REPORTS

Update on Legislative Redistricting Maps - Mr. Steve Micas, County Attorney gave an update on the General Assembly Redistricting and the 2020 Census. Historically the General Assembly has always drawn the election districts from which Senators and Delegates are elected. About a year ago, the Federal Courts held that the plan for the election districts in Virginia was unconstitutional because it basically packed minorities into districts to create super majority minority districts. The General Assembly tried to pass a redrawn districting map and the Federal Court said no. They are going to basically bring in a magistrate from California who has now redrawn the election districts in Virginia. Republicans have appealed but no one knows at this time if it will be heard. He reviewed the current districts in comparison to the new districts that may affect the June 2019 Primaries as well as the November elections. In terms of the 2020 Census, Mr. Micas April 1, 2020 is the “Magic Census Day.” The results will be received in December of 2020 for elections in 2021. The new law allows removal of the prison population from local redistricting. However, Fort Lee residents that were undercounted in 2010 can be picked up in 2020.

A-8. Presentation of FY20 Budget. Mr. Percy Ashcraft, County Administrator, stated that ultimate approval of the annual Budget is seen as the most important action taken by the Board of Supervisors. The Budget serves as a financial roadmap for what programs and services are offered in Prince George County. The Budget is balanced in accordance to State code and is proposed to reflect accurate revenues and expenditure projections with the best information that is available at the time of presentation. Furthermore, it is proposed to continue providing a high level of service to the citizens and businesses of Prince George County. Prince George County for FY ‘18 reported on time its financial data required by its auditor Robinson, Farmer, Cox. As a result, an unqualified opinion was given by the auditing firm. Prince George County’s AA plus bond rating was reaffirmed in March of 2017. All financial policies approved by the Board of Supervisors were adhered to in FY ‘18, and recommendations in the FY ’20 Budget were determined with all policies in mind. The Finance Department for calendar year 2018 received the Certificate of Achievement for Excellence in Financial Reporting for the Comprehensive Annual Financial Report for the fiscal year ending June 30, 2017. Staff continues to recommend to the Board of Supervisors the keeping of Fund Balance above 15 percent, even though the percentage requirement was reduced to 12.5 percent from 15 in 2015. The Fund Balance reported in the FY ’18 audit was 22.6 percent. The projection for FY ’19 is 16.6 percent. The forecast for June 30, 2020 is 15.4 percent. This drop in percentage relates to the separation of approximately $2.3 Million in Stormwater Fund bond proceeds and activities for FY ’19. Additionally, the Board of Supervisors approved use of $254,000 in Fund Balance for FY ’19 to assist the School Division with health insurance and approved another appropriation of $654,380 to repay an outstanding school Utility loan. No Fund Balance will be used to balance the General Fund for FY ’20.

Calendar year 2018 was another dynamic 12 months for Prince George County. An aggressive Staff agenda was endorsed by the Board of Supervisors, and a multitude of goals were accomplished in every area of government. The costs for the proposed salary increases are $399,869 to the General Fund. An increase of 11.7 percent is requested for increase in costs to employee health insurance. The County will absorb the increase and no increase in premiums will be passed along to the employees. An additional $197,746 is included in the General Fund to cover claims and fixed costs. A contribution is included for the Virginia Cooperative Extension Office at $83,490. This amount supports local 4-H and other agricultural activities.

The FY ’20 Budget includes funding for first responders in the Fire & EMS Department and the Police Department. The Fire & EMS Budget is proposed at $3,246,758, a 13.4 percent increase over FY ’19. The Police Department Budget is proposed at $5,931,441, a 5.2 percent increase over FY ’19. Also included is $400,000 of debt issuance for Police and Sheriff vehicle replacements. Volunteer Fire and Rescue companies will receive a combination of $4,130,015 from direct County contributions and those distributed by the Fire & Rescue Administration Budget. This amount is partially comprised of an estimated $3,246,758 distributed through Fire & Rescue Administration, $316,452 in contributions to fire companies in the form of Fire Company budgets. Combined spending is $428,130 more than in FY’19. $23,783 of this increase is attributable to SAFER grant spending planned for FY ‘20 (Federal Funding plus local match). An estimated amount of $123,000 will be appropriated equally to the Fire Companies in the fall of 2019 for Fire Programs Funds. The County is also funding $25,780 to cover the mandate by the General Assembly for coverage for the Volunteer Fire & EMS and Auxiliary Police relative to the Line of Duty Act. The Length of Service Awards Program (LOSAP) is a benefit provided to fire volunteers for length of service to the County. The fund is budgeted based on an actuarial study and is administered by Hometown Insurance Agency. The contribution budgeted for FY’20 is $135,000. Volunteer Fire & EMS companies also receive the amount of two cents on the real estate tax rate in an Apparatus Replacement Fund. The amount for FY ’20 pledged to debt service from those two cents is $337,463. Another $162,537 will be transferred to the Capital Improvement Fund for Apparatus to equate to two cents of the real estate tax, or $500,000.

The single most dramatic change in the Budget from FY ‘19 to FY ‘20 is the expenditures to the Riverside Regional Jail. Increases in the daily population, coupled with declining jail revenue, have created the need for an increased Prince George County contribution of $676,886, or 50% over last year. The proposed contribution to Riverside Regional Jail is based on a recommended daily per diem of $43 per day. The per diem must be approved by the full board of the Riverside Regional Jail. In addition, contributions to the Crater Youth Care Commission are expected to rise by $40,068 or 15.7 percent over FY ’19. The Department of Social Services is funded at 3.89 percent of total Budget expenditures. The local portion is $876,575. Also proposed is $1,960,000 to cover expenses related to the Comprehensive Services Act, of which $623,173 is the required local match. The increase in Comprehensive Services Act
spending is $690,000 or 54.8 percent. The Board of Supervisors has also requested to reinstate the five-person Social Services Board to oversee operations. Currently, the County Administrator is the Social Services Board. This historically was the way the department operated up until about 15 years ago. The County participates in the VJCCCA (Virginia Juvenile Community Crime Control Act) program. One local employee oversees juvenile home monitoring and juvenile community service programs. A total of $89,682 is included for this program for FY ’20. The County receives state funding of $32,775 and $36,907 is the budgeted local contribution.

The Board of Supervisors will consider borrowing funds on March 12 to complete another round of borrowing for various capital projects. The adopted Budget includes limited one-time equipment purchases, but there are no major capital purchases recommended. Staff will review the Capital Improvements Plan before next year to review the capacity to borrow and new revenue that might be needed. For FY ’20, $400,000 in tax-supported debt issuance is proposed for Law Enforcement Vehicle Replacements. Very little capital spending in the operating budget is proposed due to the magnitude of our Riverside Regional Jail increase. Capital and Vehicle Spending proposed as part of the operating budget totals $160,761. There is also $300,000 included to continue maintenance projects to County buildings and grounds.

Proposed County-wide Debt Service payments and contributions to reserves for debt service are at levels similar to FY ’19. Total proposed debt service payments are $7,987,412; $62,145 less than the FY’19 adopted amount. The proposed General Fund transfer to Debt is $7,160,506; $62,589 less than FY ’19. This slight reduction is primarily attributable to a drop in the amount of the final debt payment for Series 2014E - Fire Apparatus. An increased General Fund contribution to the CIP fund offsets this reduction, and makes the $0.02 Real Estate Tax contribution to fire apparatus whole. Debt is broken down into five categories: County Tax Supported, County Stormwater, Economic Development, School and Utilities. Utilities, County Stormwater, and Economic Development have specific revenue streams which support debt related to these activities. County Tax Supported and School debt are supported by the General Obligation of the County and relies completely on the tax dollar.

The Prince George County Public Utilities Department is an enterprise fund charging fees for services rendered in an amount great enough to cover its own expenses. Revenues are primarily generated through user fees and connection charges. General Fund tax dollars are typically not used to fund the annual operating expenses of the department. Each year the County reviews the utilities fees to ensure that the on-going fees are sufficient to cover the continuity of its operations. There are no increases proposed in utilities fees for FY 2020. FY 2020 includes an increase of $243,690 in expenditures from the FY 2019 budget. This increase is primarily due to the continuation of capital project expenditures and contributions for capital maintenance. Revenues to offset the additional expenditures are expected through additional utility customer accounts as well as funds from Utility cash reserves. The FY 2020 adopted budget includes $1,530,862 for projects related to the expansion of utilities and the repair or replacement of existing utility infrastructure. The total proposed Utilities Budget for FY 2020 is $8,522,196; $6,816,894 net of inter- fund transfers.

Growth in the real estate revenue is projected at $760,000 or 3.4 percent. The proposed Budget contains no increase in any local tax rate or fee. The real estate rate remains at 0.86 cents per $100 of assessed value. Other increases in revenue include $100,000 in personal property, which is garnered from an increase in book values and proration that was adopted by the Board of Supervisors in 2014.

Economic Development is fully supported by Meals Tax charged in the County. The total budget is $1,125,000. The Department of Economic Development will pay $385,916 in debt related to the construction at Crosspointe Centre. The Board of Supervisors is being requested to compensate members of the Industrial Development Authority for its service similar to other boards and commissions that have been approved by state law. The Tourism Fund is supported by a local lodging tax charged to hotel inhabitants in the County. Of the five percent tax, two percent remains in the General Fund and the remaining three percent is transferred to the Tourism Fund which is specifically designated to promote Tourism activity in the County. The FY ’20 budget projects $440,000 in revenue from this lodging tax to be specifically dedicated to the Tourism Fund. The County’s annual contribution to the Prince George County Heritage Center
remains at 7.5 percent of the lodging tax ($33,000) and assists with funding daily operations. Funds have been set aside for contributions to the Petersburg Area Regional Tourism $38,500 and to the Hopewell-Prince George Chamber Visitor’s Center $46,440. Also included in the Tourism Fund budget are $149,490 for debt service on the I-95 Exit 45 water system and $14,000 for maintenance of improvements made at Exit 45.

In conclusion, the proposed Budget for FY ’20 is balanced in accordance with State financial principles and those policies adopted and adhered to by the Board 7 of Supervisors. There will be no local tax or fee increases. There will be Increases in contributions to the Riverside Regional Jail are $2,031,776, $676,886 (50%) over FY ’19. This budget funds the Public School Division at $16,687,651, which is determined from a revised Memorandum of Understanding adopted by the Board of Supervisors in 2019. It funds $7,160,506 in debt retirement and contributions to debt reserves. It funds volunteer programs at $5,732,720, which includes direct contributions from the County; funds through the Department of Fire & EMS budget; SAFER grant amounts; and special programs such as Line of Duty Act and Length of Service Awards Program. This budget provides funding for the Comprehensive Services Act at $1,950,000, with $623,173 the required local match for CSA. The increase in Comprehensive Services Act spending is $690,000 or 54.8 percent. It reinstates the five-person Social Services Board to oversee operations in lieu of the County Administrator. It adds compensation for the Industrial Development Authority Board. It includes no funding for capital projects except $400,000 for law enforcement vehicles and recommends $160,761 for equipment in the General Fund. It includes funding for Utility capital projects in the amount of $1,530,862. It proposes two additional positions are requested, contingent on additional Compensation Board funding and one reclassification is recommended. There will be an increase of $197,746 is included in the General Fund for employee health insurance premiums. A total of $399,869 is recommended for employee salary increases, including partially funding Phase 2 of the recent Salary Study. It continues to fund a career development program with five additional departments added in FY ’20. This budget provides for $300,000 approved for building maintenance. Lastly, it keeps the Fund Balance at 15.4 percent, above the 12.5 percent mandated by policy established by the Board of Supervisors. Mr. Ashcraft thanked Finance Director Betsy Drewry; Accounting Supervisor Lori Robertson; Financial Reporting Accountant Ashley Talmage and Deputy County Administrator Jeff Stoke for their assistance in putting this document together. County Staff values board member input provided at our budget work sessions and the continued dialogue through the budget adoption process. We look forward to another year of success and sound fiscal management in FY ’20.
