscriptions each. In the event of a sale or assignment of PGECE Enterprises, LLC to any person, firm or corporation prior to PGECE’s fulfillment of its obligations under the terms of this agreement, such sale or assignment shall be made expressly subject to all terms of this agreement. PGECE will construct and make available fiber optic cable connections to all public structures and facilities owned or operated by the County that are within one thousand (1,000) feet of Fiber Backbone including, but not limited to schools, libraries, parks and recreation facilities, fire stations, and wireless communications towers. Internet service charges for these facilities shall be at the commercial rate. In addition, PGECE will construct and make available to the County’s Central Wellness Center, the Prince George Emergency Crew Building, the Burrowsville Volunteer Fire
Department and the Burrowsville Community Center internet service at the residential internet service rate (currently $82/month with leased router) during the term of this agreement. At such time as PGECE has satisfied in full all of the requirements of it under the terms of this agreement, the rate for internet service to the County’s Central Wellness Center, the Prince George Emergency Crew building, the Burrowsville Volunteer Fire Department and the Burrowsville Community Center shall be at the PGECE commercial internet rate. Mr. Mike Milandro of Prince George Electric Cooperative addressed several questions and concerns of the Board, including the subsidiary’s management board, the use of the $1 million upfront, proof of membership and regular updates, the possibility of half of the money upfront, and insurance. The Board expressed concern with approving $1 million of the Industrial Development Authority’s funds upfront. However, they realize that this is the only way they will get broadband in that area for the citizens. Mr. Hunter made a motion, seconded by Mr. Webb, to approve the agreement as presented. Roll was called on the motion.

A-4. Resolution; Award of Contract; Parks and Recreation Community Center Parking Lot. Ms. Betsy Drewry, Finance Director, stated that parking lot improvements for the Prince George Community Center (Old North) were approved as part of the 2016 Budget and CIP Process. The original estimate obtained totaled just under $80,000, and $80,000 was appropriated for this project as part of a General Fund Transfer to CIP in FY2016 (as part of the adopted FY2016 budget). Plan design and engineering work was performed by Bowman Consulting. The cost of work performed by Bowman to date totals $26,132.10, with another $1,003+ anticipated (Total $27,135.10+). The scope of this project was broadened from the
original plan. A bio-retention area had to be added to comply with stormwater management requirements. The original estimate also did not address any soil conditions associated with building on the closed lagoon site. To address safety concerns, lighting and electrical work was added to the scope of the project as well. The expanded scope, stormwater management and soil challenges had a significant bearing on the pricing of this project. Once plans were completed, IFB 17-0327-1 was issued on March 27, 2017 with a closing date of April 17, 2017. Four responses were received, with one bidder withdrawing (lowest bid), as that responder did not include pricing on full specifications (required elements not included). Three valid responses remained after this withdrawal, including Ellis Construction ($205,000), Perkinson Construction ($222,750), and JR Caskey ($273,500). The original budget was $80,000. The expected total expenditure on Plans & Engineering 27,136 and the cost of lot construction with the lowest bidder is $205,000. This leaves a budget shortfall of $152,136. Staff is recommending an award contract for the Community Center parking lot project to Ellis Construction in the amount of $205,000, authorizing the County Administrator to sign the contract. This would also require the authorization of a budget transfer and appropriation from General Fund Contingency to CIP to cover projected project deficit of $152,136. Chairman Robertson talked to Keith Rotzoll, Director of Parks and Recreation, regarding the need for the designated amount of lots. Ms. Julie Walton, Director of Community Development, addressed the shrubbery requirements because of a bio-retention area. Mr. George Poulson, Director of General Services, addressed questions regarding the contractor.

Because Perkinson Construction is one of the three lowest bidders, the County Attorney recommended that Mr. Carmichael recuse himself from this matter. Mr. Carmichael read the following statement: I am currently employed by Perkinson Construction, Inc., in a position in which I perform a variety of duties at work sites both in Prince George County and in other locations. I make a salary in excess of $5,000. As a salaried employee of Perkinson Construction, under the Virginia Conflict of Interests Act, I have a prohibited “personal interest in a transaction” if I were to participate in any matter before the Board that might affect Perkinson Construction. Accordingly, I am publicly declaring that I have a conflict of interest in Item A-4 relating to an award of contract for the Parks and Recreation Community Center parking lot.

Mr. Webb made a motion, seconded by Mr. Skalsky to approve the resolution as presented awarding the contract to Ellis Construction. Roll was called on the motion.

RESOLUTION; AWARD OF CONTRACT $205,000 AND BUDGET TRANSFER AND APPROPRIATION ($152,136 COMMUNITY CENTER PARKING LOT PROJECT)

WHEREAS, On March 27, 2017 an Invitation for Bid (IFB #17-0327-1) was advertised by the Finance Department to obtain pricing for the Community Center Parking Lot Project. The bid closed on April 17, 2017 with four responses. The lowest valid bid was in the amount of $205,000 and was received from Ellis Construction; and

WHEREAS, Only $52,864 is available in the appropriated CIP budget for this project leaving a budget shortfall of $152,136; and

WHEREAS, Staff is requesting the Board of Supervisors consider and approve a budget transfer and appropriation from General Fund Contingency to cover the projected budget deficit of $152,136; and

WHEREAS, Staff is requesting authorization for the County Administrator to enter into a contract with Ellis Construction in the amount of $205,000 to move forward with the Community Center Parking Lot Project.

NOW, THEREFORE, BE IT RESOLVED That the Board of the Supervisors of the County of Prince George this 23rd day of May, 2017, hereby awards the bid for the Community Center Parking Lot Project to Ellis Construction in the amount of $205,000; AND BE IT
RESOLVED That the Board of Supervisors of the County of Prince George this 23rd day of May, 2017, does hereby authorize a budget transfer and appropriation of $152,136 from General Fund Contingency within the 2016-2017 Budget, such line items increased as follows, which monies shall be expended for purposes authorized and approved by the Board of Supervisors of the County of Prince George:
